Introduction

CITY OF ESCONDIDO FY 2017-18 Operating Budget City Manager's Transmittal Letter

Honorable Mayor, City Council and Citizens of Escondido:

For the seventh year in a row, we are pleased to present an operating budget for the City of Escondido which is balanced and does not rely upon the use of reserves. The appropriation total for all operating funds is \$189,487,650 and for the General Fund is \$98,673,990, for fiscal year 2017-18. Reserves remain intact at \$17,392,319. We believe this operating budget provides for a City which is safe, clean, and efficiently run, consistent with the policy priorities established by the City Council.

This year's operating budget has a new format, which is simple and easy to use. The format creates a clear, understandable and more comprehensive document, with data that conveys key information without distraction from the primary points. The document includes budgetary and financial policies adopted by City Council. These policies guide the development and administration of the operating budget, and safeguard resources.

Public safety continues as Escondido's highest priority. Public Safety is the largest component of the General Fund, comprising approximately 66%. Our Police and Fire departments are fully staffed. Equipment for both of these departments is continually assessed for high quality service delivery. This year's budget includes complete radio replacements and associated infrastructure. The Police budget reflects an increase of 4.5% and the Fire Budget reflects an increase of 3.3%. Police, Code Enforcement, Public Works and Community Development Block Grant budgets continue with a focus on public safety and appearance.

The budget also includes specific items that directly reflect Council Action Plan goals of Economic Development, Fiscal Management, Neighborhood Improvement and Public Safety. These items include but are not limited to leveraging resources available through the Innovate 78 partnership to market target development areas, addressing the CalPERS unfunded liability, updating the long-term financial plan, adopting financial policies, continuing the Neighborhood Transformation Project, continuing graffiti removal efforts by the Streets, Police and CDBG departments, and utilizing current police officers to have more presence.

It is also the City's goal to maintain ongoing financial structural stability. Financial capacity is aligned with long-term service objectives. As part of this process, the City will be evaluating opportunities for outsourcing City operations such as graffiti eradication, library services, plan checking services, shopping cart retrieval and other areas where cost savings or additional efficiencies can occur without disrupting service levels.

The City will be faced with increased CalPERS' employer contributions due to a recently adopted policy to reduce the "Discount Rate" from 7.5% to 7% over three years, beginning in July 2018. Preliminarily, we are estimating additional costs of 1% - 3% of normal cost for miscellaneous plan, 2% - 5% of normal cost for safety plan and 30% - 40% increase in unfunded accrued liability payments.

Due to the significant cost of CalPERS, the City has made this a top priority for budget planning and fiscal stability. We have identified CalPERS normal and unfunded liability separately in the budget document and included the issue in our multi-year financial plan. In September 2017, we will have an actuary conduct a workshop with Council on CalPERS and available options

CITY OF ESCONDIDO FY 2017-18 Operating Budget City Manager's Transmittal Letter

for addressing long-term costs. A 30-year plan to pay off unfunded liability has already been implemented by CalPERS. At the end of last fiscal year, City Council set up a Reserve Fund for CalPERS Rate Smoothing to assist when rates are exceeding projections or to apply towards unfunded liabilities.

Professionals advising the City on sales tax matters continue to project positive growth in sales tax although slowing. In order to maintain balanced budgets, the City's economic conditions and expenditures will be monitored to assure continued fiscal stability.

This operating budget is the culmination of diligent effort by the City's professional staff in the Finance Department with input and assistance from the Department Heads. I believe this budget reflects outstanding management of the City's finances and the budget development process. We appreciate your leadership as elected officials on the many critical budget issues and your creation of a culture which is conducive to safeguarding the City's financial health.

Respectfully submitted,

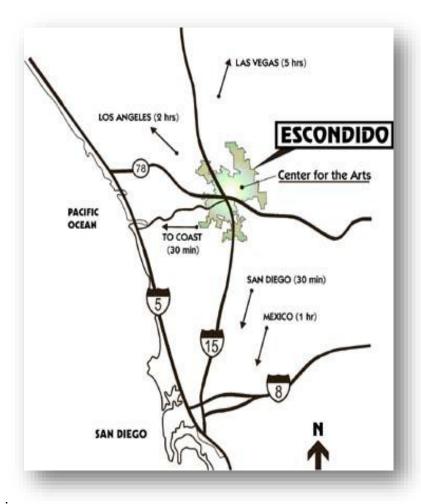

JEFFREY EPP City Manager

CITY OF ESCONDIDO FY 2017-18 Operating Budget City Profile & History

City Profile:

The City of Escondido is an established community with а population of 151,492 located in north San Diego County, approximately 30 miles north of the City of San Diego, California. Within the 37 square miles that comprise the city, there are many residential communities, a regional mall, a regional hospital, an auto center, a world renown Stone Brewery, various office, industrial, and commercial centers, a cultural center complex including a performing arts theater, a community theater, a museum and a conference center, and multiple parks and recreational facilities.

The Citv of Escondido was incorporated on October 8, 1888, under the general laws of the State of California. The City operates under a Council-Manager structure. The City Council is comprised of four Councilmembers elected by district and a Mayor elected at large, all to four-year terms. The City Treasurer is

also elected. The City Council appoints a City Manager and City Attorney. The City provides full services to residents: police and fire protection, water and sewer services, building safety regulation and inspection, circulation and public facility capital improvement construction, street and park maintenance, planning and zoning, a senior center, a library, and a full range of recreational programs for citizen participation.

Escondido continues to establish itself as the "City of Choice" for businesses, developments, and families who are seeking a quality environment in which to live, work and play.

History:

The Escondido area was first occupied by the Luiseno Indians, who built campsites and villages along the creek. The location of Escondido was later identified and discovered by Juan Bautista de Anza, a Spanish explorer, in 1776. During the late 18th to early 19th century, Spain controlled the land and many missions were established in California. After Mexico gained its independence from Spain, the Mexican Secularization Act of 1833 was passed. This Act eventually called for the disestablishment of the missions and most of the California Mission

CITY OF ESCONDIDO FY 2017-18 Operating Budget City Profile & History

land was sold or given away in large grants called ranchos. Escondido was part of the former Rancho Rincon del Diablo ("Devil's Corner"). This land consisted of 12,633 acres and was granted to Juan Bautista Alvarado in 1843 by Mexican Governor Manuel Micheltorena. In 1850, the heirs of Alvarado sold the ranch to judge Oliver Witherby of San Diego. Then in 1868, the property was sold to the Wolfskill brothers of Los Angeles for \$8,000 and Escondido Valley came to be known as Wolfskill Plains. A group of investors from Los Angeles and San Diego bought the grant from the Wolfskills for \$128,000 and sold it to Escondido Company.

The Spanish name Escondido means "hidden" and was chosen possibly because the valley is surrounded by foothills or it may refer to hidden water or hidden treasure. In 1886, the Escondido Land and Town Company acquired the land grant, laid out the town site, and divided the valley into small farms.

On October 8, 1888, the city was incorporated and its voters elected a Council, Clerk, Treasurer, and Marshal.

During period of а depression, many people were unable to pay their irrigation taxes that were the result of the issuance of bonds needed to construct the Escondido Reservoir. later named Lake Wohlford. A compromise was reached where the indebtedness would be forgiven upon payment of 43% of the amount

due. In 1905, in celebration of the forgiven debt, the bonds were burned in present day Grape Day Park. This became an annual celebration called "Grape Day" due to grapes being the most important agricultural product of Escondido at the time. Other industries that have contributed to Escondido's prosperity include citrus, hay, grain and avocados.

CITY OF ESCONDIDO FY 2017-18 Operating Budget City Mission & Values

City Mission:

The mission of the City of Escondido is to provide quality services that enhance the safety, economic diversity, environment, and health of the community, where our customers and employees can thrive in an atmosphere of courtesy, integrity, and respect.

- We demonstrate our pride and commitment to our work by being enthusiastic and professional.
- We provide responsive, quality service while maintaining fiscal responsibility through an open, participative process
- We provide all services in an ethical, honest, and equitable manner
- We use available resources effectively and efficiently to strengthen the community's economic and social environment
- We recognize and embrace the rich diversity of the community and workplace by creating an environment that respects the human dignity of all without regard to race, religion, national origin, age, gender, sexual orientation, or physical attributes

Values:

- Provide high-quality customer service
- Respect the individual
- Value diversity
- Be ethical and honest
- Be a team player
- Create and innovate
- Take ownership

CITY OF ESCONDIDO FY 2017-18 Operating Budget Strategic Goals

The voices of the community and elected officials through the City Council Action Plan set the strategic goals for the key outcomes of City services through the budget process.

The City Council's Action Plan has four major priority areas: Economic Development, Fiscal Management, Neighborhood Improvement and Public Safety. The budget incorporates these with the goal of achieving economic health, a safe community, high performing local government, neighborhood livability and effective transportation routes throughout the City of Escondido.

Each major priority area has a single overarching goal:

1. ECONOMIC DEVELOPMENT

Goal: Ensure the long-term vitality of Escondido's local economy

2. FISCAL MANAGEMENT

Goal: Approve a balancd budget each year, as required by State law, that ensures the City's fiscal stability

3. NEIGHBORHOOD IMPROVEMENT

Goal: Improve aesthetics, design, land uses, services and accessibility to support community needs

4. PUBLIC SAFETY

Goal: Maintain a safe environment for Escondido with high quality emergency services

Planning Efforts Align with "Key Outcome" Areas

The City of Escondido's fiscal year 2017-18 total operating budget totals \$189.5 million. The operating budget is comprised of twenty-six different funds. The City's General Fund budget totals \$98.7 million; Enterprise funds total \$81.4 million; other remaining funds total \$9.4 million in expenditures. The following information provides an overview of the various funds making up the fiscal year 2017-18 operating budget.

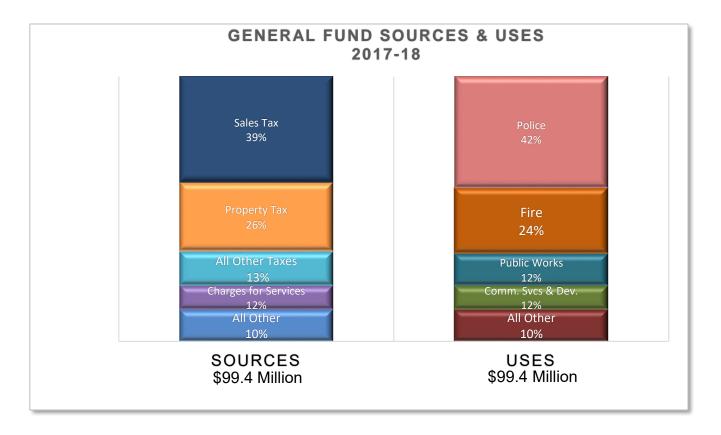

GENERAL FUND

For the seventh year in a row, the following 2017-18 General Fund sources and uses of funds is balanced without the use of reserves:

Sources of Funds:	
Estimated Revenue	\$97,285,710
Transfer from Gas Tax	2,055,000
Transfer from Hegyi Trust	1,000
Transfer from Wastewater	25,000
Deposit-PEG Fees	11,000
Total Sources	\$99,377,710
Uses of Funds:	
General Fund Operating Budget	\$98,673,990
Transfer to ASES	67,290
Transfer to Reidy Creek Golf Course-Debt Service	368,850
Transfer to Reidy Creek Golf Course-Operations	102,150
Transfer to Vehicle Parking District	95,430
Transfer to Successor Agency-Housing	25,000
Advance Paybacks to Public Facilities Fund-Principal	45,000
Total Uses	\$99,377,710

Available General Fund resources are anticipated to be \$99.4 million. Revenue is projected to be \$97.3 million with the balance of funding comprised of \$2.1 million in transfers from other funds and amounts on deposit from PEG fees.

Proposed obligations for fiscal year 2017-18 are \$99.4 million. This consists of an operating budget of \$98.7 million and \$.7 million in transfers to other operating funds. Also included are \$200,000 in advance repayments. The Public Facilities Fund advanced \$225,000 to the General Fund in July, 2014 to fund the Police and Fire Departments' Computer Aided Dispatch ("CAD") System hardware upgrade. Repayment of this advance began on June 30, 2015. The principal portion of the repayment amount due during fiscal year 2017-18 is \$45,000.

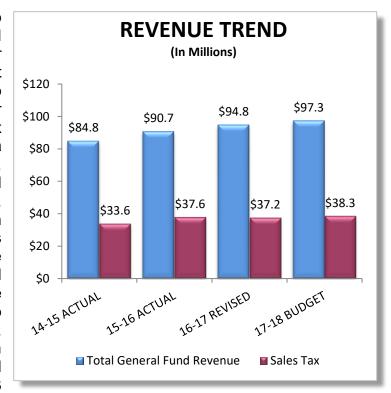

The fiscal year 2017-18 General Fund revenue estimate of \$97.3 million represents an increase of \$3.1 million or 3 percent over the fiscal year 2016-17 amended revenue projection.

