The Brown Act provides an opportunity for members of the public to directly address the Commission on any item of interest to the public, before or during the Commission's consideration of the item. If you wish to speak regarding an agenda item, please fill out a speaker's slip and give it to the minutes clerk who will forward it to the Chairman.

Electronic Media: Electronic media which members of the public wish to be used during any public comment period should be submitted to the Planning Division at least 24 hours prior to the meeting at which it is to be shown.

The electronic media will be subject to a virus scan and must be compatible with the City's existing system. The media must be labeled with the name of the speaker, the comment period during which the media is to be played and contact information for the person presenting the media.

The time necessary to present any electronic media is considered part of the maximum time limit provided to speakers. City staff will queue the electronic information when the public member is called upon to speak. Materials shown to the Commission during the meeting are part of the public record and may be retained by the City.

The City of Escondido is not responsible for the content of any material presented, and the presentation and content of electronic media shall be subject to the same responsibilities regarding decorum and presentation as are applicable to live presentations.

If you wish to speak concerning an item not on the agenda, you may do so under "Oral Communications" which is listed at the beginning and end of the agenda. All persons addressing the Historic Preservation Commission are asked to state their names for the public record.

Availability of supplemental materials after agenda posting: Any supplemental writings or documents provided to the Historic Preservation Commission regarding any item on this agenda will be made available for public inspection in the Planning Division located at 201 N. Broadway during normal business hours, or in the Council Chambers while the meeting is in session.

The City of Escondido recognizes its obligation to provide equal access to public services to individuals with disabilities. Please contact the A.D.A. Coordinator, (760) 839-4643, with any requests for reasonable accommodation, at least 24 hours prior to the meeting.

K. COMMISSIONER COMMENTS

L. ADJOURNMENT TO NEXT REGULARLY SCHEDULED HPC MEETING April 7, 2015

CITY OF ESCONDIDO

**MINUTES OF THE REGULAR MEETING OF THE
ESCONDIDO HISTORIC PRESERVATION COMMISSION**

December 2, 2014

The meeting of the Historic Preservation Commission was called to order at 3:05 p.m. by Vice-chair Rea, in the City Council Chambers, 201 North Broadway, Escondido, California.

Commissioners present: Commissioner Taylor, Commissioner O'Boyle, Commissioner Spann, Vice-chair Rea, Commissioner Brietenfeld, and Commissioner Danskin.

Commissioners absent: Commissioner Lee.

Staff present: Rozanne Cherry, Principal Planner; Paul Bingham, Assistant Planner; Loretta McKinney, Director of the Library and Community Services; and Ty Paulson, Minutes Clerk.

Commissioner Taylor introduced himself to the Commission.

MINUTES:

Moved by Commissioner Spann, seconded by Commissioner O'Boyle, to approve the minutes of the October 7, 2014 meeting. Motion carried. Ayes: O'Boyle, Spann, Rea, and Danskin. Noes: None. Abstained: Brietenfeld and Taylor. (4-0-2)

WRITTEN COMMUNICATIONS: Received.

ORAL COMMUNICATIONS:

Ashley Ellers, 519 East 9th Avenue, Escondido, expressed her concern with the City requiring her to take out the driveways as part of constructing a detached garage and being in the OEN. She stated that the driveways had always existed and removing them would adversely impact the aesthetics of the property as well as require altering the retaining wall on the property.

Vice-Chairman Rea directed Ms. Ellers to staff and asked staff to agendize a discussion item related to the guidelines for driveways in the OEN.

PUBLIC HEARINGS:

1. GRAPE DAY PARK MASTER PLAN & PLAYGROUND DESIGN – CASE NO. PHG 13-0029

REQUEST: Provide comments regarding Master Plan for future improvements of Grape Day Park including a playground expansion. Grape Day Park with the structures along Heritage Walk is a significant historic resource and designated as a Local Landmark.

Loretta McKinney, Director of the Library and Community Services, and Doug Grove, RHA Architects, provided an overview of the Grape Day Master Plan and requested input.

Vice-chair Rea asked if there was a tree replacement plan. Mr. Grove noted that the City had an existing tree study that identified which trees would be removed that could be incorporated into the Master Plan.

Commissioner O'Boyle was opposed to removing the trees around the City fountain, noting her view that they enhanced the views from City Hall.

