

DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT

HOUSING ELEMENT ANNUAL PROGRESS REPORT (APR) INSTRUCTIONS

INTRODUCTION

Note: Some instructions and definitions can be found in the column headers of the tables (cells with red markers). Government Code section 65400 requires that each city, county, or city and county, including charter cities, prepare an annual progress report (APR) on the status of the housing element of its general plan and progress in its implementation, using forms and definitions adopted by the Department of Housing and Community Development (HCD). The following form is to be used for satisfying the reporting requirements of Government Code section 65400, subdivision (a)(2).

These forms and instructions, originally adopted March 27, 2010, have been updated to incorporate new APR requirements pursuant to Chapter 374, Statutes of 2017 (Assembly Bill 879); Chapter 366, Statutes of 2017 (Senate Bill 35); and Chapter 664, Statutes of 2019 (Assembly Bill 1486).

How to submit the Housing Element Annual Progress Report (APR)

The APR must be submitted to the Department of Housing and Community Development (HCD) and the Governor's Office of Planning and Research (OPR) on or before April 1 of each year using the forms and tables specified by HCD. The APR provides information for the previous calendar year and must be submitted separately to both HCD and OPR (Gov. Code, § 65400.). There are two methods available for submitting APRs: 1. Online Annual Progress Reporting System - This allows jurisdictions to upload directly into HCD's database, limiting the risk of errors. To use the online system, email APR@hcd.ca.gov, and request login information for your jurisdiction. *Please note: Using the online system only provides the information to HCD. The APR must still be submitted to OPR. Their email address is opr.apr@opr.ca.gov.*

2. Email - Jurisdictions complete the Excel APR forms and submit to HCD at APR@hcd.ca.gov and to OPR at opr.apr@opr.ca.gov. When using the email method, send the electronic version as an Excel workbook attachment. Do not send a scanned copy of the tables. In addition to submitting Housing Element APRs, jurisdictions must also submit General Plan Annual Progress Reports to both HCD and OPR. Please email these documents to APR@hcd.ca.gov and opr.apr@opr.ca.gov.

[NOTE: When submitting successor entity reporting data as required pursuant to California Health and Safety Code 34176.1, the data must be identified as an addendum to the APR and emailed to \[APR@hcd.ca.gov\]\(mailto:APR@hcd.ca.gov\) concurrently with the APR submittal. When using the online system, this report should be sent separately to the APR email box to satisfy the Government Code section 65400 reporting requirement.](#)

DEFINITIONS

1. "Above moderate income" means households earning more than 120 percent of area median income.
2. "Annual Progress Report (APR)" means the housing element annual progress report required by Government Code section 65400 and due to HCD by April 1 of each year reporting on the prior calendar year's activities.
3. "Application submitted" means an application submittal that has been determined complete by the jurisdiction.
4. "Area Median Income (AMI)" means the median household income based on household size of a geographic area of the state, as annually updated by the California Department of Housing and Community Development (HCD), pursuant to Health and Safety Code section 50093.
5. "Certificate of occupancy date" is the date(s) the certificate(s) of occupancy, or other evidence of readiness for occupancy (e.g., final inspection, notice of completion), was/were issued.
6. "Committed Assistance" is when a local government has entered into a legally enforceable agreement
7. "Completed Entitlement" means a housing development or project which has received all the required land use approvals or entitlements necessary for the issuance of a building permit. This means that there is no
8. "Density Bonus" as defined in Government Code section 65915.
9. "Extremely low-income" means a household earning less than 30 percent of area median income pursuant to Health and Safety Code, section 50105.
10. "Infill housing unit" is defined as being a unit located within an urbanized area or within an urban cluster on a site that has been previously developed for urban uses, or a vacant site where the properties adjoining at least two sides of the project site are, or previously have been, developed for urban uses. For the purposes of this definition, an urbanized area or an urban cluster is as defined by the United States Census
11. "Locality" or "local government" means a city, including a charter city, a county, including a charter county, or a city and county, including a charter city and county.
12. "Lower-income or Low-Income" means a household earning less than 80 percent of area median income pursuant to Health and Safety Code, section 50079.5.
13. "Moderate income" means households whose income does not exceed 120 percent of area median income pursuant to Health and Safety Code, section 50093.
14. "Permitted units" mean units for which building permits for new housing construction have been issued by the local government during the reporting calendar year. For this purpose, "new housing unit" means housing units as defined by the Department of Finance for inclusion in the Department of Finance's annual "E-5 City/County Population and Housing Estimates" report, which is the same as the Census definition of a housing Note: Accessory dwelling units (ADU) and junior accessory dwelling units (JADU) pursuant to Government Code sections 65852.2 and 65852.22 meet the definition above.
15. "Production report" or "Annual Progress Report (APR)" means the information reported pursuant to subparagraph (D) of paragraph (2) of subdivision (a) of Section 65400 of Government Code.

16. “Project” or “Development” refers to a housing related activity where new construction of a unit(s) is proposed or has had a building permit and/or certificate of occupancy issued during the reporting calendar year. This may include single family, mixed use, multifamily, accessory dwelling unit, or any other developments where housing units, as defined by the U.S. Census Bureau and the California Department of Finance, are a component of the project.

17. “Realistic Capacity” means an estimate of the number of units that can be accommodated on each site in the inventory. The estimate must include adjustments to reflect land use controls and site improvement requirements but may rely on established minimum density standards.

18. “Reporting period” means the prior calendar year’s activities for the housing element annual progress report required by Government Code section 65400 and due to HCD by April 1 of each year and utilized to create the determination for which locality is subject to the Streamlined Ministerial Approval (SB35 Streamlining)

19. “RHNA” means the local government’s share of the regional housing need allocation pursuant to Government Code section 65584 et seq.

20. Unit Category: type of units that are classified under the following categories:

- **Single Family-Detached Unit (SFD)**- a one-unit structure with open space on all four sides. The unit often possesses an attached garage.
- **Single Family-Attached Unit (SFA)**- a one-unit structure attached to another unit by a common wall, commonly referred to as a townhouse, half-plex, or row house. The shared wall or walls extend from the foundation to the roof with adjoining units to form a property line. Each unit has individual heating and plumbing
- **2-, 3-, and 4-Plex Units per Structure (2-4)**- a structure containing two, three, or four units and not classified as single-unit attached structure.
- **5 or More Units per Structure (5+)**- a structure containing five or more housing units.
- **Accessory Dwelling Unit (ADU)** - means a unit that is attached, detached or located within the living area of the existing dwelling or residential dwelling unit which provides complete independent living facilities for one or more persons. It shall include permanent provisions for living, sleeping, eating, cooking, and sanitation on the same parcel on which the single-family dwelling is situated pursuant to Government Code section 65852.2. An ADU also includes the following: an efficiency unit, as defined in Section 17958.1 of the Health and Safety Code or a manufactured home, as defined in Section 18007 of the Health and Safety Code.
- **Mobile Home Unit/Manufactured Home** – a one-unit structure that was originally constructed to be towed on its own chassis. *Please note: Spaces in a mobile home park can be counted towards RHNA, if the spaces counted are new hook-ups/spaces rather than new mobile home park residents moving onto existing lots.*

21. “Very low-income” means households earning less than 50 percent of area median income pursuant to Health and Safety Code, section 50105.