	<u>2016-17</u> <u>REVISED</u>	<u>2017-18</u> <u>BUDGET</u>	DOLLAR CHANGE	PERCENT. CHANGE
Sales Tax	\$37,218,000	\$38,289,205	\$1,071,205	3%
Property Tax	11,991,000	12,337,000	346,000	3
Property Tax in lieu of VLF	12,316,000	12,809,000	493,000	4
Other Taxes	12,176,000	12,771,000	595,000	5
Permits and Licenses	1,097,000	1,097,000	0	0
Fines and Forfeits	1,402,000	1,291,000	(111,000)	-8
Intergovernmental	2,893,575	2,812,000	(81,575)	-3
Charges for Services	11,295,955	11,581,000	285,045	3
Investment and Rental Income	3,335,000	3,470,505	135,505	4
Other Revenue	457,710	828,000	370,290	81
One-time Revenue	615,735	0	(615,735)	-100
Total with One-time Revenue	\$94,797,975	\$97,285,710	\$2,487,735	3%
Total excluding One-time Revenue	\$94,182,240	\$97,285,710	\$3,103,470	3%

The following are the assumptions used for revenue projections in fiscal year 2017-18:

- Sales tax is the largest General Fund revenue source at 39 percent of total revenue. Sales tax revenue is projected to grow in fiscal year 2017-18 by 3 percent. Prior year sales tax growth was projected at 4.4 percent and the City remains on target to meet this projection. This 3% projected increase in sales tax for 2017-18 is based primarily on projected growth in new and used auto sales of 3.3 percent as well as projected growth in sales tax collected from construction materials, at 4.2 percent. The City's sales tax consultant advises that the projected increases in auto sales and construction sales, combined with other projections, results in the overall 3 percent sales tax revenue projection.
- Property tax revenue is projected to increase by 3 percent, with projected revenue of \$12.3 million. Prior year property tax growth was estimated at 4 percent and the City is on target to meet this projection. The major factors influencing property tax revenue the California are Price Consumer Index (CCPI), number of home sales. increased median home prices. Proposition 13, passed by voters in 1979, specifies that a property's assessed value may increase at the rate of the CCPI, but cannot exceed 2 percent per year unless the property is improved or sold to establish a new assessed value. The State Board of Equalization determined that the CCPI increased by 2.619 percent; the Proposition 13

inflation factor for fiscal year 2017-18 is 2 percent. This means that the assessed valuation of properties not improved or sold will increase by 2 percent in fiscal year 2017-18. In addition, the median price for a home in Escondido for calendar year 2016 averaged \$450,000, which is an increase of 3.3 percent from the calendar year 2015 average monthly median home price. As homes sell this increased price will become the new assessed value for property tax purposes. For these reasons, a reasonable projection for next year's property tax revenue is an increase of 3 percent.

 Property tax in lieu of Vehicle License Fees (VLF) is estimated to increase by 4 percent to reach projected revenue of \$12.8 million. Growth in this revenue is based on the change in assessed value of taxable property in the City from the prior year. Prior year assessed value on taxable property was up 5 percent.

- There are a variety of other taxes, which include franchise fees, transient occupancy tax, business license fees, property transfer tax and the Redevelopment Property Tax Trust Fund (RPTTF) residual payment. These other taxes are projected to increase by 5 percent to reach projected revenue of \$12.8 million. This increase in revenue from other taxes is primarily based upon projected increases in the franchise fee collected from SDG&E. This change is attributable to a change in the methodology used to calculate the franchise fee payment. Staff and consultants have been closely tracking the methodology approved by the California Public Utilities Commission. In addition, the RPTTF residual payment is projected to increase by \$321,000. This is the result of the former Redevelopment Agency's reduction in outstanding debt service payments, which results in a larger ending residual balance. The larger ending residual balance is shared among all the taxing entities, and the City of Escondido receives a share.
- Permits and licenses that are collected for building, plumbing, electrical, mechanical, fire code and mobile-home permits are projected to remain stable for the upcoming year at a projected revenue of \$1.1 million.
- Fines and forfeitures are actually projected to decrease by 8 percent with a projected revenue of \$1.3 million. The majority of this decrease is from lower collection of vehicle code fines, which in turn is because of Police Department staffing realignment and a reduction in "non-directed" patrol.
- Intergovernmental revenue includes the Rincon Fire Services Agreement, state mandated cost claims, and various grants. This is projected to decrease by 3 percent, to reach projected revenue of \$2.8 million. This projected decrease is largely based on reductions in expected grant funding. The City often does not know the amount of grant funding we will be receiving in the coming year. Using the conservative approach to budgeting, grants are not budgeted until the City is awarded the grant.
- Charges for services are projected to increase by 3 percent, to reach projected revenue of \$11.6 million. Charges for services include developer processing fees, paramedic fees, and recycling fees. In addition, moving the Recreation Department to the General Fund means that revenue also moves. Of the overall increase in charges for services, the majority of the increase is attributable to a projected increase in paramedic fees due to a fee increase that went into effect July 1, 2016.
- Income from interest and property includes rent received from leased City property and interest income on City investments. This revenue is projected to increase by approximately \$135,000 compared to the prior year to reach projected revenue of \$3.5 million. This increase is coming from increased rental income from City owned property.
- Other revenue is projected to increase by approximately \$370,000. This increase is due to
 fees that will be collected from project applicants to pay Planning Department costs for
 outside professional services to assist with project review and case file management.

 One-time revenue of \$615,735 that was budgeted in fiscal year 2016-17 will not be included in the revenue projection for fiscal year 2017-18. This revenue consisted of payments and reimbursements the City received to cover costs for Fire Department strike team incidents.

A comparison of the proposed 2017-18 General Fund Operating Budget with prior year is shown below:

	<u>2016-17</u> BUDGET	<u>2017-18</u> BUDGET	DOLLAR CHANGE	PERCENT. CHANGE
General Government	\$5,913,970	\$5,778,290	(\$135,680)	-2%
Community Services	4,627,160	7,304,775	2,677,615	58
Community Development	3,964,200	4,505,345	541,145	14
Public Works	11,647,895	12,342,335	694,440	6
Recycling & Waste Reduction	541,395	563,305	21,910	4
Police	39,266,675	41,021,925	1,755,250	4
Fire	22,801,445	23,526,630	725,185	3
Non-Departmental	1,614,455	1,359,445	(255,010)	-16
Community Relations	91,170	91,170	0	0
Center for the Arts	2,175,760	2,180,770	5,010	0
TOTAL	\$92,644,125	\$98,673,990	\$6,029,865	7%

The proposed 2017-18 General Fund Operating Budget is \$98,459,785. This is an increase of approximately \$6 million compared to the fiscal year 2016-17. Operating Budget adopted on June 8, 2016. The following items contributed to this increase:

Employee Services - \$3.4 Million:

- Salaries (including overtime) \$1,900,000
- CalPERS \$1,200,000
- Workers' Compensation Insurance \$220,000
- Other Employee Overhead \$85,000

Maintenance and Operations (M&O) - \$2 Million:

- Radio Replacement and Regional Communication System Financing \$640,000
- Recreation M&O Added to General Fund \$530,000
- Planning Project Review and Case File Management Services \$360,000
- M&O Increases in Police Department, including Patrol and Field Supplies, Safety Equipment, Training, Cell Phone Service, and Laptop Upgrades – \$210,000
- Streets Asphalt and Bear Valley Parkway Maintenance \$90,000
- Other Maintenance & Operations \$170,000

<u>Capital Outlay – \$160,000:</u>

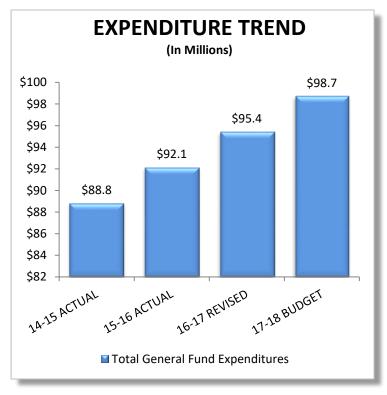

- Fire Station Alerting System Replacement and Radios \$190,000
- Other Capital Outlay (\$30,000)

Internal Service Charges - \$900,000:

- Recreation Internal Service Charges included in the General Fund – \$590.000
- Radio Communications \$540,000
- Fleet Services \$140.000
- General Liability Insurance
 (\$370,000)

The \$6.4 million increase in expenditures listed above is offset by a \$400,000 increase in the total amount allocated out to other funds.

Eight General Fund full-time positions have been added in the Operating Budget. These are not "new" positions in the traditional sense but simply the result of moving the Recreation department into the General Fund. In addition, a GIS Technician has been added to the GIS department, which will be 100 percent

allocated out to the Water and Wastewater funds for services provided to these departments.

OTHER FUNDS

Other major sources of revenue are within the following funds:

Water

The Water Fund sources of funding is estimated at \$66.4 million, an increase of \$9.3 million, or 16 percent, over the prior year estimate. The major source of revenue is customer user fees that include a fixed monthly service charge based on the size of the customer's water meter and a monthly water use charge that is based on a tiered commodity rate for residential and irrigation customers and a uniform commodity rate for other customers. Other revenues include filtration charges paid by Vista Irrigation District for their 20 percent share of water treatment capacity, recreational fees collected at the City's two lakes that store untreated water, sale of electricity generated by the power plant located beneath Lake Wohlford Dam, connection fees charged to customers to connect to the Water System, interest income, and grant funding for specific capital projects. The increase in Water funding sources is due to the anticipated receipt of low interest loans from the State Revolving Fund of \$8 million and capital project reimbursements from Vista Irrigation District of \$1.6 million to fund water capital improvement projects. The Water Fund is estimating substantially no change in revenue from customer user fees or other revenue in FY 2017-18.

Wastewater

The Wastewater Fund sources of funding is estimated to be \$82.6 million, an increase of \$47.5 million over the prior year estimate. The major source of revenue is from customer user fees that include a wastewater service charge, recycled water usage, and recycled water service

charge. Other revenues include treatment charges paid by City of San Diego for their share of wastewater treatment costs from the Rancho Bernardo community, connection fees charged to customers to connect to the Wastewater System, and interest income. The increase in Wastewater funding sources is due to the anticipated receipt of low interest loans from the State Revolving Fund of \$46.3 million to fund Wastewater and Recycled Water capital projects. The Wastewater Fund is estimating substantially no change in wastewater services charges, an 8.5 percent increase in recycled water revenue due to increased sales and a 30 percent increase in the wastewater treatment charge reimbursement received from the City of San Diego.

The following "Other Funds" which had an increase or decrease in expenditures of more than 10 percent as compared to the prior year are as follows:

CDBG

This operating budget is projected to decrease by approximately \$38,000. This is due to uncertainty in the Federal budget and because the Department of Housing and Urban Development (HUD) has recommended that jurisdictions plan on a 10 percent decrease in the grant allocation. One full-time position will be eliminated from this budget.

Successor Agency-Housing

This fund is proposing a \$70,000 decrease to its operating budget primarily because one grant-funded position is anticipated to be eliminated. Due to the winding down of the Redevelopment Agency, this fund's primary focus has shifted to monitoring existing projects rather than expanding services.

HOME

The proposed operating budget of this fund is anticipated to decrease by \$58,000 due to a decrease in allocations in from the Successor Agency-Housing fund. Similar to CDBG, this is due to uncertainty in the Federal budget and HUD recommending that jurisdictions plan on a 10 percent decrease in the grant allocation.

Successor Agency-Redevelopment

This fund proposes a decrease in the operating budget of approximately \$230,000, primarily due to a decrease in the amount of bond interest due during 2017-18.

The following full-time positions have been added to the budgets of other funds:

- Recreation Coordinator This position is 100 percent grant funded
- Asset Program Coordinator This position was reclassed from an Asset Program Manager in the Wastewater fund and moved to the Water fund resulting in a decrease in the cost of employee services
- Human Resources Technician This position is the result of a reorganization of the Human Resources and Benefits Administration departments

GANN LIMIT

Proposition 4 was passed in November 1979. This proposition created a limit on the amount of revenue derived from tax proceeds that could be spent in a given year. This limit, known as the "Gann Limit," was preventing many cities, as well as the state, from spending taxes that were received over this limit. Proposition 111, passed in the June 1990 election, changed the basis for the calculation of the City's limit, starting with the limit for 1991-92. The factors that can now be used give the City a significant margin. The Gann Limit will not be a concern for many years to come.

The Gann limit for the past two years and the current limit with applicable appropriations subject to that limit are as follows:

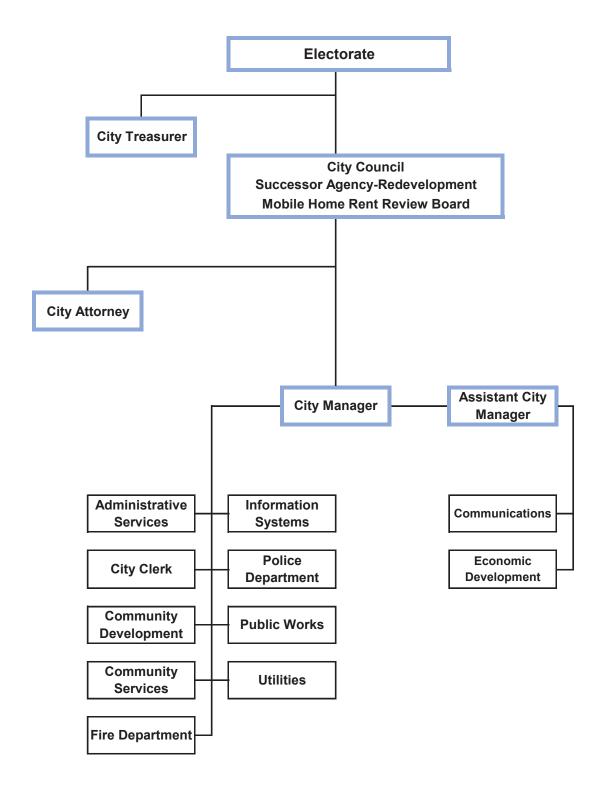

<u>Year</u>	<u>Limit</u>	Appropriations Subject to Limit	Appropriations <u>Margin</u>
2015-16	\$999,596,343	\$72,330,952	\$927,265,391
2016-17	1,061,491,349	73,139,010	988,352,339
2017-18	1,110,787,007	75,358,540	1,035,428,467

Under State law, as outlined in Article XIII-B of the state constitution, the City must calculate an appropriations limit and adopt it through resolution for the forthcoming fiscal year. The limit was previously based on a combination of the increase in population and the lesser of the increase in California personal income or the Consumer Price Index. With the passage of Proposition 111, the City can choose between the growth in the California Per Capita Income or the growth in the non-residential assessed valuation due to new construction in the city. We can also choose between the population growth of the city or the county. These options start with the 1986-87 limitation. The growth in non-residential assessed valuation is not yet known for 2017-18, so the Per Capita Personal Income Factor was used. The limit will be adjusted when the final numbers are known. The limits for prior years have been finalized.