Commissioner Taylor suggested that the design take into consideration water conservation as well as the architecture representing Escondido's past, present, and future.

Commissioner Spann was in favor of retaining as many mature trees as possible, noting his view that they enhanced the beauty of the park. He was opposed to extending the train track and was in favor of the wood-stamped concrete around the train depot. He then asked if the water features would recycle into one water reservoir, noting his concern for possible maintenance issues. Mr. Grove replied in the affirmative.

Commissioner Brietenfeld liked all of the activities being brought into the park. She felt any trees being planted should be California native and drought tolerant. She was also in favor of the new pool facility.

Commissioner Danskin asked if the City had provided input regarding the maintenance required after final build out. Mr. Grove replied in the affirmative and noted that all of the irrigation and lighting would be upgraded as part of the plan, which was the main item regarding maintenance.

Commissioner Danskin asked if the lighting would be energy efficient. Mr. Grove replied in the affirmative and noted that all of the lighting would be LED.

Commissioner Danskin suggested enhancing the Pennsylvania connection. He was in favor of the interactive playground equipment. He expressed concern with the platform near the train depot and suggested looking at creating a green space element. He suggested developing a tree replacement master plan with consistent trees as well as a midblock connection near the Children's Museum. He also asked if food carts had been discussed. Mr. Grove replied in the affirmative and provided an overview of the proposed location.

Commissioner Danskin felt Pavilion No. 7 should be relocated adjacent to its proposed location in order to maximize green space.

CURRENT BUSINESS:

1. DESIGN REVIEW – Case No. ADM 14-0199

Request: Approval of an entry cover addition and door changes to an 1890 Italianate brick cottage. Property is a Local Register/Mills Act and is within the OEN.

Location: 637 South Juniper Street

Vice-chair Rea and Commissioner Taylor recused themselves from Item 1.

Paul Bingham, Associate Planner, described the property and briefly covered its history. Staff recommended approval of the entry cover addition and door changes.

Commissioner Spann asked if the rooflines would remain the same. Mr. Bingham replied in the affirmative.

Carl Conte, Applicant, noted that the roof was completed. He also indicated that he would not be changing any of the siding.

Commissioner Brietenfeld asked what the reason was for installing the railing. Mr. Conte noted that they wanted to restore it back to the original design.

Commissioner O'Boyle asked what material would be used for the railing. Mr. Conte stated that he would like to use wood spindles that were era appropriate.

Commissioner O'Boyle, Commissioner Danskin, and Mr. Conte discussed the proposed doors and windows.

Mr. Bingham noted that many of the past additions done in the past, while now historic, were not Italianate architecture in nature.

Commissioner Danskin suggested creating access to the porch.

ACTION:

Moved by Commissioner Spann, seconded by Commissioner Danskin, to approve staff's recommendation. Motion carried unanimously.

2. CITY COUNCIL ACTION REGARDING HISTORIC RESOURCE APPLICATION FEES & INCENTIVES: Requested by Vice-chair Rea

Rozanne Cherry, Principal Planner, referenced the memorandum from the Director of Community Development whereby the City Council rescinded the processing fees for Certificates of Appropriateness, Mills Act contracts, and Local Register projects as well as modifying the historic incentives. She also noted that this would be worked into a handout for the front counter at City Hall.

Vice-chair Rea thanked staff for their help. She then asked the Commission if they concurred with sending a letter of thanks from the Commission. The Commission concurred.

3. DESIGN REVIEW – Case No. ADM 14-0202:

Request: Approval of proposed site and façade improvements for a wedding cake bakery business relocating into the Old Wayside Shops building within the Historic Downtown district.

Location: 345 West Grand Avenue.

Withdrawn.

4. MILLS ACT WORK GROUP – REPORT/DISCUSSION: Requested by Vice-chair Rea.

Vice-chair Rea referenced the recommendations from the Ad Hoc Mills Act Committee with regard to the processes and letters and requested input. They felt Mills Act properties should continue to be contacted from oldest contract to

most recent at a rate of 5 per month and given 3 weeks to respond. Second letters with a 10-day response time would go out thereafter.

Commissioner O'Boyle questioned what steps would be taken for Mills Act property owners that were not adhering to the scheduled maintenance list. Mrs. Cherry noted that the inspection was based upon the Mills Act list but also provided an opportunity to educate and provide information to the owner. She also asked if they could request to modify the list.