AUTHORITY CITED: Government Code section 65400.

FORM INSTRUCTIONS

GENERAL INFORMATION

Fields in gray auto-populate. No data entry is needed.

Some of the cells are locked to ensure data can be automatically uploaded to the online system.

Tables A and A2 of the worksheet are currently configured to accept up to 1,000 lines of data. Insert rows if Projects are now tracked at all stages of development, from initial application to final certificate of occupancy. All dates must be entered as month/date/year (e.g., 6/1/2018).

The form works best with macros enabled in Excel.

Begin with the “Start Here” tab, as previous years’ information will pre-populate in Table B after the jurisdiction’s name is entered.

START HERE

Enter general contact and report information in the “Start Here” tab.

It is important to start with this worksheet because the answers entered will affect how information is displayed (e.g. permit numbers from prior years are pre-populated when jurisdiction’s name is entered).

Information to enter includes:

- City or County name
- Reporting calendar year (e.g., 2019). *Please note: The reporting year will always be from January 1 – December 31 of the previous year.*
- Contact person
- Title
- Email
- Phone
- Mailing address

This sheet includes instructions regarding submitting the Housing Element APR to HCD and OPR.

TABLE A

Housing Development Applications Submitted

Only include data on housing units and developments for which an application was submitted (and deemed complete) between January 1st and December 31st of the reporting year identified on the “Start Here” tab. In table A, an “application” is a formal submittal of a project for approval. This application is either an application for a discretionary entitlement, or where only a ministerial process is required (e.g., zoned by right), the application for a building permit.

Project Identifier: Include the Current Assessor Parcel Number (APN) and street address. The Prior APN, Project Name and Local Jurisdiction Tracking ID are optional.

- Prior APN – Enter an APN previously associated with the parcel, if applicable (optional field).
- Current APN – Enter the current available APN. If necessary, enter additional APNs in the notes section field number 10.
- Street Address – Enter the number and name of street.
- Project Name – Enter the project name, if available (optional field).
- Local Jurisdiction Tracking ID – This may be the permit number or other identifier (optional field).

2. Unit Types: Each development should be categorized by one of the following codes. Refer to “Unit Category” in the Definitions section for additional descriptions. Use the drop-down menu to select one of the following

- SFA (single-family attached unit)
- SFD (single-family detached unit)
- 2-4 (two- to four-unit structures)
- 5+ (five or more unit structure, multifamily)
- ADU (accessory dwelling unit)
- MH (mobile home/manufactured home)

3. Tenure: Identify whether the units within the development project are either proposed or planned at initial occupancy for either renters or owners. Use the drop-down menu to select one of the following options:

- Renter occupant (R) or
- Owner occupant (O)

4. Date Application Submitted: Enter the date the housing development application was determined complete by the local government (refer to “application submitted” under definitions). Enter date as month/day/year (e.g., 6/1/2018).

5. Proposed Units Affordability by Household Incomes: For each development, list the number of units proposed in the application by affordability level and whether the units are deed restricted or non-deed restricted. Refer to the Definitions section for additional descriptions:

Very low-income households: 0-50% AMI

Low-income households: 50-80% AMI

Moderate-income households: 80-120% AMI

Above-moderate households: above 120%

[To verify income levels, refer to the income limit charts on HCD’s website at http://www.hcd.ca.gov/grants-funding/income-limits/state-and-federal-income-limits.shtml](http://www.hcd.ca.gov/grants-funding/income-limits/state-and-federal-income-limits.shtml) (see section for Official State Income

6. Total Proposed Units by Project: This field auto-populates with the total number of units proposed, as entered in #5 (total of deed restricted & non-deed restricted units for Very Low-, Low-, Moderate- and Above Moderate- income households).

7. Total Approved Units by Project: Enter the number of units that the jurisdiction approved for this project application.

8. Total Disapproved Units by Project (auto-populated, can be overwritten). This field will subtract “Total Approved Units by Project” from “Total Proposed Units by Project” *Note: This field is auto-populated, but can be*

9. Was “Application Submitted” pursuant to Government Code section 65913.4, subdivision (b) (Streamlined Ministerial Approval Process (SB 35 Streamlining))? Use the drop-down menu to select one of the following options:

- No
- Yes – But no action taken
- Yes – Approved
- Yes – Denied

10. Notes: Use this field to enter any applicable notes about the project or development. Completion of this field is optional.

TABLE A2

Annual Building Activity Report Summary – New Construction, Entitled, Permits and Completed Units

Fields 1 through 15 Housing Development Information

This table requires information for very low, low, moderate and above moderate income housing affordability categories and for mixed-income projects. Include data on net new housing units and developments that have received any one of the following:

- An entitlement
- A building permit
- A certificate of occupancy or other form of readiness that was issued during the reporting year.

Please note: Only building permits are used for the purposes of determining progress towards RHNA (fields 7, 8 and 9 of this table, described below).

New housing units : For the APR, “new housing unit” means housing units as defined by the Department of Finance for inclusion in the Department of Finance’s annual “E-5 City/County Population and Housing Estimates” report, which is the same as the census definition of a housing unit.

Development activity spanning multiple years : It is highly likely that the same project will be reported in multiple years of APRs. For example, a project should be listed in three separate APRs if it is entitled in one year, receives the building permit next year, and the certificate of occupancy in the year following.

In scenarios where development activity spans multiple years, the jurisdiction should only report activity that occurred within the reporting year. For example, if a project received building permits in 2018, but received entitlements in 2017, the 2018 APR should only report the building permit information (fields 7, 8 and 9), and not include entitlement information (fields 4, 5 and 6).

Separate living quarters : A house, an apartment, a mobile home, a group of rooms, or a single room occupied as separate living quarters, or if vacant, intended for occupancy as separate living quarters. Separate living quarters are those in which the occupants live separately from any other individuals in the building and which have direct access from outside the building or through a common hall. For vacant units, the criteria of separateness and direct access are applied to the intended occupants whenever possible.

Please note: Group quarters facilities, such as dormitories, bunkhouses, and barracks cannot be counted as housing units, but student housing that is set up as separate living quarters per the census definition can be counted. This type of student housing must be counted per unit, and not on a bedroom or per person basis.

Net new units : If a building is being demolished to build the new units, the APR should report net new units. For example, if 10 units are being demolished on a site to build a 100-unit building, the APR should report 90 new units. In the case of new construction where fewer units are being built than were there previously, do not report negative permits. For example, if 10 units are being torn down on a site to build 5 units, this would not count as any new units on the APR and should not be reported as a negative number.

To assist in reporting demolished/destroyed units, refer to section number 20 below (Table A2, column 20).

All new unit information is to be listed in the following fields:

Fields 1 through 3 – Project Identifier and Unit Types

1. Project Identifier: Include the Current Assessor Parcel Number (APN) and street address. The prior APN, project name or local jurisdiction tracking ID are optional.