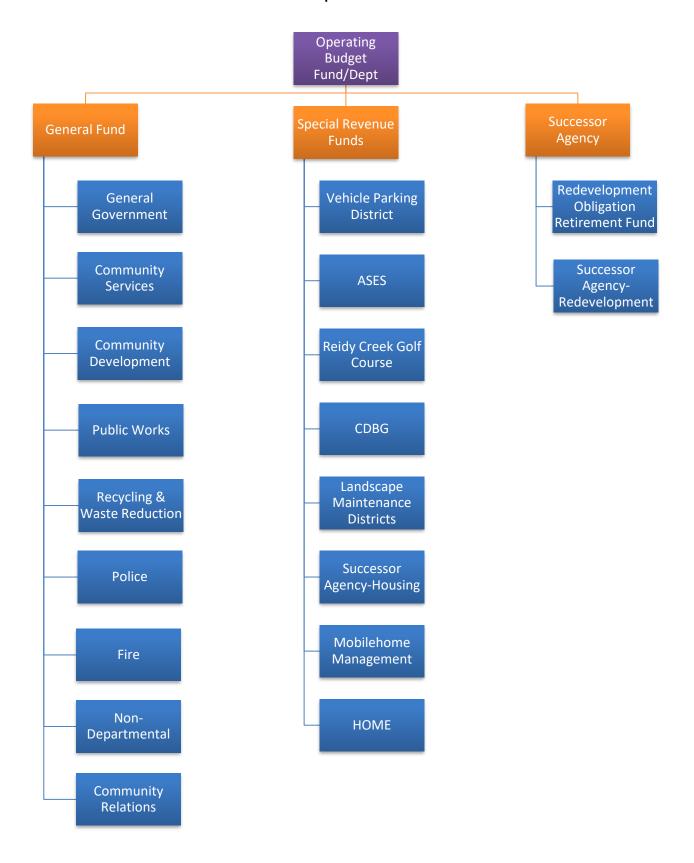

Financial Structure, Policies and Process

CITY OF ESCONDIDO FY 2017-18 Operating Budget Fund/Department Structure

CITY OF ESCONDIDO FY 2017-18 Operating Budget Fund/Department Structure

Insurance

There are many benefits to adopting budgetary and financial policies, some of which are the safeguarding of resources and providing guidance for the development and administration of the operating budget and long-term financial plan. The policies described below were adopted by City Council on May 3rd, 2017 and are located on the City website at: https://www.escondido.org/city-financial-policies.aspx.

1. The Budget Will Be Structurally Balanced

<u>Background</u> – A budget is structurally balanced if it does not spend more on ongoing costs than it receives in ongoing revenues. A structurally balanced budget is a necessary component of good financial management and financial discipline and will help sustain the consistent delivery of services to residents. An unbalanced budget (spending more than is received) undermines the City's ability to deal with financial problems. It may lead to reduced services in the future and inhibit the City's ability to take advantage of opportunities that will periodically occur.

<u>Policy</u> - The budget for the General Fund will be structurally balanced for the fiscal year. It is not a violation of this policy to have a planned use of funds available to fund one-time items, including capital, equipment, land or transitional costs for operations (starting up or termination of a service element). It is also not a violation of this policy to use funds previously set aside to mitigate temporarily higher costs or lower revenues.

2. Multi-Year Financial Projections Will Be Incorporated in to The Budget Process

<u>Background</u> – The City's financial situation and projected future status are important factors in the financial and economic decisions the City Council may make. To support the City's budgetary planning and financial decision-making process, the City needs to analyze its financial situation and the key factors impacting its economic and financial status.

<u>Policy</u> - At a minimum, the proposed annual budget should include a three-year General Fund projection (the fiscal year plus two additional years). Major assumptions should be identified. It is desirable that the budget should include similar projections of key funds and potentially all funds.

3. The Budget Process Is Based On an Annual Cycle with Minimal Mid-Cycle Adjustments

<u>Background</u> - The service plan for the City is based on an annual budget and by good financial and operational practice. Budgeting on an annual basis provides time to review all revenue sources, develop solutions to previously identified problems, and to discuss and decide on policies and priorities. An annual budget process also provides time for management to plan and more efficiently and effectively implement changes incorporated into the budget. Shortening or interrupting the process with significant mid-cycle changes can lead to poor decision-making due to incomplete information and to inefficient and ineffective operations or expenditures.

Policy

- a. The annual budget process will be the general method used by the City to develop its annual service priorities and the level and type of resources to fund those services.
- b. Changes to the budget and to service levels during the fiscal year will be minimized. Changes during the fiscal year will generally be limited to technical adjustments, emergency funding, time sensitive opportunities or issues, or new grants or awards that are intended to be spent during the year. The creation of a new program, a higher service level, or other expenditures during mid-budget cycle is discouraged.
- c. Unexpected revenue shortfalls or other significant issues that may create a budget shortfall during the fiscal year are to be reported to the City Council with recommendations by the City Manager as to whether a mid-year budget adjustment should be made.

4. User Fees and Charges Will Be Set at The Cost of the Service

<u>Background</u> - Fees and associated charges are associated with recovering the cost of providing a service. The City can charge up to the full cost of providing a service.

<u>Policy</u> – Fees will be set at a level to fully recover costs, except where there is a greater public benefit through use of a lower fee, such as where full recovery may adversely impact overall revenue or may discourage participation in programs where the participation benefits the overall community.

5. One-Time Resources Will Be Used Only for One-Time Purposes

<u>Background</u> – One-time resources are revenues that only occur once, for a very limited time, or are too unpredictable or unstable to fund operations. One-time revenues are not suited to fund ongoing operations because they are not available in the future or cannot be relied on from year-to-year to pay the ongoing costs of operations.

<u>Policy</u> - One-time resources will not be used to fund ongoing operations. They will be used for one-time uses, including capital and other one-time expenditures, transitional funding of operations (for a limited time period with a planned ending date), increasing reserves, or paying down unfunded liabilities.

6. Capital Projects Will Be Budgeted and Funded for Both Capital and Operating Costs

<u>Background</u> – Expenditures for capital and infrastructure often have an impact on operating costs. New capital projects typically increase costs while repairs may lower costs. When capital and infrastructure funding decisions are made, it is important to provide information to the City Council about future operating costs as a result of the expenditures. For capital expenditure decisions, both the one-time capital costs and the ongoing net operating costs should be considered.

<u>Policy</u> – Before approving any capital expenditure, the City Council shall consider both the capital (one-time) and operating (ongoing) components of costs, including the full capital

cost of the project, regardless of funding sources, and all City incurred site, design, overhead costs and start-up costs. Site costs for land already owned by the City do not need to be reported. Projected operating costs through any stabilization period, as well as projected future operating and maintenance costs, are to be identified. If the project has a limited economic life, the fiscal impact information should discuss proposed end of life actions and costs. The method for funding the projected operating costs is to be included in any funding description.

7. Adequate General Fund Reserves Will Be Maintained

<u>Background</u> – Maintaining adequate reserves is a basic component of a financially strong City. Adequate reserves help sustain City operations when adverse or unexpected circumstances impact the City. Maintaining a reserve balance allows a city to continue operations while responding to short-term problems, eliminating the need to reduce service levels when these temporary fluctuations occur. It also provides an organization time to address longer term problems while comprehensive response plans are developed.

Policy

- a. The City Council established a target General Fund Reserve balance of 25 percent of General Fund operating revenues in order to maintain adequate levels of fund balance to mitigate current and future risks and adequately provide for cash flow requirements and contingencies for unseen operating or capital needs of the City.
- b. The Reserve balance is available to fund one-time unanticipated expenditure requirements, local disasters, or when actual revenue received is less than the amount budgeted resulting in an operating deficit in the General Fund.
- c. If Reserves are used the method for replenishing deficiencies including the source of funding and time period of replenishment to occur will be defined in the resolution. Generally, the replenishment will come from future surpluses or one-time resources.
- d. The City may establish and maintain special purpose operating reserves (in addition to the operating reserve described above). Special purpose operating reserves are intended to be used for specific revenue and expense variations and will generally be formulaic and automatic in nature in terms of when the reserves will be added and when they will be used.
- e. A Pension Rate Smoothing Reserve was established to provide economic relief during recessionary cycles and/or rate increases that are significantly above anticipated projected employee rate increases. Increases or decreases to this reserve will be included in the proposed annual operating budget.
- f. The City may establish and maintain other reserves.

8. Revenues Will Be Projected Using a Methodology That Is Reasonably Conservative

<u>Background</u> - Revenue projections are critical to budget decisions, particularly a budget that is intended to be structurally balanced. Unfortunately, many of the City's key revenues are subject to material variation depending on the economy. No revenue projection is likely to be accurate" when the economy is changing direction or moving quickly. As a result, it is important to have a consistent approach to projecting revenues and for decision-makers to understand the basis used to project the resources available for the budget. Revenue should be projected in a way not likely to lead to a revenue shortfall and not be so conservative that the projection is always substantially under revenues.

<u>Policy</u> - Revenue projections are to be objectively prepared using a conservative approach. That approach should result in overall budgeted revenues for a fund being set at a level such that it is reasonably unlikely that actual revenues will be lower than budgeted.

Fiscal Analysis Will Be Included with All City Council Staff Reports Which Involve Decisions for Spending, Revenues, Debt, Investments, Or Other Potential Economic Impact

<u>Background</u> – The City Council should receive information on the actual or potential fiscal impact of its potential actions to aid in making decisions.

<u>Policy</u> – For any expenditure, the funding source must be identified as well as whether the expenditure has been budgeted. In addition, for any proposed City Council action impacting City finances or its economic situation, the projected or potential fiscal impact on current and future revenues and expenditures, and the projected or potential impact on the City's financial position shall be analyzed. A discussion on any overall economic impacts to the City, if relevant, will also be included.

10. The Budget Will Fund Costs Incurred in The Current Year or Will Identify the Costs That Have Not Been Fully Funded

<u>Background</u> – Governments sometimes have financial issues because they do not budget for or fund costs that are incurred in a budget year, but not paid out until a future year. This practice can lead to higher costs to taxpayers in the future if they have to pay for the services provided in the past. Typically, these costs are for employee benefits, but may also be associated with other costs. Funding current year costs is not the same as funding unfunded liabilities. Paying current costs does not have any impact on existing unfunded liabilities, but it does have an impact on keeping unfunded liabilities from occurring or growing in dollar amount. Current costs, whether paid in the current year or not, are a component of structural balance.

<u>Policy</u> – The budget will include funding for the costs for services for the current year. If that is determined not to be appropriate for a given year, the budget will disclose that and include a discussion of those costs that were not fully funded.

11. Financial Status and Financial Issues Will Be Reported

<u>Background</u> – Annual audited financial statements are an essential component of financial control and management. In addition, the City prepares interim quarterly financial reports that give the City Council more up to date financial information on the City's fiscal status.

Policy

- a. The City's comprehensive annual financial report (CAFR) will be made available to the City Council, the general public, bond holders and rating agencies after completion of the annual audit. In addition, there will be periodic reporting on the budgetary status of the City, particularly the General Fund and other funds that have unusual or problematic status. Any major or critical issue will be reported as soon as it is practical.
- b. The City presents quarterly financial reports to the City Council that provide a financial update on the General Fund and other major City funds. These reports include budgetary information, along with actual resources received to date, in addition to the use of these resources in fulfilling each fund's financial plan. Any major or critical issues will be reported as soon as it is practical.

12. Grants Will Be Actively Sought, But Only as Appropriate and with Suitable Oversight to Ensure Compliance

<u>Background</u> - Grants are an essential component of City resources. All grants have rules and regulations that must be followed, including but not limited to the use of the awarded funds. Failure to follow the rules and regulations may require a return of the funds, even after they have been spent. Grants often come with matching funds requirements. Grant applications must be carefully reviewed to determine if the grant is appropriate for the City. Appropriateness shall be determined based on type of match requirements (cash or inkind), dollar amount of match required, ability to recover administrative costs, excessive restrictions on expenditures, compliance risk, and/or incompatibility with other City priorities.

<u>Policy</u> - The City will pursue grants that are consistent with City priorities and when the benefit to the City substantially outweighs the cost of application and administration, and the risk of unintentional non-compliance. The City will not seek grants if the purpose does not provide a significant net benefit to the City for existing priorities. Before applying for any grant, staff shall ensure that the above conditions have been met. The City shall maintain the necessary administrative support and training to ensure compliance with grant terms and requirements.

