Comments

Honorable Mayor and City Council members, having observed the redistricting process for many months, I am very pleased with the map they have forwarded to you for your approval. I believe that Map 2E has been developed after the Redistricting committee listened to all of the input from the community and found what I believe is the best map that reflects the City's current population and its changed needs since our last redistricting map was developed in 2013. This map will give a voice to our agricultural community in District 2, our urban core in Districts 1 and 3 and our transportation corridor in District 4.

I want to thank the Commission, Jane and Zack for all their hard work, for listening to the community input and for creating such a fair and balanced map.

I urge you to vote to approve Map 2E.

Thank you,

Pam Albergo