- Prior APN – Enter an APN previously associated with the parcel, if applicable (optional field).
- Current APN – Enter the current available APN. This field allows a maximum of 40 characters. If necessary enter additional APNs in the notes section field number 21.
- Street Address – Enter the number and name of street.
- Project Name – Enter the project name, if available (optional field).
- Local Jurisdiction Tracking ID – This may be the permit number or other identifier (optional field).

2. Unit Category Codes: Each development should be categorized by one of the following codes: Refer to “Unit Category” in the Definitions section for additional descriptions. Use the drop-down menu to select one of the following options:

- SFA (single-family attached unit)
- SFD (single-family detached unit)
- 2-4 (two- to four-unit structures)
- 5+ (five or more unit structure, multifamily)
- ADU (accessory dwelling unit)
- MH (mobile home/manufactured home)

3. Tenure: Identify whether the units within the development project are either proposed or planned at initial occupancy for either renters or owners. Use the drop-down menu to select one of the following options:

- Renter occupant (R) or
- Owner occupant (O)

Fields 4 through 6 – Completed Entitlement

4. Affordability by Household Income – Completed Entitlement: For each development, list the number of units that have been issued a completed entitlement during the reporting year by affordability level and whether the units are deed restricted or non-deed restricted. Refer to the Definitions section for additional descriptions:

- Very low-income households: 0-50% AMI
- Low-income households: 50-80% AMI
- Moderate-income households: 80-120% AMI
- Above-moderate households: above 120%

[To verify income levels, refer to the income limit charts on HCDs website at http://www.hcd.ca.gov/grants-funding/income-limits/state-and-federal-income-limits.shtml](http://www.hcd.ca.gov/grants-funding/income-limits/state-and-federal-income-limits.shtml) (see section for Official State Income

5. Entitlement Date Approved: Enter the date within the reporting year that all required land use approvals or entitlements were issued by the jurisdiction; leave blank if entitlement was approved outside the reporting year. Enter date as month/day/year (e.g., 6/1/2018). Refer to definition of “Completed Entitlement.”

6. # of Units Issued Entitlements: This is an auto-populated field. This field reflects the total number of units that were entitled for very-low, low, moderate, and above moderate income, as entered in field 4 on this table.

Fields 7 through 9 – Building Permit

7. Affordability by Household Income – Building Permits: For each development, list the number of units that have been issued a building permit during the reporting year by affordability level and whether the units are deed restricted or non-deed restricted. Refer to the Definitions section for additional descriptions:

- Very low-income households: 0-50% AMI
- Low-income households: 50-80% AMI
- Moderate-income households: 80-120% AMI
- Above-moderate households: above 120%

[To verify income levels, refer to the income limit charts on HCDs website at http://www.hcd.ca.gov/grants-funding/income-limits/state-and-federal-income-limits.shtml](http://www.hcd.ca.gov/grants-funding/income-limits/state-and-federal-income-limits.shtml) (see section for Official State Income

8. Building Permits Date Issued: Enter the date within the reporting year that the building permit was issued by the jurisdiction; leave blank if building permit was issued outside the reporting year. Enter date as month/day/year (e.g., 6/1/2018). Refer to definition of “Permitted Units.”

9. # of Units Issued Building Permits: This is an auto-populated field. This field will sum units that were permitted for very-low, low, moderate, and above moderate income, as entered in field 7 on this table.

Fields 10 through 12 – Certificates of Occupancy

10. Affordability by Household Income – Certificates of Occupancy: For each development, list the number of units that issued certificates of occupancy or other form of readiness (e.g., final inspection, notice of completion) during the reporting year by affordability level and whether the units are deed restricted or non-deed restricted. Refer to the Definitions section for additional descriptions:

- Very low-income households: 0-50% AMI
- Low-income households: 50-80% AMI
- Moderate-income households: 80-120% AMI
- Above-moderate households: above 120%

[To verify income levels, refer to the income limit charts on HCDs website at http://www.hcd.ca.gov/grants-funding/income-limits/state-and-federal-income-limits.shtml](http://www.hcd.ca.gov/grants-funding/income-limits/state-and-federal-income-limits.shtml) (see section for Official State Income

11. Certificates of Occupancy (or other forms of Readiness) Date Issued: Enter the date the certificate of occupancy or other form of readiness (e.g., final inspection, notice of completion) was issued for the project. For most jurisdictions, this is the final step before residents can occupy the unit. Leave blank if certificate of occupancy was not issued in the reporting year. Enter date as month/day/year (e.g., 6/1/2018).

12. # of Units Issued Certificates of Occupancy or other forms of Readiness: This is an auto-populated field. This field will sum units that were issued a certificate of occupancy for very-low, low, moderate, and above moderate income, as entered in field 10 on this table.

13. How many of the Units were Extremely-Low Income Units (Optional): To gain a greater understanding of the level of building activity to meet the needs of extremely low-income households in the state, HCD asks that you estimate, to the extent possible, the number of units affordable to extremely-low income households. This number will be a subset of the number of units affordable to very low-income households, as indicated in fields 4, 7 and 10 above. *Please note: The number entered in the very low section will not be reduced by the number entered here. Although completion of this field is optional, your input would be greatly appreciated.*

14. Was Project approved using Government Code section 65913.4, subdivision (b) (Streamlined Ministerial Approval Process (SB 35 Streamlining))? Use the drop-down menu to select one of the following options:

- “Y” if jurisdiction approved the project application pursuant to the streamlined ministerial approval process (SB 35 Streamlining).
- “N” for all other situations.

15. Are these infill units? To gain a greater understanding of the level of infill housing activity in the state, HCD asks that you clarify if the housing units reported are infill by selecting “Yes” or “No.” Although completion of this field is optional, your input would be greatly appreciated. See Definitions section for “infill housing units”

Fields 16 through 18: Please note, if any units are reported as very-low, low, or moderate income in fields 4, 7 or 10 then information in fields 16, 17 and/or 18 must be completed to demonstrate affordability. In the absence of justification that the unit is affordable to a very- low, low, and moderate income household, the unit must be counted as above-moderate income.

Fields 16 and 17 Housing with Financial Assistance and/or Deed Restrictions

For all housing units developed or approved with public financial assistance and/or have recorded affordability deed restriction or covenants, identify funding sources and/or mechanisms that enable units to be affordable.

16. Assistance Programs Used for Each Development: Enter information here if units received financial assistance from the city or county and/or other subsidy sources, have affordability restrictions or covenants, and/or recapture of public funds upon resale.

Use the drop-down menu to select the acronym of the applicable funding program(s), as listed below. To select more than one funding source click once then select the cell again and click another source.

17. Deed Restriction Type: Enter information here if units in the project are considered affordable to very-low, low, and/or moderate income households due to a local program or policy, such as an inclusionary housing ordinance, regulatory agreement, or a density bonus. This field should not be used to enter the number of deed restricted units. Identify the mechanism used to restrict occupancy based on affordability to produce “deed restricted” units. Use the drop-down menu to select one of the following options

- “INC” if the units were approved pursuant to a local inclusionary housing ordinance.
- “DB” if the units were approved using a density bonus.
- “Other” for any other mechanism. Describe the source in notes section number 21.

