It is my understanding that I am responsible for arranging all utility construction for the above project as required by the Municipal Code and Subdivision Ordinance. In this regard, I have contacted the following utility company representatives to determine the requirements of each respective utility company:

<b>Company Representative</b>	<b>Utility Company</b>	<b>Address</b>	<b>Phone Number</b>
	San Diego Gas & Electric	571 Enterprise St. Escondido, CA 92029	(800) 660-7343

In addition, I will also make such arrangements as may be necessary to relocate any existing utility not shown, or incorrectly shown on the approved improvement plans which may be encountered during construction.