13. Debt and Capital Leases Will Be Maintained at Appropriate Levels

<u>Background</u> - Debt (borrowing) is a valuable and necessary tool for financing major infrastructure and other capital assets. However, misuse of debt or poor debt management, including excessive debt and poor choices for the structure of debt, can contribute to financial weakness and compromise the City's ability to deliver services over the long-term.

<u>Policy</u> – Limits on the amount of debt shall be defined in the Debt Management Policy which has been adopted by the City Council. The term of debt will generally not exceed the life of the asset being acquired. Capital leases for vehicle replacement or other recurring costs should be part of a comprehensive strategy that provides for ongoing replacement of the equipment. Debt will not be used to fund operations. Incurring short-term debt (less than one year) to provide for cash flow in anticipation of revenues is not a violation of this policy. A separate Debt Management Policy has been adopted by the City Council and is located on the City website.

14. Cash and Investments Will Be Effectively Managed

<u>Background</u> – The primary objective of the City's cash and investment management system is to safeguard government funds while providing adequate liquidity to meet the daily cash flow demands of the City.

<u>Policy</u> – All funds that are not required for immediate expenditures shall be invested in accordance with State and Federal laws as outlined in the City's Investment Policy. Cash management shall be performed daily to determine how much of the cash balance is available for investment. The priorities for investment decisions shall be (in order of importance):

- 1. Safety preserving the principal of investments by mitigating the two types of risk: credit risk and market risk.
- 2. Liquidity structuring the investment portfolio with sufficient liquidity to enable the City to meet expected cash requirements.
- 3. Yield generating a market rate of return on the portfolio within the investment constraints to provide income to the City.

A separate policy on Cash and Investment management has been adopted by the City Council and is located on the City website.

15. Capital Assets Will Be Inventoried and Their Conditions Assessed Periodically

<u>Background</u>- An effective capital asset accounting system is important to safeguard and manage the City's capital asset investment. Periodic review of the City's assets and infrastructure is necessary to ensure that the items are still in service. This also allows the departments to determine what assets can be maintained and what needs to be replaced.

<u>Policy</u> - It shall be the responsibility of the City's finance department to record capital asset transactions, tag assets, and change records as necessary. It shall be the responsibility of the various City departments that maintain the assets to provide custodial responsibility, safeguard the assets from damage and theft, inventory assets, and assess the condition of the assets periodically.

16. Delinquent Accounts Will Be Written Off When Deemed Uncollectible

<u>Background</u> – The timely identification of losses is an essential element in appropriately measuring the value of the City's assets. The write-off process is a critical component of that measurement. The policy is intended to enable the City to reflect the value of its receivables and ensure that resources are used efficiently and not devoted to the recovery of uncollectible receivables.

<u>Policy</u> - Delinquent accounts are reviewed by the Collections Officer and when appropriate, unpaid accounts will be assigned to the collections agency. Accounts deemed uncollectible will be written off as bad debt. No less than annually, the Director of Administrative Services and the Assistant Director of Finance will present to the City Council all proposed write offs above \$5,000 where collection efforts have been exhausted. Amounts due under \$5,000 will be written off if requested by the Revenue Manager and approved by the Assistant Director of Finance.

A separate policy on writing off bad debt has been adopted by the City Council and is located on the City website at.

17. A Long-Term General Financial Plan Will Be Maintained

<u>Background</u> - The long-term financial health of the City and the ability to provide services and a quality of life for the City's residents depends on the actions that City officials take. To help guide the decisions of City officials where the decisions impact the long-term finances of the City, a plan that identifies adopted general strategies for the long-term financial strength of the City is helpful, if not essential, to the long-term financial success of the City. The general financial plan would be specific enough to determine whether or not a particular proposal is consistent with the plan.

<u>Policy</u> - The City will continue to develop and update our long-term financial plan. The plan will outline general approaches the City should follow over the long-term to maintain and increase the ability of the City to provide services through maintaining and increasing revenues, growing the City's economy for the purpose of revenue generation, and controlling and managing the cost of services and the method of delivery of services. This plan will identify and discuss unfunded liabilities and other deferred costs such as maintenance. A plan or options will be identified to address them. This plan is not intended as a general statement of overall City strategies and goals, but rather a focused approach to long-term finances and to enhancing the economic strength of the City to generate more revenues and resources for services. The plan may be integrated into an overall set of goals and strategies for the City such as the City Council Action Plan. The City Council will modify the plan as it desires and adopt it as a general guideline for future financial and economic direction. The plan is to be reviewed and updated no less frequently than every five years.

18. Financial Policies Will Be Periodically Reviewed

<u>Background</u> - Financial policies need to be periodically reviewed to ensure that they do not become out-of-date and also to help reinforce compliance with the policies.

<u>Policy</u> – Financial policies will be reviewed by the City Council every three years or more frequently, if appropriate. The City Manager will report annually on any noncompliance with the policies.

19. Procedures and Practices Are to Be Consistent with Financial Policy

<u>Background</u> – Financial policies are high level expressions of direction. Implementation of policies requires detailed procedures and practices.

<u>Policy</u> – Policy implementation procedures and practices designed and implemented by the City Manager and any associated administrative procedures and practices shall be consistent with the adopted City Council policies.

ACCOUNTING SYSTEM AND BUDGETARY CONTROL

Governmental fund types and Agency funds are maintained on the modified accrual basis and Proprietary fund types are maintained on the accrual basis of accounting.

A carefully designed system of internal accounting controls has been implemented. These controls are designed to provide a reasonable assurance against loss of assets from unauthorized use or disposition and the reliability of financial records for use in the preparation of financial statements and accountability for assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits and that the evaluation of costs and benefits likely to be derived there of require estimates and judgments by management. This system is regularly reviewed by an independent, certified public accountant during the City's annual audit.

The budgetary policy of the City is as follows:

- 1. Prepare budgets for general, special revenue, enterprise, internal service, and debt service funds
- 2. Adopt budgets that are balanced as to resources and appropriations
- 3. Adopt budgets that do not exceed State constitutional limits
- 4. Adopt budgets prior to the beginning of the fiscal year in which they are to take effect
- 5. Exercise budget controls at the fund level
- 6. Allow adjustments to the budget with the proper approvals
- 7. Adopt budgets by City resolution
- 8. Utilize encumbrances of appropriations as a budgetary control technique

Budgetary Forecasting Monitor, Evaluate, & Adjust Budget Implement Budget

CITY OF ESCONDIDO FY 2017-18 Operating Budget Budget Process

The officials that have direct responsibility for the financial administration of the City include the following:

- City Treasurer responsible for managing and investing the City's portfolio and bond proceeds administration
- Director of Administrative Services responsible for the management and administration of the Finance Department
- Assistant Director of Finance supervises the City's Accounting and Budget operations

BUDGET PREPARATION PROCESS

The budget process begins in around December each year; the City Manager and Finance staff meet to develop the assumptions, guidelines, and schedules to be used in the preparation of the operating budget.

The Finance Department issues a budget newsletter to each department, which includes information such as:

- The Cities current fiscal situation: Current revenue constraints and economic or community conditions
- Council priorities for the upcoming year
- Changes affecting the cost of employee wages and benefits
- Instructions and due dates for completing budget submissions

The departments use this information to prepare their budget requests. The budget request generally consists of projected revenues, a line item detail of projected expenses, a position listing, a narrative justification, and priorities for the upcoming year. The budget staff analyzes and summarizes the requests submitted by the departments.

This year, budget information was brought to the full Council and discussion began on May 3rd. A draft of the proposed fiscal year 2017-18 General Fund Operating budget was presented. It was a balanced budget with no use of reserves and included an increase to the General Fund of approximately \$5.8 million. \$2.6 million of this amount is due to the Recreation department being moved in to the General Fund. At this meeting, Staff requested direction regarding budget subject matter to be discussed at future budget meetings.

On June 14th, a summary of what was reflected within the preliminary budget document, as well as any possible amendments, will be presented.

CITY OF ESCONDIDO FY 2017-18 Operating Budget Budget Process

BUDGET CALENDAR

 Budget Staff and City Manager discuss budget guidelines, assumptions and Council Action Plan priorities and strategies • Finance department provides budget newsletter to departments December Department budget requests submitted to Finance Finance meets with departments to discuss budget submissions January -March Budget Staff and City Manager review summary of all budget requests March Budget Briefing Council Meeting April Preliminary budget document distributed for review May Budget document adopted by City Council June

GUIDE TO THE BUDGET DOCUMENT

The introduction section of this document includes a transmittal letter from the City Manager that discusses the priorities and issues of the City. In addition, this section includes interesting profile and historical information, as well as the City's mission, values and strategic goals. Included is a brief overview of the major budgetary items and trend information.

CITY OF ESCONDIDO FY 2017-18 Operating Budget Budget Process

The next section provides information regarding the City's financial structure, policies and the budget process.

In the third section, several summary financial schedules, as well as schedules regarding fund balance, capital expenditures, long-term debt, have been provided for a more comprehensive view of the financial status of the City. In addition, a multi-year financial plan is included.

The core of the budget document is the fourth section, which provides the detail on the departments' proposed budgets. This section includes budget information for all funds, which require an annual budget per City Council policy. This section is divided by fund type, beginning with the General Fund and continuing with Special Revenue, Successor Agency-Redevelopment, Debt Service, Enterprise and Internal Service Funds. Each fund within a fund type begins with a sources and uses page, which provides a description of and the estimated sources and uses for each fund. For each department, a department description, a list of priorities, an explanation of year-to-year changes, an organization chart by function, a four-year staffing and budget summary, and trend information are provided.

The last section of the budget is the appendix, which consists of a budget glossary and a statistical sheet profiling the Escondido community.

CITY OF ESCONDIDO FY 2017-18 Operating Budget Employee Overhead-General Fund

Account Description	2014-15 ACTUAL	2015-16 ACTUAL	2016-17 REVISED	2017-18 BUDGET	16-17 REVISED 17-18 BUDGET % Change
PERS-Normal Cost	\$11,421,708	\$14,995,710	\$16,454,645	\$7,272,140	-55.8%
PERS-Unfunded Liability	0	0	0	10,095,170	0.0
Medical	4,222,298	5,572,432	6,396,905	6,325,940	-1.1
Workers' Compensation	1,698,868	1,998,269	2,453,960	2,629,670	7.2
Other Employee Overhead	6,081,920	1,665,736	1,632,300	1,673,465	2.5
TOTAL, EMPLOYEE OVERHEAD	\$23,424,793	\$24,232,146	\$26,937,810	\$27,996,385	3.9%

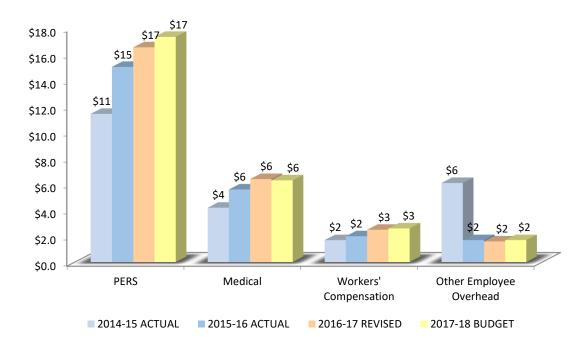

Employee overhead is comprised of PERS, Medical, Workers' Compensation and Other Employee Overhead costs. The Other Employee Overhead category includes the following overhead costs: Dental Insurance, Life Insurance, Unemployment Insurance, Medicare and Benefit Administration.

PERS rates will increase from 30.8% to 32.5% for the Miscellaneous Plan and from 37.8% to 39.2% for the Safety Plan. This is projected to result in an approximate \$1.2 million increase in pension cost to the General Fund during 2017-18.

There is an increase in workers' compensation charges to the General Fund projected of approximately \$230,000 for 2017-18. This is because the Workers' Compensation fund is proposing not to use available fund balance and will need to increase charges to departments in order for this budget to be balanced.

Overall, other employee overhead costs are projected to increase slightly by approximately \$75,000. As salaries increase, so will the cost of variable benefits such as unemployment and Medicare. In addition, the Benefits Administration and Dental funds have increased their charges to departments slightly.

Employee Overhead Comparison (In Millions)

Explanation of Available Fund Balance and Reserves:

Available fund balance is the cumulative years' excess of all revenues over expenses that is available for appropriation in the next budget cycle. Available fund balance for each fund is analyzed regularly to determine if the balance is at the optimum level.

Reserves are fund balance that is set aside for a particular use.

The General Fund Reserve is General Fund fund balance that is set aside to fund one-time unanticipated expenditure requirements, local disasters, or when actual revenue received is less than the amount budgeted resulting in an operating deficit in the General Fund. This reserve can only be used with City Council approval.

The PERS rate smoothing reserve is General Fund fund balance that is set aside to provide economic relief during recessionary cycles and/or rate increases that are significantly above anticipated projected employee rate increases.

CITY OF ESCONDIDO FY 2017-18 Operating Budget Available Fund Balance Schedule

Explanation of Changes in Available Fund Balance Greater Than 10%:

<u>Recreation</u> - Department 102 is no longer considered a Special Revenue department. It has been moved in to the General Fund in fiscal year 2017-18.

<u>Landscape Maintenance District, Warehouse, Central Services, Dental Insurance & Unemployment Insurance</u> - Accumulated fund balance from prior years is being appropriated to meet 2017-18 expenditure needs.