18. Housing without Financial Assistance or Deed Restrictions: Enter information here if the units are affordable to very-low, low and moderate income households without financial assistance and/or deed restrictions. In these cases, affordability must be demonstrated by proposed sales price or rents.

- Sales prices and rents must meet the definition of affordable as defined in Health and Safety Code Section 50052.5 for owner-occupied units or Health and Safety Code section 50053 for renter-occupied units.
- Describe how the newly constructed rental or ownership housing units were determined to be affordable to very- low, low, and moderate income households without either public subsidies or restrictive covenants. This may be based on various methods considering sales prices or rents relative to the income levels of households such as through a survey of comparable units in the area that show the unit would be affordable to very-low, low, or moderate income households.
 - The jurisdiction can consider comparable rental prices or new sales prices (actual or anticipated). The jurisdiction should consider costs for renters (i.e., 30% of household income for rent and utilities) or owners (e.g., 30% of household income for principal, interest, taxes, insurance and utilities, pursuant to Title 25 CCR
- In the absence of justification that the unit is affordable to a very- low, low, and moderate income household, the unit must be counted as above-moderate income.

19. Term of Affordability or Deed Restriction: If units have committed financial assistance and/or are deed restricted, enter the duration of the affordability or deed restriction. If units are affordable in perpetuity, enter 1,000. If multiple funding sources or deed restrictions on the development have different terms of affordability, please enter the longest term of affordability. Although completion of this field is optional, your input would be greatly appreciated.

20. Demolished/Destroyed Units: This section is to report if the project and associated APN, has a permit, entitlement or certificate of occupancy in the reporting year, and the APN previously had demolished or destroyed units.

- Enter the “Number of Demolished or Destroyed Units” in the reporting calendar year.
- From the drop down menu select “demolished” if the units were torn down. Select “Destroyed” if the units were lost due to fire or other natural disaster.
- From the drop down menu “Demolished/Destroyed Units Owner or Renter” select “R” for renter or “O” for owner.

21. Notes: Use this field to enter any applicable notes about the project or development.

TABLE B

Regional Housing Needs Allocation Progress – Permitted Units Issued By Affordability

Table B is a summary of prior permitting activity in the current planning cycle, including permitting activity for the calendar year being reported. To assist jurisdictions in completing this form, HCD has pre-filled permit data as reported to HCD on prior APRs. Past unit information will auto-populate when the jurisdiction’s name in the general information section of the “Start Here” tab is entered. Current year permitted units will auto-populate from data reported in table A2. If permit activity for current year is inaccurate, jurisdictions should make adjustments on field number 7, Affordability by Household Income – Building Permits in table A2.

[Please contact HCD at APR@hcd.ca.gov if data from previous years does not populate or if different than the information supplied in Table B. Any changes made by localities to previous years’ data in Table B will not update prior APR records maintained by HCD.](mailto:APR@hcd.ca.gov)

Table B reports the number of units for which permits were issued to demonstrate progress in meeting the jurisdiction’s share of regional housing need for the planning period.

- 1. Regional Housing Needs Allocation by Income Level:** Lists the jurisdiction’s assigned RHNA for the planning cycle by income group. This field will be auto-populated once the jurisdiction’s name is entered in the “Start
- 2. Year:** Lists the building permit data for each year of the RHNA planning cycle beginning in the first year and ending with the data from the current reporting year which can be found in Table A2.
- 3. Total Units to Date (all years):** Totals the number of units permitted in each income category.
- 4. Total Remaining RHNA by Income Level:** This field uses the information from the “Total Units to Date” category and deducts the units by income category from the jurisdiction’s assigned RHNA number. Note: The total units remaining to meet the RHNA allocation is in the bottom right hand corner.

TABLE C

Sites Identified or Rezoned to Accommodate Shortfall Housing Need

Please note: This table should only be filled out when a city or county identified an Unaccommodated Need of sites from the previous planning period Government Code section 65584.09, has Shortfall of Sites as identified in the housing element Government Code section 65583, subdivision (c)(1); or is identifying additional sites required by No Net Loss law pursuant to Government Code section 65863. The data in this inventory serves as an addendum to the housing element sites inventory. This table should not include rezoning for a specific project.

- 1. Project Identifier:** Include the Assessor Parcel Number (APN) and street address. The project name and local jurisdiction tracking ID are optional.
- 2. Date of Rezone:** If rezone was required, identify the date the rezone occurred. Enter date as month/day/year (e.g., 6/1/2018).
- 3. RHNA Shortfall by Household Income:** For each development or site, list the number of units that are affordable to the following income levels (refer to Definitions section for more detail):
 - Very low-income households: 0-50% AMI
 - Low-income households: 50-80% AMI

Note: rezoning is not required to accommodate moderate or above moderate RHNA shortfall.

4. Type of Shortfall: From the dropdown list, select one of the following for each project:

- **No Net Loss** (Government Code section 65863): When a jurisdiction permits or causes its housing element sites inventory site capacity to be insufficient to meet its remaining unmet RHNA for lower and moderate-income households. In general, a jurisdiction must demonstrate sufficient capacity on existing sites or make available adequate sites within 180 days of there being insufficient sites to meet the remaining RHNA.
- **Unaccommodated Need** (Government Code section 65584.09): When a jurisdiction failed to identify or make adequate sites available in the prior planning period to accommodate its RHNA by income category. Note: When this condition occurred, the housing element in the current planning period in most cases will have a program to make available adequate sites to address the unmet RHNA by income category in the first year of the planning period.
- **Shortfall of Sites** (Government Code section 65583, subdivision (c)(1)): When a jurisdiction does not identify adequate sites to accommodate its RHNA by income category in the current planning period. Note: When this condition occurred, the housing element for the current planning period must have included a program to make available adequate sites to address the unmet RHNA by income category. For jurisdictions on an eight year planning period, the rezones must be complete within the first three years of the planning period.

5. Parcel Size (Acres): Enter the size of the parcel in acres.

6. General Plan Designation: Enter the new General Plan Land Use designation. If no change was made, enter the current designation.

7. Zoning: Enter the new zoning designation for the parcel. If no change was made, enter the current zoning designation.

8. Density Allowed: Enter the minimum and maximum density allowed on each parcel. This is the density allowed after any zoning amendments are made. If no maximum density enter N/A.

9. Realistic Capacity: Enter the estimated realistic unit capacity for each parcel. Refer to Definitions for more information about “Realistic Capacity.”

10. Vacant/Non-vacant: From the drop-down list, select if the parcel is vacant or non-vacant. If the parcel is non-vacant, then enter the description of existing uses in Field 11.

11. Description of Existing Uses: Include a description of existing uses. Description must be specific (i.e. SFR, MF, surplus school site, operating business, vacant commercial building, parking lot). Classifications of uses (i.e. “commercial”, “retail”, “office”, or “residential”) are not sufficient.