Mr. Bingham noted that there had been occasions when a new homeowner of a Mills Act property found other items needing to be addressed that were not on the contract's original improvement list. These could be included in an amendment and brought to the Commission for approval.

Commissioner Spann expressed his concern with Commission members being viewed as Code Enforcement representatives during inspections after a second letter was sent. Mrs. Cherry noted that if the property owner did not respond to the second letter the Mills Act group could inspect from outside the property line.

Vice-chair Rea noted that the inspection check-off list was there to make it easier to check off items of concern during the inspection and help provide documentation for the future.

Mrs. Cherry asked if the check-off list would be provided to the homeowner. Vice-chair Rea replied in the affirmative, noting that it might help with the educational process. Mrs. Cherry suggested refining the list to be more homeowner friendly.

Commissioner Danskin felt it would be beneficial to provide some educational material and FAQs with the first Mills Act letter. He also suggested changing the word "responsibility" to "obligation" in the letter. Mrs. Cherry noted that staff might have some additional comments after reviewing the Mills Act letter. She also concurred with adding some educational material in the first letter.

Commissioner Danskin suggested creating another letter after the inspection had occurred in order to memorialize the inspection.

Vice-chair Rea felt the check-off list should be used for each Mills Act inspection in order to create consistency.

Commissioner Danskin suggested creating a post inspection letter thanking the homeowner. He also felt the inspection package should be consistent.

Commissioner Brietenfeld asked if new room additions were included in the Mills Act Contracts. Mr. Bingham replied in the negative.

The consensus of the Commission was to create a follow-up thank you letter, and to change the name of the check-off list to something more homeowner friendly such as "Historic Property Checklist".

5. **AWARDS WORK GROUP – REPORT/DISCUSSION:** Requested by Vice-chair Rea

Mrs. Cherry noted that staff needed potential nominations as soon as possible. She stated that nominations could be emailed to staff, which would be put on the agenda.

Commissioner O'Boyle suggested creating a residential award outside of the OEN, noting there were some great Weir brother properties. Vice-chair Rea suggested focusing on adobe structures. Commissioner Spann suggested giving an award for the adobe structure located at 1556 South Escondido Boulevard.

ORAL COMMUNICATIONS: None.

COMMISSIONER COMMENTS:

Vice-chair Rea asked when there would be an election for chair. Mrs. Cherry noted staff would schedule this for the next meeting.

ADJOURNMENT:

The meeting was adjourned at 5:06 pm. The next regular meeting was scheduled for February 3, 2014, at 3:00 p.m.

Municipal governments use historic resource surveys to inform local designation, CEQA review, and neighborhood planning. However, many surveys are hitting their 30-year mark and fail to fully include significant historic sites or districts. This 75-minute session, followed by a 15-minute open forum and Q&A period will examine the process of digging out dusty resource surveys from the 70s, 80s, and 90s to fully include resources previously overlooked, particularly modernist structures or landscapes. Architectural historians with experience in updating surveys will weigh in, along with city staff from local governments that recently updated their old survey.

Learning Objectives

1. Determine the existing catalogue of resources in older surveys and quickly determine a broad view of the identified themes, periods, and styles
2. Re-evaluate the resources in older surveys with recent planning updates and broader cultural or geographic considerations in mind
3. Use updated methods – including the use of new technology – to update or augment existing surveys and manage data
4. Examine how a new or updated preservation ordinance can impact and inform how an updated resource survey is conducted

Draft Brochure

What to know when your home is part of a

Mills Act Contract

Whether you just recently entered into a Mills Act contract or your property had a Mills Act contract when you purchased it, or you've had your Mills Act contract for quite some time, we hope the information provided by this brochure is helpful to you.

Congratulations!

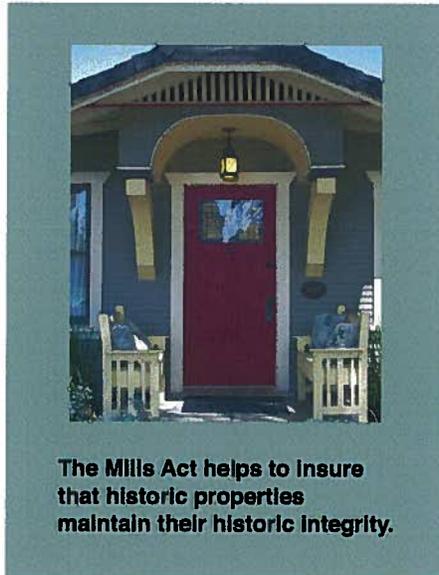

Congratulations on having a Mills Act contract for your historic property in Escondido. Entering this contract with the City of Escondido means that you have become part of a partnership to assure that your home or commercial building retains its historic integrity by reducing the amount of money you pay on your property taxes in order to help offset the costs of restoring and maintaining a historic property.