<u>Water and Wastewater</u> - Available Water and Wastewater capital project reserves will be used to fund a portion of various proposed Water and Wastewater capital projects.

<u>Building Maintenance</u> - Projected available fund balance to be used primarily to fund the increase in charges from other internal service funds. This fund will need to increase charges to departments in order to fund deferred building maintenance related costs.

<u>Fleet Services</u> - The majority of the increase in fleet charges to the Fire and Police departments will be funded by accumulated fund balance from prior years.

Office Automation - Projected available fund balance will be used to fund increases in maintenance and operation costs, primarily for the Microsoft Enterprise licensing contract renewal and the desktop replacement costs incurred in order to complete the Windows 10 upgrade project.

<u>General Liability</u> - Accumulated fund balance from prior years is being appropriated to meet 2017-18 expenditure needs. Previous actuarial assumptions expected paid losses to be approximately \$1.1 million more than actual paid losses.

<u>Benefits Administration</u> - This department has been using accumulated fund balance from prior years to fund expenditure needs for the past several years. It will continue to do so in 2017-18. It is projected that charges to departments will need to increase beginning in fiscal year 2018-19.

The City of Escondido budgets a majority of capital expenditures through the City's five-year Capital Improvement Program and Budget (CIP). The CIP is used to coordinate the identification of dependable funding resources with the implementation of projects that respond to current needs and priorities. These projects can require several years to strategically plan,

design, fund and construct. The CIP allows for staff to budget and plan accordingly. Further information on the CIP can be found in the CIP budget document, which is located on the City's website at: https://www.escondido.org/capital-improvement-program.aspx.

The fiscal year 2017-18 capital projects are sorted into several categories noted on the right. The six most significant capital projects within these categories are described below. Detail is provided for these projects as to whether the costs are reoccurring or nonrecurring, the funding source, total current year projected cost and the total estimated cost of the project.

2017-18 Capital Improvement Plan					
Community Services	\$40,000				
Library	250,000				
Parks & Recreation	1,462,500				
Public Art	120,000				
Public Safety	15,000				
Public Works	478,740				
Streets	9,291,805				
Wastewater	52,994,555				
Water	13,850,000				
Total CIP	\$78,502,600				

Wastewater

The Wastewater Department anticipates almost \$53 million in capital projects this year. Of that amount, \$41.7 million relates to the new Recycled Water Easterly Main and Distribution projects that will construct the infrastructure to provide recycled water to agricultural users. These projects consist of construction of a Membrane Filtration Reverse Osmosis facility and pump station to improve recycled water quality for agriculture uses and extending the pipeline from Grape Day Park to the agricultural areas of Cloverdale and Mountain View. The City has applied for State Revolving Funds for these projects. The anticipated total cost for these projects is \$60.5 million. Of that amount, \$17.3 million has been secured in bond and wastewater customer fees towards the project, \$41.7 million is needed in fiscal year 2017-18 and an additional \$1.6 million is requested in future years.

Membrane Filtration Reverse Osmosis Facility and Pump Station

Brine Line Project

The Brine Line from Broadway to the Hale Avenue Resource Recovery Facility is another new large capital project that will require \$5 million in financing. The City has applied for State Revolving Funds for this project. This project has \$250,000 already secured from wastewater customer fees, so it is anticipated to have a total cost of \$5.25 million.

Both of these projects are new non-reoccurring capital costs that will improve the City's wastewater infrastructure.

Water

The Water Department anticipates \$13.8 million in capital projects this year. The Lindley Reservoir Replacement project will replace the existing 2 MG steel reservoir that was originally constructed in 1950 with two 1.5 MG prestressed concrete reservoirs. This project has secured about \$2.2 million in bond and water customer fees towards the project. There is \$8 million needed in fiscal year 2017-18 that will come from loan funding and an additional \$200,000 anticipated to be needed in the future to complete the project, for a total cost of \$10.4 million. Since this project is a replacement it is a reoccurring cost. However, future costs are not anticipated towards replacement for another 50+ years.

Current Lindley Reservoir to be replaced

Current portion of Canal to be undergrounded

The San Pasqual Undergrounding project is a new project that will underground a portion of the Escondido Canal through the San Pasqual Reservation as per the Settlement Agreement with the Indians. This project has secured \$400,000 in water customer fees toward the project. The fiscal year 2017-18 CIP budget will approve \$3 million towards the project with an additional \$12 million needed to complete the project. The total cost of this project will be \$15.4 million and will be shared with Vista Irrigation District reimbursing half the costs. This is a non-reoccurring cost to the City.

Streets

Engineering Department The anticipates spending \$9.2 million towards street related projects. Of that amount, \$2.1 million is gas tax funding transferred to fund reoccurring street maintenance department operating costs and \$4.8 million will be used to fund the reoccurring maintenance street pavement rehabilitation projects. Recognizing the importance of well-maintained streets, in FY13/14 the City significantly increased its annual investment in road maintenance to \$4.7-Million. This year's program is funded by gas tax funds, TransNet funds and the new Road Maintenance and Rehab Account (SB1 funding)

Street pavement maintenance & rehabilitation

that was approved by the State this year. With the new funding, this annual program is projected to increase to \$5.5 million in the next two years and to \$5.7 million by fiscal year 2020-21.

This year's budget also designates \$1.16 million in funding for the Citracado Parkway project. This project extends Citracado Pkwy from Harmony Grove Village Pkwy to Andreasen Drive and is the City's highest priority roadway project. It has secured funding of \$20.8 million from Palomar Health, TransNet, and Traffic Impact fees. An additional \$12.1 million is anticipated to be programmed towards this project in the next four years for a total cost of \$34 million. This is a non-reoccurring cost to the City.

Since the onset of the recession, there have been CIP budget requests that do not have a designated funding source. The City currently has approximately \$2.5 million in capital projects that need funding for fiscal year 2017-18.

Capital projects may have an impact on the operating budget. Departments responsible for each project are responsible for determining the potential future impact to ongoing operations and for including these costs in the operating budget document.

Capital Outlay-Operating Budget 2017-18					
Motive Equipment	\$2,835,200				
Other Capital Outlay	1,182,375				
Total Capital Outlay	\$4,017,575				

In addition to the capital items in the CIP budget there are also items included under capital outlay in the operating budget. These items are typically vehicles, machinery and equipment or an item that is capital in nature that can be purchased and completed within the annual operating budget cycle.

Capital outlay is defined and based on the following criteria:

- 1. Life expectancy is longer than two years
- 2. Must have a minimum value as follows:

Building and building improvements	\$10,000
Vehicles, machinery & equipment	5,000
Works of art and historical treasures	5,000
Infrastructure	10,000

Capital outlay is recorded at historical cost, except for gifts which are recorded at fair market value at the time of contribution.

NOTE:

Assessment debt - These bonds are secured by and payable from the proceeds of annual special assessment taxes levied and collected on the property within the Districts. The bonds are not general or special obligations of the City of Escondido. The City is not obligated in any manner for the payment of debt service in the event of default by the property owners but is only acting as an agent for the property owners in collecting the assessments, forwarding the collections to bondholders, and initiating foreclosure proceedings, if appropriate. Neither the faith and credit nor taxing power of the City is pledged to the payment of these bonds. Accordingly, no liability for these bond issuances has been recorded and all debt service transactions have been recorded as an agency fund.

CITY OF ESCONDIDO FY 2017-18 Operating Budget Legal Debt Margin Summary

	2013	2014	2015	2016	2017

Legal Debt Margin	\$ 287,122,576	\$ 295,091,944	\$ 328,085,974	\$ 347,269,401	\$ 366,933,679
Total Debt Applicable to the Lim		20%	16%	15%	14%

NOTE:

The Government Code of the State of California provides for a legal debt limit of 15% of gross assessed valuation. However, this provision was enacted when assessed valuation was based upon 25% of market value. Effective with the 1981-82 fiscal year, each parcel is now assessed at 100% of market value (as of the most recent change in ownership for that parcel). The computations shown above reflect a conversion of assessed valuation data for each fiscal year from the current full valuation perspective to the 25% level that was in effect at the time that the legal debt margin was enacted by the State of California for local governments located within that state.

Transfer to Successor Agency-Housing	25,000
Advance Paybacks to Public Facilities Fund-Principal	 45,000
TOTAL, Uses	\$ 99,377,710

CITY COUNCIL

DESCRIPTION

The City Council is the legislative body of the City and is responsible for establishing City policies and representing the Citizens of Escondido. The City Council sets policy for the City through legislative, budget and executive functions. They work closely with the City Manager to insure policy is effectively implemented. They represent the City for all ceremonial and political services and all regional public agencies that require a public official. They support Citizen input and participation and actively review City operations while representing the best interest of all citizens. The City Council is

made up of the Mayor elected at large and four City Council members who are elected by district. City Council members are elected to a staggered four-year term.

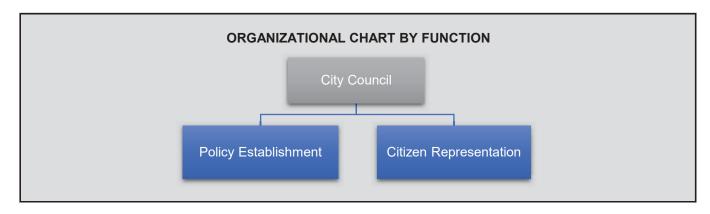

DEPARTMENT PRIORITIES

- Support the City Council in their roles as elected officials
- Support the City Council in their operations of City Council meetings
- Operate the City Council office in the most efficient way possible

MAJOR BUDGET IMPACTS

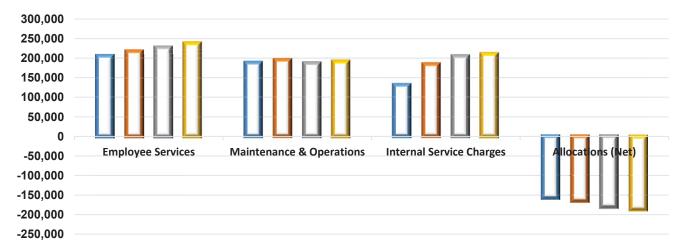

- Increase in salaries and PERS costs
- Increase in operating supplies and League of California Cities dues
- Increase in General Liability charges is the result of future risk evaluation and prior claims experience

CITY MANAGER*

DESCRIPTION

The City Manager's Office implements City Council policies, administers the organization and the delivery of services to the community and oversees the City's day to day operations. The City Manager is appointed by the City Council and serves as the City's Chief executive officer and manages the daily operations of all City departments, while

supporting the City Council's goals and objectives. The City Manager implements the City Council directives while ensuring and monitoring a fiscally sound operating budget for the City.

The Assistant City Manager, Economic Development, Communications and Audio/Visual Services are located in the City Manager's office. Economic Development oversees facilitation of retail, commercial and industrial properties, and retention of businesses. A strong emphasis is placed on retention, business attraction and working with small businesses for optimum success. Communications is part of the Economic Development team. Communications assists Economic Development in improved business development, developing marketing and advertising campaigns and coordinating special events. In addition, Communications is the contact point for press releases, social media, public information and a variety of communication services. Audio/Visual Services is also within Economic Development and are responsible for production and delivery of high quality broadcasts of the weekly City Council meetings, developing additional programming for the City's local government access channel (Ch. 19), and developing and maintaining electronic bulletin boards for the government access channel.

DEPARTMENT PRIORITIES

- City Manager: Support the policy making needs of the City Council; implement Council decisions and directives
- City Manager: Continue with the ongoing commitment to make Escondido safe, clean, and efficiently run
- City Manager: Support and run the day to day operations of the City Manager's Office

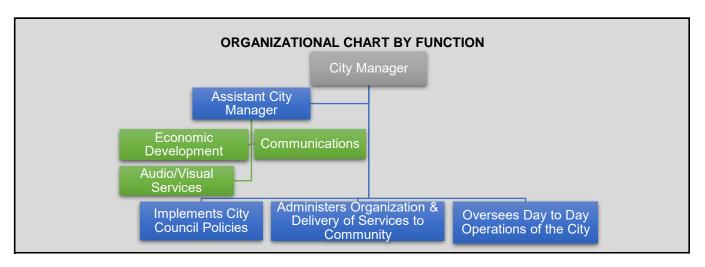

^{*}Includes the Video Services Department

- Video Services: Ensure the production and delivery of high quality broadcasts of the weekly City Council meetings
- Video Services: Develop and maintain electronic bulletin board for the City's local government access channel
- Video Services: Develop additional programming for the City's local government access channel as resources allow

MAJOR BUDGET IMPACTS

- City Manager: Reorganization of positions including adding one Deputy City Manager position and moving the Real Property Manager position to the Engineering department
- City Manager: Increase in professional services for Comprehensive Economic Development Strategy (CEDS) update 2018
- City Manager: Decrease in internal service charges primarily due to decrease in building maintenance and property insurance charges
- City Manager: Increase in allocations in from building maintenance for overtime costs related to renting out the Daley Ranch house
- Video Services: None

CITY ATTORNEY

DESCRIPTION

The Escondido City Attorney's Office serves as legal counsel to the entire City government, including the City Council, Boards and Commissions, and all City Departments. The Office also represents City employees sued in their official capacities. The City Attorney reports directly to the City Council, operates as part of the City's management team to assist transactional matters efficient assures operations consistent with the law.

The City Attorney's client is the City itself, not any one resident. As a result, the City Attorney's Office does not represent or provide direct legal advice to City residents.

