Reidy Creek Golf Course's Anniversary Special Offer

The City of Escondido has a special offer for golfers in celebration of the sixth anniversary of the award-winning Reidy Creek Golf Course. For the month of October, Reidy Creek's Sixth Anniversary Special will offer discounted green fees of just \$12 per person Monday-Friday and just \$20 Saturday or Sunday, walking (cart fee optional). The offers are not valid for groups or tournament play and expire on October 31.

"We're hoping local residents who haven't enjoyed the experience of playing Reidy Creek will take advantage of our October offer and experience playing this unique course," said Gil Rojas, City of Escondido. "Reidy Creek has certainly been well received since its opening in 2002 and we're hoping for a huge response."

Reidy Creek Golf Course, located at 2300 North Broadway, is an executive 18 hole course that has earned numerous awards and recognition since its opening, with Golfweek Magazine, Southland Golf magazine and the Los Angeles Times all rating it one of the top executive courses in Southern California.

Reidy Creek is surrounded by rugged hills and grassy parkland in a rural Escondido setting. The challenging course plays through a natural valley, providing the golf course with a rolling terrain that ensures no two holes are alike, something rarely found on an executive golf course.

Golfers interested in making a tee time to play Reidy Creek can call the course at 760-740-2450 or go to www.jcgolf.com for additional information.