The Mills Act is a State law passed in 1972. Qualified properties include residential and commercial properties listed on the local, state or national historic register.

A Mills Act contract is in force for 10 years with automatic yearly extensions after the 10 year period. The contract stays with the property each time it is sold. Subsequent owners are bound by the contract and should contact the City of Escondido Planning Division to determine the rights and obligations the contract creates.

Property improvements are subject to Planning Division review and should be consistent with the Secretary of the Interior Standards for Historic Preservation. The City of Escondido is predominantly concerned with exterior, street-visible improvements.

Also part of the contract, the property owner agrees to periodic inspections of the property by officials from the Planning Department.

The Mills Act helps to insure that historic properties maintain their historic integrity.

If an owner does not comply with the terms of the contract a penalty of up to 12.5% of the current assessed value of the home may be assessed.

Both the owner and local government may cancel the contract by filing a "notice of non-renewal," which would allow the contract to stop its annual renewal and "wind down" over the next 10 years.

What about selling my property?

A Mills Act contract can be a selling point to a potential buyer because the property would not be reappraised at its full market value upon sale if the property was already under a historical contract.

How much of a savings does a Mills Act contract provide?

Although the contract is between the property owner and the City of Escondido, the Assessor's Office must determine the actual assessed value based on a formula established by state law, using the income that could be generated from the property.

Typically property owners receive a 20% to 60% savings on their property taxes. Under State law, the lesser of 1) the current market value, 2) the Proposition 13 value or 3) the restricted value based on the rents will be used to calculate your property taxes.

Unaware that the property you purchased has a Mills Act contract?

As the current owner of a property with a Mills Act contract, you are benefiting from reduced property taxes and obligated to abide by the contract's terms. You may, however, work with the Planning Department to modify the original list of improvements as needed.

If you no longer wish to have a property tax reduction, you may cancel the contract as mentioned previously.

Mills Act Visits

A provision of every Mills Act contract calls for periodic evaluations of the property owner's preservation efforts during a visit to the affected property.

When it is time for a visit, you will be notified by letter. A copy of the Mills Act improvements specified within your contract will be included with your letter for your review. You may consider revising the list of improvements as needed during a meeting with a representative from the Planning Division. Please respond to the letter promptly by calling to make an appointment for the evaluation visit. If you have any questions, we will answer them at that time. Every effort will be made to accommodate your schedule; two or three Historic Preservation Commissioners will meet you at your property and it will take less than an hour to complete the visit.

FREQUENTLY ASKED QUESTIONS – MILLS ACT VISITS

- 1. How long will a visit take?**
Most likely less than an hour
- 2. Who will be visiting?**
Two or possibly three members of the Escondido Historic Preservation Commission
- 3. What is the purpose of the visit?**
To meet with the property owner and evaluate the status of your contract and maintenance efforts as well as to share resource information with you.
- 4. What will the commissioners be looking at?**
They will be considering the physical condition of the listed structures, inside and out. They will be looking at general maintenance and improvements and can point out areas of concern and discuss ways to remedy any problems that could also affect your home's value to you and the community. They will also be able to explain the responsibilities and provisions under the Mills Act contract as well as to confirm that improvements listed therein are on schedule.
- 5. Will I be charged for this visit?**
No, there is no charge for a Mills Act inspection.

Maintaining Your Historic Property

Historic properties face a variety of enemies that place them at risk without continued maintenance. The property tax reduction you are afforded is intended to offset the costs associated with appropriate restoration and maintenance of your historic property. The greatest threats to a historic structure are weather, earth movement, vegetation, fire, water, and insects/rodents, although sometimes a problem is created by making inappropriate or unpermitted alterations. The following list can help you find and correct threats to your property before they become serious and more costly to deal with.