STAFFING

The City Attorney's Office has seven attorneys and five support staff. Although the City Attorney occasionally engages outside counsel, nearly all legal work is handled in-house.

CITY ATTORNEY PRACTICE AREAS

Litigation and Risk Management

The City Attorney's Office is responsible for defending the City in personal injury, property damage and civil rights cases. These include vehicle accidents, conditions of public property, use of force, and can involve minor amounts at stake to multi-million dollar lawsuits. The City Attorney's Office handles tort claims against the City, and coordinates with all City Departments to develop and improve policies and procedures that mitigate risk.

Code Enforcement

The City Attorney's Office enforces laws related to building standards, zoning requirements, neighborhood preservation, and other conditions or conduct affecting public health, safety or welfare. Violations are addressed by employing the various legal enforcement tools available to the City: administrative actions, civil actions and/or criminal prosecution. The City Attorney's Office provides further assistance by obtaining legal orders for abatement or demolition of substandard properties.

General Municipal Law

The City Attorney's Office assists with the enactment of local laws by preparing City Council resolutions and ordinances and also advises regarding conflicts of interest, open meeting and

public records requirements, elections, and inter/intra-governmental relations. The City Attorney's Office supports City staff in the interpretation and application of federal and state law and the City's Municipal Code.

Employment

With nearly 800 full-time City employees, several bargaining units, and hundreds of applicable laws, the personnel and labor issues facing the City are complex and diverse. In collaboration with the City's Human Resources Department, the City Attorney's Office is responsible for advising on labor negotiations, employee policy development, federal and state labor laws and disciplinary matters.

Land Use

The City Attorney's Office provides legal advice to the City Council, Planning Commission and staff on land use issues including the general plan, zoning, subdivisions, growth management, special use permits, environmental impacts, hazardous materials, low-income housing, preservation of historic properties, and impact fees and exactions.

Real Estate

The City Attorney advises the City Council, City Manager and City departments in connection with real estate issues, with typical matters including property acquisition and disposition, leasing, development agreements, and affordable housing transactions.

Contracts

The City enters into many contracts involving public works, licensing agreements, consulting services and purchase of equipment and/or materials. The City Attorney provides legal services at all stages of contract development, implementation and enforcement, including negotiation, drafting, administration and dispute resolution. The City Attorney develops and maintains standardized City contracts and actively participates in negotiations and structuring of complex transactions.

POINTS OF INTEREST

For year 2016, 81 new claims were filed against the City. Under California law, these administrative claims must be filed before a lawsuit can be filed.

At any given point in time, there are between 20 and 25 pending court cases and appeals which involve the City. In 2016, 11 new lawsuits were filed against the City on various claims, however, 11 lawsuits were also resolved.

The City of Escondido has had 2 appearances before the United States Supreme Court.

The first case was <u>Escondido Mutual Water Company v. the La Jolla Band of Mission Indians, et al.</u> The case was argued on March 26, 1984, and decided on May 15, 1984. The Court considered issues relating to Mutual's license under the Federal Power Act for the Rincon and Bear Valley Power plants. Mutual was later merged into the City of Escondido, which continues to operate the Bear Valley Power plant.

The second case was <u>Yee v. City of Escondido</u>, argued on January 22, 1992, and decided on April 1, 1992. The case involved a challenge to the City's voter-approved mobile home rent control initiative under the takings clause of the Fifth Amendment to the United States Constitution. In a unanimous opinion authored by Justice Sandra Day O'Conner, the Court upheld the City's ordinance

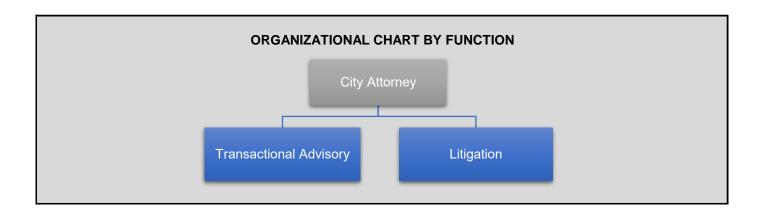

DEPARTMENT PRIORITIES

- Provide essential legal services to the City of Escondido
- Minimize use of outside counsel expenses while still providing preventive and Comprehensive services

MAJOR BUDGET IMPACTS

- Increase in the cost of PERS
- Decrease in internal service charges primarily due to decrease in building maintenance charges
- Increase in allocations out to Successor Agency-Redevelopment due to increase in prior year enforceable obligations

CITY CLERK

DESCRIPTION

The City Clerk's Office is a service department and one to which other departments and the general public comes for legislative information regarding the operations of the City. Original City contracts and agreements, claims against the City, deeds, ordinances, resolutions and other documents are processed and filed with the City Clerk. The City Council agendas and minutes are prepared by this office and staff

support is provided to record and prepare minutes for City Boards and Commissions. In addition, the City Clerk oversees the citywide Records Management and Electronic Imaging Program, and is responsible for the codification of the Escondido Municipal and Zoning Codes. All municipal elections are conducted by this office.

The City Clerk is designated as the City's Filing Officer by the State Fair Political Practices Commission (FPPC) and processes Statements of Economic Interests, administers the City's Conflict of Interest Code for designated employees, and receives all campaign filing documents for local candidates, officers and committees.

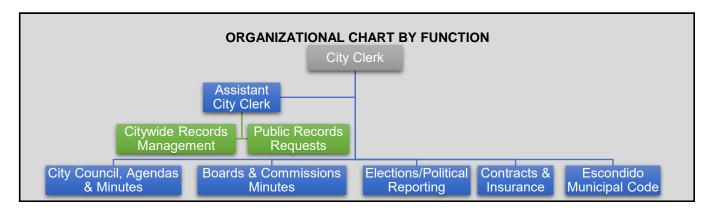

DEPARTMENT PRIORITIES

- Maintain a high level of customer service for the public counter, telephone contacts and internal services
- Begin research and preparation of policies and structural design for implementation of an Electronic Records Policy
- Continue converting City Council minutes into digital format
- Begin converting Micro Media into digital format
- Complete restructuring and implementation of Questys CMx Database

MAJOR BUDGET IMPACTS

- Decrease in minor office equipment/server upgrades
- Increase in allocations out to Successor Agency-Redevelopment due to increase in prior year enforceable obligations

CITY TREASURER

DESCRIPTION

The City Treasurer's Office is responsible for maintaining adequate bank balances to cover expenditures and invest surplus cash considering both short-term and long-term cash flow needs; overseeing the City's investment program; managing the City's investment portfolio and investment policy in accordance with legal guidelines; performing bond administration duties including trustee account reconciliation, oversight of debt service requirements and

payments, and preparation of annual tax levies; coordinating assigned activities with other divisions, departments, and outside agencies; and preparing and maintaining a variety of investment, bank, and bond records and reports.

The City Treasurer is an elected position which serves a term of four years.

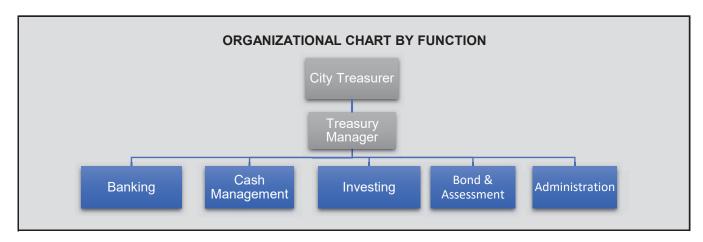

DEPARTMENT PRIORITIES

- Receive and safeguard all monies into the City Treasury and disperse funds as needed for the operations of the City
- Forecast and monitor cash receipts and disbursements and invest all available cash
- Monitor investment reports and transactions, ensure compliance with the State of California regulations governing local agency investments
- Monitor bonded debt, community facility and special assessment district transactions and administration
- Submit the City's investment policy to City Council for annual review and approval of policy and policy changes

MAJOR BUDGET IMPACTS

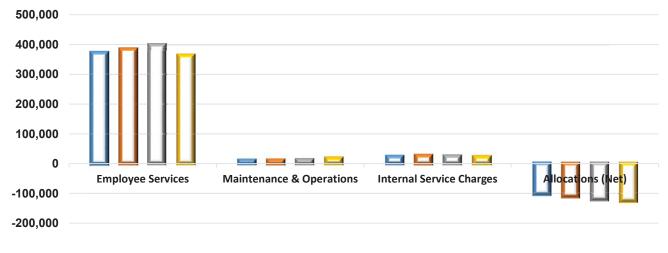

- Decrease in employee services due decrease in salaries and related overhead
- Increase in allocations out to wastewater due to increase in projected wastewater revenue

FINANCE

DESCRIPTION

The Finance Department is responsible for managing the financial resources of the City by providing reliable and timely financial support services to organization. department's The responsibilities include: financial operating reporting, and capital improvement budgets, program accounting, purchasing, utility billing, collections, payroll, accounts payable and accounts receivable.

The core financial services provided by the finance department are:

- Budget Coordinates and manages the operating and capital improvement program budgets. Provides assistance to departments to determine the cost or savings of proposed changes to their budgets.
- Payroll Processes bi-weekly payrolls for approximately one thousand full time equivalent postions ensuring compliance with rules and regulations.
- Utility Billing Responsible for performing all accounting functions related to the billing of water, wastewater, and trash for approximately 30,000 accounts.
- Accounts Receivable Works closely with departments to create and track invoices for various City services and programs and to ensure efficient, timely and accurate payment of accounts.
- Collections Provides collections services for unpaid and delinquent receivables including utilities, general accounts receivable, library fines, DUI Cost Recovery, and a variety of other accounts.
- Accounts Payable Responsible for the payment to contractors in an accurate and timely manner and in compliance with all applicable rules and regulations. Accounts payable processed 28,846 invoices in fiscal year 2015.

- Purchasing Assist City departments in procuring goods and services necessary to perform their daily operations at the most economical cost ensuring compliance with procurement standards.
- Grant Financial Management- Manages City's grant portfolio, ensuring organizational effectiveness and compliance. Works closely with grant administrators to ensure accurate financial reporting and procedural compliance on all grants.

Each fiscal year the City is faced with the challenge of balancing limited resources and increasing costs.

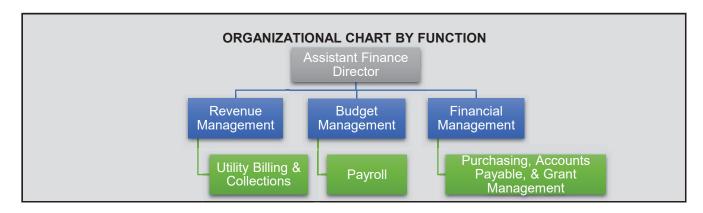

DEPARTMENT PRIORITIES

- Provide timely and reliable financial information and accurate record keeping and reporting
- Review department's activities and processes to maximize organizational effectiveness, including cash controls, collections, purchasing and payroll controls
- Develop, monitor and report on the annual Operating Budget and the Five-Year Capital Improvement Program
- Provide reliable and timely billing services for the City's water and wastewater utilities
- Manage expenditures within the City's budget, monitor revenue on a monthly basis and report any deviations from projections to Management and City Council on a timely basis

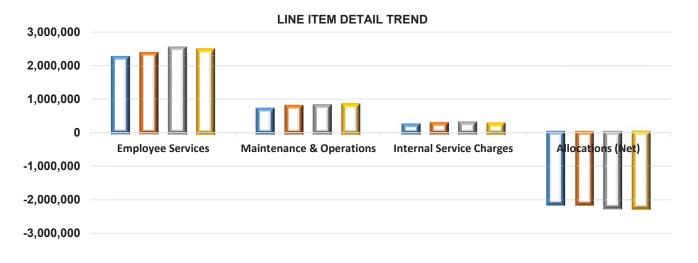

MAJOR BUDGET IMPACTS

- Decrease in employee services due to elimination of full-time department assistant position, partially offset by increase in temporary part-time staff and decrease in medical projections for this department
- Increase in M & O is primarily due to increase in paramedic billing costs
- Decrease in internal service charges primarily due to decrease in building maintenance and general liability charges
- Increase in allocations out to Successor Agency-Redevelopment due to increase in prior year enforceable obligations

HUMAN RESOURCES

DESCRIPTION

The Human Resources Department is committed to providing superior personnel services to all City employees and the public, while treating all individuals in a respectful and professional manner. The department provides a wide-variety of programs and services to over 1,000 employees (full-time and part-time), and twelve departments, as follows:

 Recruitments - Through recruiting and testing, the department identifies qualified

applicants to fill job vacancies at all levels. This area includes job advertising, application processing, testing, pre-employment screening, and hiring. In 2016, 114 full-time and part-time recruitments were conducted, and over 220 individuals were hired or promoted. Once hired, new full-time employees participate in a one-day New Employee Orientation which is held twice annually. The department also hosts the Employee's Service Recognition Breakfast which is also held twice annually.

- Labor Relations Staff assists at the management bargaining table with six employee bargaining units, and also prepares information which is used and shared during negotiations. This includes economic and wage data surveys, labor law changes, and collective bargaining trends. Staff representatives also work very closely with departments to help interpret and correctly administer memorandum of understanding rules and articles.
- Employee Relations Technical advice and assistance is provided to management, supervisors and employees in terms of disciplinary actions, misconduct, performance problems, dispute resolution, investigations, grievances, and other related matters. Staff representatives keep abreast of legal requirements and act as a business partner with departments in identifying issues and problems, implementing effective solutions, and achieving goals.
- Classification and Compensation Staff conducts studies of positions and works with departments to determine appropriate job classifications and compensation. Salary surveys are performed to determine appropriate pay levels, based on comparable classifications in San Diego County.