TABLE D

Program Implementation Status pursuant to Government Code section 65583

Report the status/progress of housing element program and policy implementation for **all** programs described in the housing element:

- 1. Name of Program:** List the name of the program as described in the element.
- 2. Objective:** List the program objective (for example, “Update the accessory dwelling unit ordinance”).
- 3. Timeframe in Housing Element:** Enter the date the objective is scheduled to be accomplished.
- 4. Status of Program Implementation:** List the action or status of program implementation.

For your information, the following list includes the statutory requirements for housing element programs:

- Adequate sites (Gov. Code, § 65583, subd. (c)(1)). *Please note: Where a jurisdiction has included a rezone program pursuant to Government Code section 65583.2, subdivision (h) to address a shortfall of capacity to accommodate its RHNA, Table C must include specific information demonstrating progress in implementation including total acres, brief description of sites, date of rezone, and compliance with by-right approval and density requirements.*

- Assist in the development of low- and moderate-income housing (Gov. Code, § 65583, subd. (c)(2)).
- Remove or mitigate constraints (Gov. Code, § 65583, subd. (c)(3)).
- Conserve and improve existing affordable housing (Gov. Code, § 65583, subd. (c)(4)).

Promote and affirmatively further fair housing opportunities (Gov. Code, § 65583, subd. (c)(5)).

- Preserve units at-risk of conversion from low-income use (Gov. Code, § 65583, subd. (c)(6)).

Please note: Jurisdictions may add additional rows in Table D to include all Housing Element programs, or to provide clarification or information relevant to demonstrating progress towards meeting RHNA objectives.

TABLE E

Commercial Development Bonus Approved pursuant to Government Code section 65915.7

Government Code section 65915.7 states:

“(a) When an applicant for approval of a commercial development has entered into an agreement for partnered housing described in subdivision (c) to contribute affordable housing through a joint project or two separate projects encompassing affordable housing, the city, county, or city and county shall grant to the commercial developer a development bonus as prescribed in subdivision (b). Housing shall be constructed on the site of the commercial development or on a site that...” meets several criteria.

If the jurisdiction has approved any commercial development bonuses during the reporting year, enter the following information:

1. Project Identifier: Include the parcel’s APN number and street address. The project name and local jurisdiction tracking ID are optional.

2. Units Constructed as Part of the Agreement: For each development, list the number of units that are affordable to the following income levels (refer to definitions for more detail):

- Very low-income households: 0-50% AMI
- Low-income households: 50-80% AMI
- Moderate-income households: 80-120% AMI
- Above-moderate households: above 120%

3. Description of Commercial Development Bonus: Include a description of the commercial development bonus approved by the jurisdiction.

4. Commercial Development Bonus Date Approved: Enter the date that the jurisdiction approved the commercial development bonus. Enter date as month/day/year (e.g., 6/1/2018).

TABLE F

Units Rehabilitated, Preserved and Acquired for Alternative Adequate Sites pursuant to Government Code section 65583.1, subdivision (c)(2)

Please note this table is optional: *The jurisdiction can use this table to report units that have been substantially rehabilitated, converted from non-affordable to affordable by acquisition, and preserved consistent with the standards set forth in Government Code section 65583.1, subdivision (c)(2).*

Units that Do Not Count Toward RHNA: The jurisdiction may list for informational purposes only, units that do not count toward RHNA but were substantially rehabilitated, acquired or preserved.

Units that Count Toward RHNA: To enter units in this table as progress toward RHNA, please contact HCD at APR@hcd.ca.gov. HCD will provide a password to unlock the grey fields.

In order to count units reported in this table as progress towards RHNA, the jurisdiction will need to provide information (detailed below) to demonstrate that the units meet the standards set forth in Government Code section 65583.1, subdivision (c)(2).

If HCD agrees that the units meet the standards set forth in Government Code section 65583.1, subdivision (c)(1) these units may credit up to 25 percent of the jurisdiction's adequate sites requirement per income category. To count these units towards RHNA, the jurisdiction shall document *how* the units meet the standards set forth the requirements of the Government Code section 65583.1, subdivision (c) (2).

[For the jurisdiction to count units in Table F, the jurisdiction must have included a program in its housing element to rehabilitate, preserve or acquire units to accommodate a portion of its RHNA which meet the specific criteria as outlined in Government Code section 65583.1, subdivision \(c\)\(2\). These program requirements are summarized on the Alternative Adequate Sites Checklist.](#)

Table G

Locally Owned Lands Included in the Housing Element Sites Inventory that have been sold, leased, or otherwise disposed of, pursuant to Government Code section 65400.1

Chapter 664, Statutes of 2019 (AB 1486) added to the Government code section 65400.1, which requires jurisdictions to include in this APR a listing of sites owned by the locality that were included in the housing element sites inventory and were sold, leased, or otherwise disposed of during the reporting year.

The listing of sites must include the entity to whom the site was transferred, and the intended use of the site.

This table is only required for CY 2019 and later.

Frequently Asked Questions

Can I leave a row blank?
How do I delete rows?
Why are the rows not summing correctly?
Why are some cells highlighted yellow or green?
Why are the date cells highlighted red?
Can the same project be included in both Table A and Table A2?
What if I have nothing to report?

How do I correct or update the values in Table B?

Do I upload this form into the record for the 5th Cycle or the 6th Cycle?

Do I need to take the form to my Council or Board prior to submitting the APR?

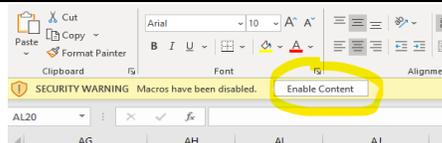

Can I use this form for a prior year?

Does submitting the Housing Element APR fulfill the requirements of submitting a General Plan APR?

Yes, you may leave blank rows in between rows that have information.

Click on a cell in the row(s) and type **Ctrl-d**.

Note: Macros must be enabled

The summary tab and sum rows only include activities that occurred during the **reporting year**, according to the year entered in the "Start Here" tab.

Yellow Cells: Required cells for each row become highlighted yellow once any cell in the row contains a character. The affordability descriptions become highlighted and required once any lower or moderate income units are entered into the form.

Green Cells: Cells highlighted green are where you indicate the number of units by affordability. This is required for any project in Table A. This is also required for the **applicable** sections (completed entitlement, issued building permits, issued certificates of occupancy) of Table A2. For example, if a project in Table A2 was issued a building permit, but not an entitlement or certificate of occupancy during the reporting year, you would enter the unit count in one of the green cells in the building permit section only. You may leave the other sections blank even though they are highlighted green, since they wouldn't apply to this example. Once a value is entered

Cells can be highlighted red for two reasons:

Date cells: Sometimes, dates that are copied and pasted into this form are formatted as text. When pasting dates into the form please paste with the "match destination formatting" option. If the date cells are still highlighted red, they contain text. These must be converted to dates. To do so, open a blank workbook and paste in the dates that are formatted as text. In an adjacent column, enter the function =DATEVALUE and refer the function to the cell with date formatted as text. This will result in a 5-digit number. Copy and paste these 5-digit numbers back into the APR form, then change the format of the cells to "Short Date" (i.e., 3/4/2012).

