MAYFLOWER DOG PARK TO REOPEN SATURDAY

Escondido city officials announced that Mayflower Dog Park, located at 3420 Valley Center Road, has been successfully disinfected and will reopen on Saturday, September 27 at 10:00 a.m.

The City is extremely grateful to L-3 Communications for their generous assistance in getting the park quickly ready to be reopened for public use.

Mayflower Dog Park has been closed since September 18 after it was determined that an abandoned dog left at the park had the parvo virus and subsequently died. L-3 Communications used a high tech disinfectant product called SteraMist to decontaminate the park at no cost to the City of Escondido.

###

Note to Editors: Representatives of L-3 Communications will be bringing their own dogs to the Dog Park on Saturday at 9:30 a.m. to demonstrate their confidence in their disinfection process.
