

# City of Escondido

## STORM WATER MANAGEMENT PLAN

This form must be submitted with all Construction Permit Applications

### SECTION 1. Required Information

Grading Permit Application Number:

Project Name:		Project address or location:	
APN #:			
Name of project contact:		Phone # of project contact:	
Estimated project start date:	Estimated project finish date:	Estimated grading start date:	Estimated grading finish date:

Estimated amount of disturbed acreage \_\_\_\_\_ acres (If equal to or greater than one (1) acre, you must also provide a WDID number from the SWRCB.) WDID \_\_\_\_\_

Are there any watercourses or waterbodies within 200 feet of the limits of soil disturbance? YES \_\_\_\_\_ NO \_\_\_\_\_

### SECTION 2. Best Management Practices

#### Best Management Practices

The goal of stormwater management planning is to reduce pollution to the maximum extent practicable by implementing Best Management Practices (BMPs). There are five categories of BMPs: 1) Erosion control practices, and; 2) Velocity reduction, and; 3) Sediment control practices, and; 4) Offsite sediment tracking control, and; 5) General site and materials management. BMPs from each of the five categories must be used together as a system in order to prevent erosion, sediment, wastes, spills, and residues from leaving the site. When properly implemented, monitored and maintained, BMPs will function to prevent pollutants (including sediment) from leaving the site. It is the responsibility of the property owner and the contractor to implement all necessary BMP's to comply with the Erosion Control Plan, City's Stormwater and Grading and Erosion Control Ordinances.

### SECTION 3. Certification

*The following certification must be signed before a Grading Permit will be issued.*

I have read and understand that the City of Escondido has been required to adopt minimum requirements for stormwater management of construction activities. I certify that I shall implement the BMPs required to effectively minimize the potentially negative impacts of this project's construction activities on stormwater quality. I further agree to install, monitor, maintain or revise the selected BMPs to ensure their effectiveness.

I agree to indemnify, defend and hold harmless the City and its officers, employees and agents from and against any and all liabilities, claims, actions, causes of action, proceedings, suits, administrative proceedings, damages, fines, penalties, judgments, orders, liens, levies, costs and expenses of whatever nature, including reasonable attorneys' fees and disbursements, arising out of any violation, or claim of violation of the San Diego Municipal Storm Water Permit (Order No. 2001-01), and updates, of the California Regional Water Quality Control Board Region 9, San Diego, which the City might suffer, incur, or become the subject by reason of or occurring as a result of or allegedly caused by the activities subject to this Plan.

I also understand that non-compliance with the City's Grading and Erosion Control Ordinance may result in enforcement by the City, including fines, cease and desist orders or other actions.

Property owner