Text cells: Cells can also be highlighted red if the length of the text entered into the cell exceeds the character

Yes. Table A tracks all **applications** for residential development that were received and deemed complete during the reporting year. Table A2 tracks all **entitlements, building permits, and certificates of occupancy** for residential development that were issued in the reporting year. If a project was applied for and received entitlements, building permits, and/or certificates of occupancy during the reporting year, that project would be listed in both Table A and Table A2.

At minimum, the "Start Here" tab and Table D must be completed. If you have nothing to report in any of the other tables, please leave them blank, do **NOT** put N/A or something similar.

Table B contains data HCD has received from prior APR submittals as of December 4, 2019. If the numbers do not match your records, please contact HCD.

HCD's guidelines are as follows: If the 6th cycle started BEFORE July 1, 2019, the APR must be uploaded into the 6th cycle. If the 6th cycle started AFTER July 1, 2019, the APR must be uploaded into the 5th cycle record.

Government Code section 65400 requires the planning agency to provide this report to the legislative body (i.e. local Council or Board), HCD, and OPR by April 1 of each year. The statute does not specify in which order they be provided, and HCD does not require the report to be submitted to the legislative body prior to submitting it to HCD.

You can use this form for 2018 and 2019. Make sure to change the reporting year in row 5 of the "Start Here" tab. Table G is not required for 2018.

For the years 2017 and prior, you must use the old version of the APR form found on our website.

No. Government Code section 65400 requires jurisdictions to also submit a General Plan Annual Progress Report to OPR and HCD. These can be emailed to opr.apr@hcd.ca.gov and APR@hcd.ca.gov

Check for potential errors

Optional: This runs a macro which checks to ensure all required fields are filled out. The macro will create two files saved in the same directory this APR file is saved in. One file will be a copy of the APR with highlighted cells which require information. The other file will be list of the problematic cells, along with a description of the nature of the error.

Format A2 for easy printing

Optional: Save before running. This copies data on Table A2, and creates another workbook with the table split across 4 tabs, each of which can fit onto a single page for easier printing. Running this macro will remove the comments on the column headers, which contain the instructions. Do not save the APR file after running in order to preserve comments once it is reopened.

Ensure all dates are valid

Optional: This macro identifies dates entered that occurred outside of the reporting year. RHNA credit is only given for building permits issued during the reporting year.

Submittal Instructions

Please save your file as Jurisdictionname2019 (no spaces). Example: the city of San Luis Obispo would save their file as SanLuisObispo2019

Housing Element Annual Progress Reports (APRs) forms and tables must be submitted to HCD and the Governor's Office of Planning and Research (OPR) on or before April 1 of each year for the prior calendar year; submit separate reports directly to both HCD and OPR pursuant to Government Code section 65400. There are two options for submitting APRs:

1. Online Annual Progress Reporting System (Preferred) - Please see the link to the online system to the left. This enters your information directly into HCD's database limiting the risk of errors. If you would like to use the online system, email APR@hcd.ca.gov, and HCD will send you the login information for your jurisdiction. *Please note: Using the online system only provides the information to HCD. The APR must still be submitted to OPR. Their email address is opr.apr@opr.ca.gov.*

2. Email - If you prefer to submit via email, you can complete the excel Annual Progress Report forms and submit to HCD at APR@hcd.ca.gov and to OPR at opr.apr@opr.ca.gov. Please send the Excel workbook, not a scanned or PDF copy of the tables.

Housing Programs Progress Report

Describe progress of all programs including local efforts to remove governmental constraints to the maintenance, improvement, and development of housing as identified in the housing element.

1	2	3	4
Name of Program	Objective	Timeframe in H.E	Status of Program Implementation
<p>1.1 Project Development - Create increased supply of affordable housing units for lower income households, including those households with extremely low incomes. Every effort will be made to accomplish this through redevelopment and acquisition/rehabilitation.</p>	<p>Increased supply of rental units for extremely low, very low and low-income residents. 300 units.</p>	<p>Ongoing</p>	<p>Within the HE period, the City contracted with Community HousingWorks, Interfaith Community Services and Solutions for Change to develop affordable rental projects consisting of acquisition/rehabilitation of existing units (CHW and Interfaith) and new construction (Solutions). The CHW project was completed in April 2017 and consists of 11 HOME affordable units out of 200 total affordable units in the project. Interfaith rehabilitated an existing 4-unit project in 2018. Solutions completed construction of a new affordable rental project consisting of 33 units (32 affordable) in July 2017. In 2019 Veteran's Village of San Diego opened a 54-unit (Including 48 units of new construction and 53 total affordable units) development serving homeless veterans. The City provided funding to assist ten of these units. Including 3 previous projects during the HE period (11 ownership units by SDHFH in 2015, 35 new rental units by CHW in 2013 and 44 rehabilitated units by UHC in 2015), a total of 147 affordable housing units have been created via local funding since 2013.</p>
<p>1.2 Lot Consolidation - Encourage consolidation of small lots to utilize land more efficiently and facilitate the development of mixed use and affordable multi-family developments.</p>	<p>Facilitate development as envisioned in the General Plan.</p>	<p>Ongoing</p>	<p>A ministerial process is utilized for basic lot consolidation. The City continues to encourage consolidation of lots to facilitate mixed-use and affordable developments.</p>

<p>1.3 Infill New Construction Support new construction of homeownership and rental units and redevelopment/revitalization on infill sites. The city also encourages recycling and revitalizing of sites for a variety of housing types and income levels.</p>	<p>New housing opportunities for homeownership and rental for low- and moderate-income households.</p>	<p>Ongoing</p>	<p>The majority of the affordable residential projects completed during the period have been on infill sites. Veteran's Village (10 funded units out of 53 affordable) was completed in 2019 on infill land on South Escondido Boulevard. Solutions for Change completed construction on a new affordable rental project of 33 units (32 affordable) on an infill site on South Escondido Boulevard in July 2017. Interfaith Community Services rehabilitated a four-unit residential project on Aster Street in the center of the city to be used for low-income households in 2018. CHW rehabilitated 11 HOME affordable units (200 total) on Midway Drive in 2017. The 11-unit project by Habitat in 2015, the 35-unit project by CHW in 2013 and the 44 units by UHC in 2015 all were on infill sites.</p>
<p>1.4 City-Owned Sites - Facilitate the redevelopment/development of affordable housing on City-owned sites.</p>	<p>Use City-ownership as a potential inducement for rehabilitation of more affordable housing.</p>	<p>Ongoing</p>	<p>The Housing and Neighborhood Services Division, the Engineering Services Department, the City's Real Property Agent, and other City staff continue to review City-owned properties when they become available as potential sites for redevelopment as affordable housing.</p>
<p>1.5 Density Bonus - Amend Density Bonus Ordinance to be consistent with State law.</p>	<p>Additional housing opportunities for low- and moderate-income households.</p>	<p>Ongoing</p>	<p>City staff completed an amendment to the Zoning Code in 2017 to modify Density Bonus provisions so they are in conformance with state law. The City will continue to maintain consistency with State density bonus law, including amending the Zoning Code as necessary. Several projects are currently in the pipeline or have been recently completed using Density Bonus provisions, providing additional affordable units.</p>
<p>2.1 Housing Rehabilitation: Renter Occupied - Continue to explore potential rental rehabilitation programs.</p>	<p>Increase opportunities for rental rehabilitation for lower income households (25 units).</p>	<p>Ongoing</p>	<p>Funding from a CalHOME grant allowed the City to re-establish an owner-occupied rehabilitation program for low-income households in single-family residences and mobilehomes in 2015. The program ended after two years. Staff continues to explore funding opportunities for a new renter-occupied rehabilitation program.</p>
<p>2.2 Acquisition/Rehabilitation - Continue to explore ways to encourage the recycling of deteriorated and older structures for affordable housing opportunities.</p>	<p>Additional affordable housing opportunities for lower income households (200 units).</p>	<p>Ongoing</p>	<p>Recycling of existing, dilapidated structures continues to be a priority in Escondido. An RFP in 2014 for affordable housing developers resulted in two affordable rehabilitation developments: 11 acquisition/rehabilitation units in a 200-unit development was completed in 2017, and a 44-unit rehabilitation project was completed in 2015. An RFP in 2017 resulted in a 4-unit affordable rehabilitation project completed in 2018.</p>