• Training - Staff assists with identifying training needs and scheduling diverse training opportunities for City employees. Courses offered to employees include the Supervisor's Academy, Management Academy, employee and labor relations workshops via the San Diego Employee Relations Consortium, professional development classes from the Regional Training Center, and other personal and employee development classes. The Supervisor's and Management Academies are offered annually to employees who have been designated by their department and approved by the City Manager.

The City also sponsors an annual Management Mentoring Program. The program matches mentors and mentees for ongoing coaching and counseling, builds leadership skills, enhances knowledge of the City's culture and best management practices, and provides encouragement and support to employees who desire and seek professional growth and advancement opportunities. The Management Mentoring Program held its pilot program in 2006; the program was then revamped and implemented in 2013. To date, 56 employees have graduated from the program.

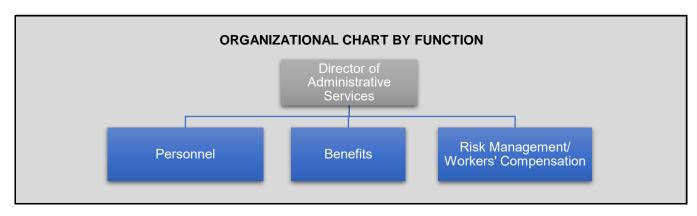

• Special Projects/Files - The Human Resources Department also conducts special projects and assignments such as policy development, program research and implementation, special surveys, and more. Personnel files for all City positions are maintained in Human Resources.

DEPARTMENT PRIORITIES

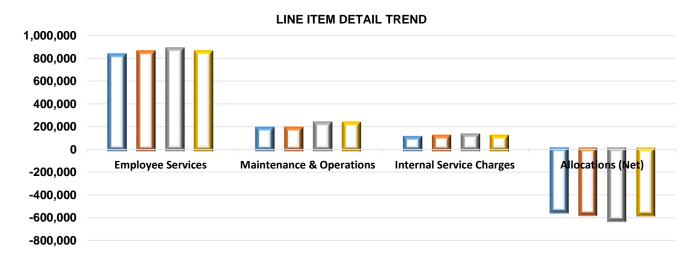

- Provide high quality and effective services to all departments and external customers regarding the recruitment and selection of employees
- Negotiate and implement successor Memorandums of Understanding with the City's six bargaining units
- Assist the City Manager's office with strategic planning and the implementation of new laws and cost-saving measures
- Provide assistance, guidance and support to management and employees relative to personnel and other matters

- Decrease in employee services due to reorganization of department
- Decrease in internal service charges primarily due to decrease in building maintenance charges
- Decrease in allocations out to Benefits Administration due to reorganization of both Benefits
 Administration and Human Resources departments

RISK MANAGEMENT

DESCRIPTION

The Risk Management Division administers the City's self-insured Liability and Workers' Compensation programs, and purchases property, pollution, and cyber liability crime insurance coverage. Risk Management staff handles the City's first party property and subrogation claims, and assists the City Attorney's Office with tracking and trending liability claims against the City. Risk Management assists City departments with the review and preparation of contracts and permits for insurance compliance with City Risk requirements. Management provides guidance and support to City

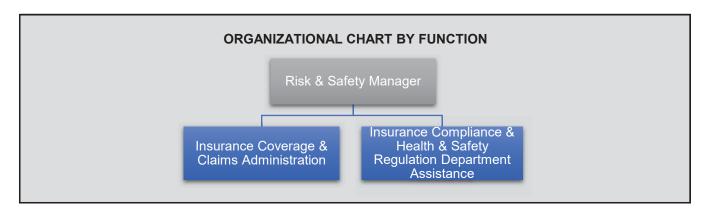

departments regarding health and safety issues including Occupational Safety and Health Administration (OSHA) required training and reporting, facility and equipment inspections and ergonomic evaluations. Risk Management administers the fitness for duty, return-to-work, drug and alcohol and vehicle safety programs. The Risk Manager serves as the City's Americans with Disabilities Act (ADA) coordinator, and representative to the California State Association of Counties – Excess Insurance Authority (CSAC-EIA) risk sharing pool.

DEPARTMENT PRIORITIES

- Continue to reduce the frequency, severity and unpredictability of accidental losses to City assets
- Apply risk control measures to property, liability, personnel and net income losses in order to reduce City operating costs and increase operating efficiency
- Prevent and reduce the severity of injuries and illnesses to City employees
- Develop, plan and implement City safety programs, policies and procedures in accordance with applicable rules and regulations

- Increase in employee services due to salary and PERS cost increases
- Increase in allocations out due to increase in budget subtotal

INFO SYSTEMS/ADMINISTRATION

DESCRIPTION

Information Systems provides business technology solutions, services, and support to City staff, which in turn, enables and facilitates their service to the public.

Responsibilities include: software and applications; hardware such as servers, PCs, tablets, cell phones, and other smart devices; wired and wireless networking and communications; telephony equipment and services;

duplicating and printing services; mail distribution and postage; and Internet and intranet websites.

Information Systems consists of seven divisions: Data Processing; Network and Office Automation; Geographic Information Systems (GIS); Duplicating; Telecommunications; Mail Services; and Administration.

Mission: We strive to be a "business technology solution partner" to all of our customers.

Top Values and Vision:

- Team up with business groups within the City to identify challenges where technology can provide more efficient or cost-effective solutions
- Facilitate the smooth procurement and implementation of technology solutions
- Utilize our internal resources and expertise for analysis of business workflows including paper-based systems to identify areas where automation can improve efficiencies
- Continue to support all existing technology infrastructure and to enhance it as needed to support constantly changing and growing requirements

Did you know?

• We have 4,000 times more memory (RAM) in modern cell-phones than on a PC from 1990

- Modern hard drives store up to 8,000 times as much data in a smaller footprint than hard drives from 1990
- Modern processors (CPUs) have over 2000 times more transistors, now numbering 7-10 billion, than the Pentium processor from 1983. By comparison, our human brains have around 100 billion neurons

So what is all that processing power being used for these days?

- Artificial Intelligence (AI) and "Deep Learning"
- · Voice and image recognition
- Real-time language translation
- Real-time recognition of objects in a video stream
- Real-time, autonomous navigation for cars, trucks, watercraft, and aircraft

DEPARTMENT PRIORITIES

- Ensure investments in technology continue to support City Council directives to provide work efficiencies for staff and online access/services for the public
- Provide management, supervision and administrative support to all divisions within Information Systems
- Provide management support for Public Safety staff, software and services
- Continue with the evolution and convergence of networked, digital telephony systems in order to provide more flexibility and functionality for a comparable cost to older phone systms

- Decrease in salaries due to retirement of Director of Information Systems
- Decrease in internal service charges, primarily building maintenance charges
- Decrease in allocations out due to decrease in salaries

INFO SYSTEMS/DATA PROCESSING

DESCRIPTION

The Data Processing division of Information Systems is primarily responsible for the administration and security of the City's database systems, and the enterprise-wide software packages that use them. Data Processing also operates and maintains the City's Internet and intranet websites.

Some of the services Data Processing provides are: software analysis, development, and

maintenance; database installation; database reporting and data analysis; application and database support, patching, and upgrades; website content management and website design; and providing technical recommendations for procurement of software and technical services.

Did you know?

- The City currently uses 14 enterprise software applications with database back-ends
- To house and support those applications and their databases requires 41 separate virtual servers (VMs)
- Our top five relational databases combined contain over 100,000 tables consisting of over 600,000,000 records or rows

DEPARTMENT PRIORITIES

- Implement and deploy software, hardware and services to fulfill the requirements of the Council Action Plan as it pertains to Data Processing
- Maintain the level of service on all supported internal & external applications
- Upgrade PeopleTools for PeopleSoft HRMS and Financials; move those applications to new, faster hardware
- Implementation of selected new vendor for third party Utility Billing payments

- Decrease in salaries due to employee turnover
- Increase in technical training for new employees
- Decrease in internal service charges, primarily telecommunications and general liability insurance charges
- Decrease in allocations out primarily due to elimination of allocation out to the Recreation department

GEOGRAPHIC INFORMATION SYSTEMS(GIS)

DESCRIPTION

The GIS division of Information Systems manages the City's spatial data and presents it in the most accessible, logical, and informative manner possible. It does this through creation of map products and map applications, but also through integration with other enterprise applications.

GIS's responsibilities include: capturing, editing and managing spatial data that represents the City's assets, facilities and activities; accessing and acquiring aerial imagery;

analyzing spatial data; incorporating spatial data, imagery, and analysis into map products and applications; coordinating with external agencies to ensure the consistency of regional data; provisioning spatial data for the public.

Did you know?

- Geographic information affects about 80% of our decisions
- Over 80% of all government data has a locational component
- Within the City of Escondido's 37 square miles there are over 350 miles of streets, with over 350 miles of water mains, 350 miles of sewer mains and 220 miles of storm drainage, plus over 6000 street lights and 90,000 street signs

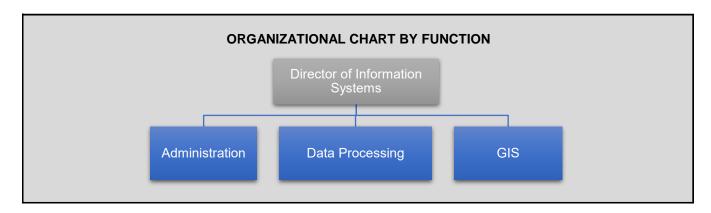

DEPARTMENT PRIORITIES

- Support public safety applications, Cityworks® Asset Management application and citywide map applications
- Provide data collection, spatial analysis, and map products for all City departments

MAJOR BUDGET IMPACTS

• Increase in employee services and allocations out due to the addition of a full-time GIS technician, which is 100% allocated out to Water and Wastewater

RECREATION

DESCRIPTION

The mission of the Community Services Department is "Promoting Escondido as the City of Choice by providing healthy, innovative, and educational opportunities to unify our community. Energize Escondido!" The Department staff represents highly educated recreation professionals with extensive experiences in planning and implementing high quality recreational personal growth activities that are fun and energetic for community members of all ages and backgrounds.

The over-arching goal of the Recreation division is to achieve a healthy city by encouraging the community use of parks and facilities through a wide variety of programs and services offered, such as:

 Aquatics: open swim, lessons for all ages, pool rentals, and swim team/polo meets for local high schools and private contractors

- Community education and fitness classes: three times per year varied fee-based classes are offered such as, tennis, Tae Kwon Do, ballet, gymnastics, Pilates, yoga, art, etcetera
- Day Camps: kids are engaged in a play and learn, closely supervised environment for summer, winter, and spring breaks
- Leagues: softball, soccer, and hockey are provided for adults and youth throughout the year;
 in addition, the Police Athletic League focuses on youth basketball
- Pre-school programs: preparing children from ages 18-months to 5-years old for a positive transition to formal classroom education, these programs encourage academic development and social interaction through play, creative movement, and other activities in conjunction with California Common Core Standards

 In collaboration with the Public Works Building Maintenance and Parks Maintenance staff, the Recreation division is able to provide meeting and picnic facilities, skate, soccer, and hockey arenas, and a gym, softball/baseball and soccer fields for community use

DEPARTMENT PRIORITIES

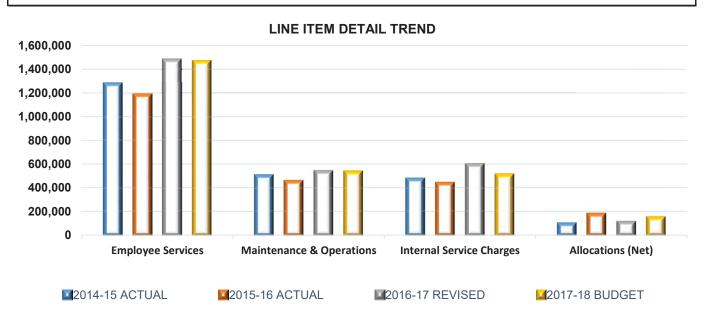

- Promote a healthy city concept by encouraging the community use of parks and facilities through the provision of a wide variety of programs and services
- Develop and implement basketball and beginner pickleball programs at the Kit Carson Park hockey arenas
- Develop and implement a fundraising plan for the Washington Park skate spot
- Create a fundraiser event to supplement the Community Services Quality of Life fund

- Beginning in 2017-18, this department will be included in the General Fund.
- Decrease in employee services primarily due to a decrease in temporary part-time costs
- Decrease in internal service charges, primarily building maintenance, duplcating and insurance charges
- Elimination of allocations out to General Fund departments

LIBRARY

DESCRIPTION

Escondido Public Library provides free access to resources and materials that promote the joy of reading, study, research, and learning. The Library offers community members of all ages and backgrounds high quality educational and cultural programs and services throughout the year.

The circulating collection contains over 172,00 items in print, audio, and digital formats. Community members enjoy a wide selection of

fiction and non-fiction books, magazines, CDs, DVDs, eBooks, eMagazines, audio books, and premium online subscription resources for research or study. Our staff of library professionals assist patrons with finding reading materials, research resources, and promote technology and information literacy.

Powered by high speed broadband, free WiFi is accessible and free public computers and laptops are available for in-house use. Digital online research, resources, and study tools can be accessed on the Library's website at library.escondido.org.

