Daley Ranch Volunteer Association presents "The Thin Green Line"

On August 16, 2008, the Daley Ranch Volunteer Association will host a volunteer recruitment program featuring, "The Thin Green Line." This is a story of the experiences of Park Rangers in state and national parks throughout the world—their successes and their heartbreaks. These Rangers literally put their lives on the line to protect and preserve the environment for future generations.

Park Ranger Sean Willmore interviewed and filmed the documentary in such prime areas as Canada, Uganda, India, America, Sweden, and Australia, to focus attention on the real challenges and dangers as well as the rewards of rangers. It's a "must see" film.

This exciting program will be presented, free of charge, at the Escondido Public Library's Turrentine Room, 239 S. Kalmia, in Escondido on August 16, 2:00 p.m. Refreshments will be served.