<p>2.3 Focus on Neighborhoods - Collaborate with departments to channel resources and efforts into improvement of neighborhood quality of life, including code enforcement, housing rehabilitation and capital improvements.</p>	<p>The concentration of City resources to individual neighborhoods and the opportunity for significant community impact both in physical improvement and improvement in quality of life for neighborhood residents. Continue collaboration efforts through funding resources, policies and community outreach.</p>	<p>Ongoing</p>	<p>Currently there are 18 recognized neighborhood groups in the City. Project NEAT continues to utilize Community Development Block Grant (CDBG) funding to assist residents in solving their own neighborhood problems at a neighborhood (rather than a Code Enforcement) level, such as maintenance, graffiti, trash. The Neighborhood Transformation Project (NTP) is one effort to join neighborhoods with City Departments to combine resources (funding and sweat equity) in targeted areas to include neighborhood cleanups and public improvements. The City continues a focused approach in neighborhoods using additional strategies to improve neighborhoods by involving residents.</p>
<p>2.4 Preservation of At-Risk Housing - Continue to explore means to continue housing affordability for lower income households that would be impacted by the conversion of subsidized projects to market rate housing.</p>	<p>Continued affordability of subsidized housing developments. If owner wishes to sell, contact potential buyers who would want to extend affordability, and if unsuccessful, follow up with Section 8 and relocation potential.</p>	<p>Ongoing</p>	<p>The City continues to monitor at-risk units, particularly those identified in the Housing Element. This effort is ongoing. The City worked with Community HousingWorks to preserve the affordability of 200 units in Cypress Cove (now Manzanita Apartments) while extending affordability on 11 of the units using HOME funds in 2017. In 2018-2019 the City helped preserve 6 affordable, transitional units at 1203 South Maple Street (Las Casitas) by committing CHDO funds for rehabilitation of the project. Community HousingWorks is approximately 9 years into the affordability period on an acquisition/rehab project and is preserving affordability by rehabilitating a number of structural problems not addressed originally (roof, termites, rot). No at-risk units were lost in 2017, 2018 or 2019.</p>
<p>3.1 First-Time Homebuyer/Home Entry Loan Program (HELP) - Provide low interest loans to lower income households for closing costs and down payment, of lesser of 5% of purchase price or \$25,000, using federal HOME funds.</p>	<p>Increased homeownership opportunities for lower income households (150 households).</p>	<p>Ongoing</p>	<p>In December 2017 Housing and Neighborhood Services staff met with local real estate professionals to discuss possible impediments to issuing First-time homebuyer loans and possible solutions. The City continues to try to improve the success of the loan program. No HELP loans were funded during 2016, 2017, 2018 or 2019. 4 loans were funded during 2015, 2 during 2014 and 3 during 2013, for a total of 9 first-time homebuyer loans during the period.</p>

<p>3.2 First-Time Homebuyer/Mortgage Credit Certificates - Provide mortgage credit certificates to first-time homebuyers to reduce federal income taxes and more easily qualify for a loan.</p>	<p>Additional homeownership opportunities for low-and moderate-income households (20 households).</p>	<p>Ongoing</p>	<p>Although MCCs remain available to Escondido residents, a local MCC administrator no longer exists and MCCs are not reported locally after 2014.</p>
<p>3.3 Rental Subsidy - Provide households with affordable rents through rent subsidy programs for households with incomes not exceeding 50% of the Area Median Income.</p>	<p>Provide rental subsidy to 110 very low-income senior/disabled households in mobilehome parks and apartments. Support Rental Assistance to 1,200 very-low income households with Housing Choice Vouchers through collaboration with Housing Authority of San Diego County.</p>	<p>Ongoing</p>	<p>During 2019, 1,040 Escondido households were assisted with a Housing Choice Voucher (Section 8 voucher), administered through the Housing Authority of San Diego County. An additional 2,032 households are on the wait list in Escondido. At the end of 2019, 23 senior/disabled households in mobilehome parks and an additional 7 in apartments, for a total of 30, were receiving a monthly rental subsidy from the City of Escondido while waiting for HUD Section 8 eligibility. Eligibility for the Rental Subsidy Program was tightened in 2012 due to the loss of redevelopment funds and the number of monthly subsidies has slowly declined.</p>
<p>3.4 Mobilehome Park Conversion - Provide technical assistance to mobilehome resident groups in the conversion of existing parks to resident ownership.</p>	<p>Continued mobilehome resident ownership opportunities for lower income residents. Continue to work with City policies and procedures to assist in conversions.</p>	<p>Ongoing</p>	<p>The City continues to provide technical assistance to mobilehome parks considering conversions to resident ownership. No recent conversions have been requested. The City has been advised on the purchase of an existing mobilehomes park and the potential change of use, although the owner is not currently moving forward. The City continues to manage the remaining City-owned spaces in Escondido Views (4 lots) and Mountain Shadows (22 lots) mobilehome parks.</p>
<p>3.5 Mobilehome Rent Review - Rent review via the Rent Review Board of applications for increases in mobilehome parks.</p>	<p>Stabilized rents for mobilehome residents, many of whom are lower income.</p>	<p>Ongoing</p>	<p>During 2019, 5 short-form rent review hearings and no long-form rent review hearings were held. Average monthly increases approved for short form applications ranged from \$9.88 to \$18.41.</p>
<p>3.6 Fair Housing - Actively engage in furthering fair housing for all residents through specific education outreach and monitoring activities.</p>	<p>Continued enforcement of the Fair Housing Plan which will prevent discrimination in housing and disputes between landlords and tenants.</p>	<p>Ongoing</p>	<p>In 2019 the City contracted with the Legal Aid Society of San Diego, Inc. to provide Fair Housing Services to Escondido residents, including handling reports of discrimination, and providing counseling and mediation in landlord/tenant disputes. City staff continues to disperse information at public counters, review potential impediments to fair housing, and meet with other jurisdictions to discuss and address regional issues. The City of Escondido has been working collaboratively with other jurisdictions in the San Diego County region to address Fair Housing reporting in compliance with HUD's current requirements.</p>