1. Foundation

- Cracking
- Water damage
- Dampness or wet spots
- Discoloration or stains
- Finish worn away by splashing or soaking
- Water draining toward the building

2. Wood Siding and Trim

- Cracked, split or missing siding
- Crumbling, flaking, blistering, peeling, or missing paint
- Inappropriate paint colors
- Water damage
- Dampness or wet spots on the exterior or interior
- Discoloration or stains
- Clinging vines or plants growing into structure
- Splitting, cracking, missing shakes or shingles
- Rodent or insect damage or evidence of presence

3. Masonry

- Deteriorating bricks or mortar
- Crumbling, cracking, missing chunks of brick or mortar
- Water damage
- Constant dampness or wet spots on the exterior or interior
- Discoloration or stains
- Finish worn away by splashing or soaking
- Crumbling, flaking, blistering, or peeling paint
- Exposed rebar

4. Stucco

- Cracks or bulges where the stucco has separated from the outer wall
- Crumbling, flaking, blistering, or peeling paint
- Exposed wire mesh

5. Roofs

- Water damage
- Constant dampness or wet spots
- Discoloration or stains on ceilings or walls
- Light shining through to the underside
- Missing or broken shakes, shingles, or tiles

6. Porches

- Permanent screens, clear or darkened glass, or other permanent enclosures

7. Doors

- Leaks of water or wind
- Caulking damaged
- Constant dampness or wet spots around the opening or frame
- Discoloration or stains on walls around window frame
- Crumbling, flaking, blistering, or peeling paint
- Rotting pieces of the sash or frame
- Replacement windows that do not match the original style of the building
- Missing, rusted, or broken hardware, cranks, hinges, locks

9. Gutters and Downspouts

- Loose or missing pieces
- Leaks, rust
- Debris or leaves
- Need paint
- Drains onto walls, trim, or foundation either directly from a downspout
- Grade allows water to flow toward the structure

10. Architectural Details/Ornaments

- At risk due to lack of paint
- Loose or missing pieces
- Replacement pieces that do not match the original style
- Inappropriate items added to create false sense of history

11. Chimney

- Cracks, damaged, or missing mortar or brick
- Spark arrestor if used or top screened to prevent access by birds or animals if not
- Leaning

12. Retaining Walls

Good to Know

Certificate Of Appropriateness

Are you preparing to do maintenance of your property that will include any modifications to the exterior? You will need a Certificate of Appropriateness (COA) issued by the Planning Division before you begin the work. It's necessary for the alteration, restoration, construction, removal, relocation in whole or in part, of a property on the Local, State, or National Register of Historic Places, or within a historical district (i.e., Old Escondido Neighborhood or in the Downtown Specific Planning Area).

A COA is required for any new construction, modification, and alteration that would affect the exterior appearance of a designated historical resource even when a building permit is not otherwise required. Such exterior modifications include, but are not limited to, repainting (even in the same colors), re-roofing, adding/modifying architectural details, porches, window replacement/additions, and fencing.

A COA is available at no charge and an application with further information is available to download from online at the City's Web site.

Beware - if you attempt to do the work without a Certificate of Appropriateness posted, stop work orders can be issued and other costs imposed. The COA is available at no charge to you and can incorporate more than one project; please take the time and effort to obtain one.

Thinking of Painting?

The paint color is probably the first thing that most people notice when looking at your historical property. While it may be considered "temporary," odds are that the color you choose will be there for several years, affecting the look of your structure as well as the feel of the neighborhood. The very best option is usually to do some research and paint a historic building its original color. If that's not possible, consider working with a professional colorist. If you're unable to hire a professional colorist to help you choose the perfect period-appropriate colors for your building, look into the historic palettes available from many paint companies. Contact the Planning Department to view their notebook of palettes from a range of time periods and paint companies. Then, make sure that you obtain a Certificate of Appropriateness for the colors you choose prior to the start of your work.

Thinking of Replacing Windows?

As stated by the National Trust for Historic Preservation, "The original windows of older and historic homes and buildings are what make them places that matter..."

Windows are character-defining features of any home. Everything from their size, placement, proportional relationship to the wall space, style, and materials contribute to how a building looks and feels."

Energy savings and sound-deadening are often touted as reasons to replace original windows with "new and improved" windows but a closer look at the facts will show that the loss to the historic integrity as well as the expense of replacing perfectly good windows doesn't pencil out. Never replace the windows in a property with a Mills Act contract before consulting with the Planning Division and applying for the required building permit.