<p>4.1 Emergency Shelters - Amend the Zoning Code to permit emergency shelters by right, consistent with State law.</p>	<p>Consistency with state law. Provision of shelter for families/individuals with special needs.</p>	<p>0-3 years</p>	<p>The City's Emergency Shelter Overlay, in compliance with State law, was approved by the City Council in October 2013. Staff re-evaluated the size and location of the Overlay in 2015, but left the language unchanged. The City is in compliance with State law. A year round shelter operated by Interfaith Community Services currently operates outside the Overlay area.</p>
<p>4.2 Transitional/Supportive housing - Amend the zoning code to differentiate transitional/supportive housing operated as group quarters versus a regular housing development. Uses will be permitted where housing is otherwise permitted.</p>	<p>Increased housing opportunities for special needs persons.</p>	<p>0-3 years</p>	<p>An amendment to the Zoning Code to define transitional and supportive housing as specified in State law, and to permit both where residential units are otherwise permitted, was completed in June 2017.</p>
<p>4.3 Senior Housing Ordinance - Amend the Zoning Code to permit senior housing by right where housing is permitted.</p>	<p>Increased housing opportunities for seniors.</p>	<p>0-3 years</p>	<p>An amendment to the Zoning Code to permit senior housing by right where housing is permitted, was completed in June 2017.</p>
<p>4.4 Monitoring of Growth Management Measure - Periodically monitor and evaluate Proposition S for its impacts on the cost, supply and timing of affordable housing. Analyze the ability to accommodate the city's regional housing need, constraints on supply and affordability of housing.</p>	<p>Increased public awareness of the City's housing needs and obligations under state law.</p>	<p>Ongoing</p>	<p>The City's Housing Element shows that the City's RHNA can be accommodated. In 2018 it does not appear that the existence of Proposition "S" discouraged or prevented construction of market or affordable units. The City will continue to monitor RHNA progress annually to determine whether growth management policies impact the City's ability to accommodate its affordable housing need.</p>

<p>5.1 Affordable Housing Financing - Continue to pursue a variety of funding sources to support affordable housing in the community.</p>	<p>Acquisition, rehabilitation, preservation or construction of affordable housing for lower and moderate income households.</p>	<p>Ongoing</p>	<p>Staff continues to pursue all available opportunities to utilize additional funding sources for potential projects and programs, including tax credits, grants and collaboration with non-profit providers.</p>
<p>5.2 Housing Information and Referral - Update public information in many formats identifying the City's housing programs and provide opportunities to market those programs.</p>	<p>More effective and targeted housing programs, especially for lower income households.</p>	<p>Ongoing</p>	<p>Housing program and project information is updated as needed and is distributed via a variety of avenues, such as the City website, brochures, mailers and referral cards, and at the senior center and City Hall. Staff continues to seek additional ways to distribute information to the public. The City website was most recently overhauled at the beginning of 2018, resulting in an easier to read and use source of housing, fair housing and other information for the public. Updates to the website are ongoing as needed. In 2019, the City established the Communications and Community Services Department, which includes a Communications Officer who disseminates information through various media sources. This results in a broader reach of program information. In 2016 the Housing Division and Neighborhood Services Division were merged into the Housing and Neighborhood Services Division under a Housing and Neighborhood Services Manager. This allows for more streamlined assistance to the public.</p>

<p>Land Use Controls</p>	<p>Evaluate land use issues for direct impact on provision of housing for all economic sectors of the community.</p>	<p>Ongoing</p>	<p>The Downtown Specific Plan was updated in 2013, including increasing residential densities up to 100 du/ac in the downtown core, which should lead to an increase in multi-family units. The South Escondido Bld and South Centre City Area Plans were revised and combined to form the S. Centre City Specific Plan, which was completed in 2018. Target areas in Escondido's core incorporate strategies to create a wide range of single- and multi-family residential development, supporting housing choice and opportunities in the City's infill areas.</p>

Residential Development Standards	Evaluate residential development standards to ensure they are not unreasonably limiting the number of units that may be constructed.	Ongoing	In 2017 the City's residential zones were consolidated in one place in the Zoning Code to streamline requirements and provide for more consistency. A new category was established (R-5-30), implementing a General Plan designation allowing higher density in transit corridors and shopping/employment areas. The ADU standards are in compliance with State requirements, permitting the development of more affordable units. The City continues to evaluate residential development standards and policies that may directly impact provision of housing for all sectors of the community.
Provision for a Variety of Housing Opportunities	Encourage the development of a variety of housing types for all economic segments of the population.	Ongoing	As documented in the Housing Element, adequate sites are available for a variety of housing types for all economic segments of the population, including high density zones. The Zoning Code has provisions for ADUs, mobilehomes, multi-family dwellings, SROs and residential care facilities. In 2013 the City approved a zoning overlay where emergency shelters are permitted by right. Similar code amendments were completed in 2017 for transitional/supportive housing and senior housing. There are no other known policies or regulations that constrain development of housing for persons with disabilities.
Development Conditions and Fees	The City to periodically review fees to ensure they reflect current impacts and necessary impacts.	Ongoing	Escondido's residential development fees have been reviewed and have not been found to act as a constraint to the development of housing. The development fees will continue to be reviewed annually and modified as needed to accommodate housing while meeting cost recovery needs.
On- and Off-Site Improvements	Requirements for on- and off-site improvements vary depending on the presence of existing improvements, as well as the size and nature of the proposed development.	Ongoing	Requirements for on- and off-site improvements on residential projects are reviewed periodically for changes that can be made.
Building Codes and Enforcement	Evaluate use and enforcement of building codes	Ongoing	The 2016 California Building Codes and Green Building Standards Code have been adopted by the City. The City has no local ability to waive provisions of State Building Codes. However, there is an appeal process to challenge interpretations of the building code requirements.
Permits and Processing Times	The City will periodically evaluate permit requirements and processing times to determine if they are a constraint to new housing.	Ongoing	The City continues to explore ways to streamline processing of applications and reduce fees for affordable and mixed-use housing. During the current HE cycle, the Design Review Board was consolidated into the Planning Commission/staff review in an effort to streamline pre-processing. In addition, the city complies with all streamlining efforts of housing applications required by the State.

Units Rehabilitated, Preserved and Acquired for Alternative Adequate Sites pursuant to Government Code section 65583.1(c)(2)

This table is optional. Jurisdictions may list (for informational purposes only) units that do not count toward RHNA, but were substantially rehabilitated, acquired or preserved. To enter units in this table as progress toward RHNA, please contact HCD at APR@hcd.ca.gov. HCD will provide a password to unlock the grey fields. Units may only be credited to the table below when a jurisdiction has included a program in its housing element to rehabilitate, preserve or acquire units to accommodate a portion of its RHNA which meet the specific criteria as outlined in Government Code section 65583.1(c)(2).