Programs for children include story times to promote early literacy, resources to encourage learning and discovery for school-age youth. The Library's annual Summer Reading program celebrates recreational reading while maintaining a focus on retention of reading skills when school is not in session

Year-round signature programs include book discussion groups for children, teens, and adults, writers' group meetings, concerts, and special engagements with authors and speakers.

Literacy Services' Read: Succeed program connects adults seeking to improve their reading and writing skills with trained volunteer tutors through one-on-one and small group instruction.

The Pioneer Room, Escondido Library's local history archive, has a unique collection of newspapers, books and primary documents, materials, photos, maps, directories and records dating back to the City's founding.

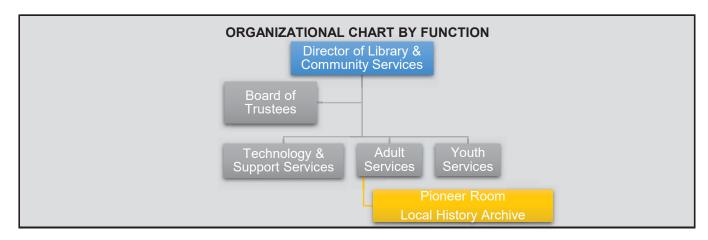

Escondido Public Library's thriving volunteer program provides opportunities for community members, 14 years and older, to engage and give back by donating their time to support Library operations. In 2016, volunteers provided more than 29,000 hours of community service.

DEPARTMENT PRIORITIES

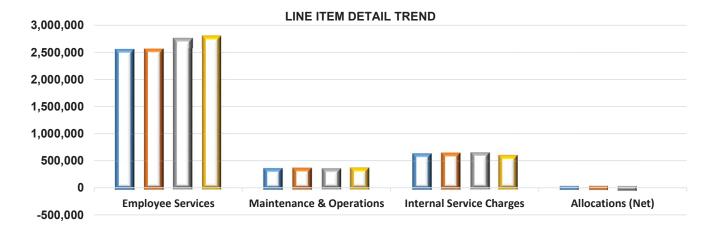

- Procure and install Library Radio Frequency Identification (RFID) system components for inventory control, materials security, check-in and check-out efficiencies, patron self-checkout, and patron self-sufficiency in managing accounts
- Procure and install an Automated Materials Handling (AMH) system to create efficiencies for materials check-in, sorting, and faster return of items for the next user
- Increase library use of by enhancing circulating collections with new and popular print and digital materials

- Increase in employee services due to increased PERS costs and reclassing a temporary part-time graphics technician to a regular full-time position
- Increase in M & O primarily due to added cost for integrated library system maintenance
- Decrease in internal service charges, primarily office automation and insurance charges
- Allocations in/out of Recreation department have been eliminated

OLDER ADULT SERVICES

DESCRIPTION

Older Adult Services and the Senior Nutrition Center are two separate divisions of the Community Services Department. With an over-arching goal of providing services and programs for older adults, the two divisions function interdependently and operate out of the Park Avenue Community Center (PACC), facilitating the Center's use for senior services as well as varying types of Recreation division programs and other local agency uses.

DEPARTMENT PRIORITIES

 Provide a welcoming and safe environment where older adults can

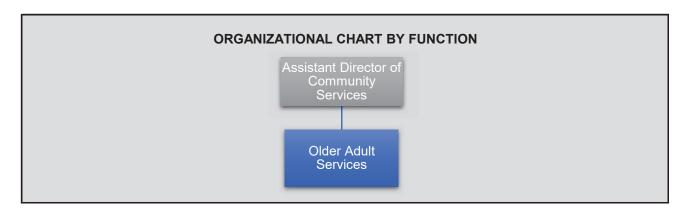

participate in life-long learning instruction that impacts their daily lives

- Offer programs that provide socialization opportunities for those older adults who may not have friends or family to maintain a healthy balance between their nutrition and mental health
- Coordinate and provide space for other agency involvement, such as the Senior Service Council Escondido, OASIS, and Escondido Senior Enterprises
- Facilitate room rentals for the community and independent organizations, which generate revenues

- Increase in employee services primarily due to an increase in temporary part-time staff
- Decrease in the amount projected for utilities
- Increase in internal service charges, primarily building maintenance charges

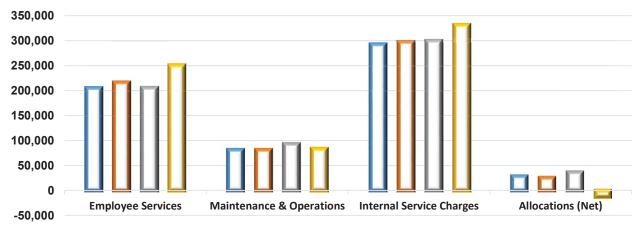

•	Eliminated the amount allocated in from the Recreation department and added allocation
	out to CDBG Capital Projects

DESCRIPTION

Older Adult Services and the Senior Nutrition Center are two separate divisions of the Community Services Department. With an over-arching goal of providing services and programs for older adults, the two divisions interdependently function operate out of the Park Avenue Community Center (PACC). facilitating the Center's use for senior services as well as varying types of Recreation division programs and other local agency uses.

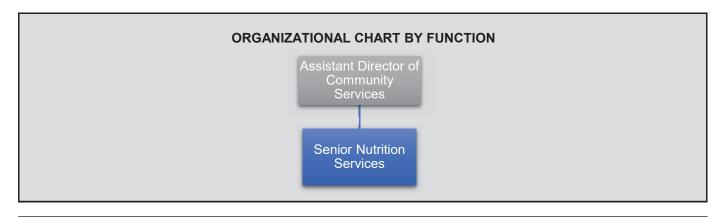

DEPARTMENT PRIORITIES

- Throughout the year, Monday through Friday, this division provides a nutrition program for low to moderate income adults, 60 years and older, can obtain a nutritious, well-balanced meal
- Provide transportation for older adults to access the nutrition program and other senior services to encourage the maintenance of both physical and mental health for the senior population
- Develop partnerships that benefit the older adult community

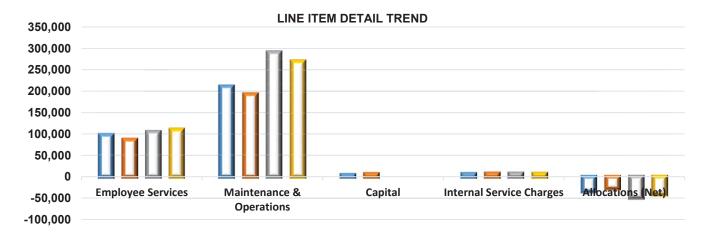

MAJOR BUDGET IMPACTS

- Decrease in the amount projected for meal & delivery and transportation contracts
- Eliminated allocation in from the Recreation department and decreased amount allocated out to CDBG capital projects

SENIOR NUTRITION CENTER

PLANNING

DESCRIPTION

The Planning Division's mission is to help guide the planned physical development of the City in a manner that enhances the quality of life for residents, businesses, and other community members. We are committed to helping people build a strong community by guiding and facilitating high quality projects, maintaining and

improving community character, preserving the environment, and providing for and maintaining a strong economic and employment base.

PROGRAM ACTIVITIES:

The Planning Division of the Community Development Department is responsible for developing long-range plans to improve the quality of life in the Escondido Planning Area as well as reviewing current development proposals for consistency with the General Plan, city ordinances and Council policies. In addition, the Planning Division coordinates special committees and task forces as established by the City Council, acts as facilitators for several community interest groups, and functions as staff to various boards and commissions, including:

- Historic Preservation Commission
- Planning Commission

Core responsibilities of the Planning Division include the following:

- Customer Service Provide front-line customer service for various land use and regulatory inquiries. We strive to provide the highest level of customer services at the Development Services Counter when providing planning and zoning information, reviewing building permits, and processing administrative permits.
- Review all Development Projects Process all applications for a decision within California Permit Streamlining Act and California Environmental Quality Act timeframes.
 We review development project proposals in a timely and efficient manner and ensure consistency of all development proposals with the City's General Plan, zoning, subdivision, and environmental ordinances.

- Special Studies and Policy Review Prepare special studies and work programs as directed by the City Council. Represent the City in regional planning matters at SANDAG and advise the City Council representative to the SANDAG board and committees. Ensure the efficient processing for City CIP projects, including environmental clearance.
- Help Facilitate Informed Decision-Making. Provide strategic advice regarding land use and long-term planning in the City to other departments, the Planning Commission, and City Council.

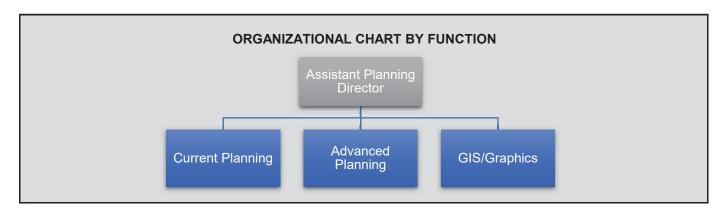

DEPARTMENT PRIORITIES

- Process land use entitlements
- Maintain and amend the General Plan and Zoning Code
- Process environmental clearance for private projects, City Capital Improvement Programs and other public projects
- Continue the comprehensive update of the City's General Plan
- Participate in special planning projects, including annexations, census, staffing boards, commissions and SANDAG
- Provide assistance to other departments for preparation of various Master Plans and Economic Development programs

MAJOR BUDGET IMPACTS

- Increase in employee services primarily due to salary increases, temporary part-time department specialist moved from the Code Enforcement department, and PERS cost increases
- Increase in M & O primarily due to increase in contract consultant services, which is offset by project applicant revenue
- Decrease in internal service charges, primarily building maintenance
- Decrease in allocations out due to elimination of allocation out to the Housing department resulting from promotion of Director of Community Development to the City Manager's office

CODE ENFORCEMENT

DESCRIPTION

The Code Enforcement Division performs a variety of technical duties in support of the city's code enforcement program. In addition to resolving health and safety issues, the City Council has prioritized enforcement regulations intended to enhance the image appearance of the city. Code

Enforcement Officers achieve this by monitoring and enforcing a variety of applicable ordinances, codes, and regulations related to land use matters, building, housing, property maintenance, inspection of mobile home parks, abandoned vehicle abatement and other matters of public concern as well as investigate violations.

Procedurally, most code enforcement cases start with a citizen request to investigate although some are initiated on a proactive basis. The division initiates procedures to abate those violations and obtain compliance by issuing notices of violations, citations, and other correspondence specifying necessary corrective actions and compliance dates.

Code Enforcement also manages the City's business license services and provides information on City regulations to property owners, residents, businesses, the general public, and other City departments and divisions.

Did you know?

- On any given day, the Code Enforcement Division will have over 600 active cases
- Graffiti cases saw the greatest increase last year with a 98% increase over the previous year
- The number of active business licenses has slightly increased each year for the past five years to 9,713 in 2016

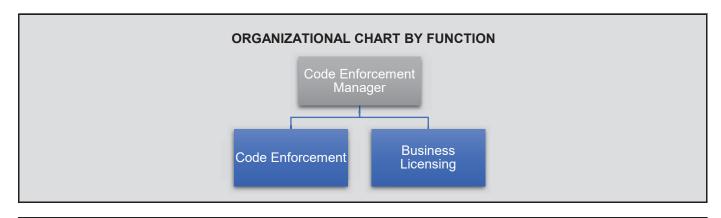

DEPARTMENT PRIORITIES

- Responsible for the protection of life, health, safety and property through the enforcement of codes and standards for maintenance and regulation of property
- Process applications, approvals, renewals and issuances of business licenses for businesses operating within the City of Escondido
- Enforce Title 25 in all mobilehome parks located within the City of Escondido
- Responsible for identifying and reporting graffiti throughout the City
- Implements the City Council Action Plan pertaining to image and appearance
- Assists the Police Department as part of the Neighborhood Transformation Program

MAJOR BUDGET IMPACTS

- Increase in salaries and PERS costs
- Increase in internal service charges, primarily radio communication charges

BUILDING

DESCRIPTION

The Building Division protects life and property through the application and administration of building codes and standards that regulate the construction, use and maintenance of all buildings and structures within the city.

The Building Division provides the following services to achieve its goals and provide the necessary services:

- Review plans, calculations and specifications to verify compliance with State and locally adopted codes and ordinances
- Issue building permits to the public
- Inspect new and remodeled buildings to ensure compliance with minimum health and safety standards
- Develop and update various guidelines and policies for use by the general public to aid in the application, plan review, permit issuance and inspection process
- Update, maintain and administer a fee guide for all development projects
- Update and administer the departments permit tracking software and retain necessary plans and permit records

Did you know?

- The Building Division processed 3,953 building permit applications in 2016 with a total permit valuation of \$69,637,374
- Building inspectors conducted 8,359 inspections in 2016 and our staff served 8,776 customers at our public counter

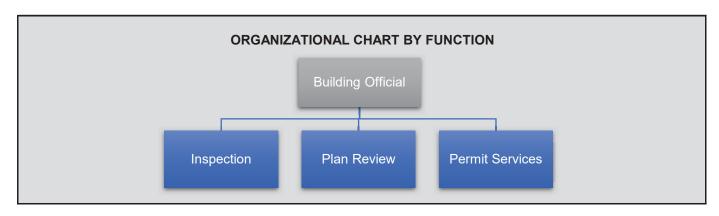

DEPARTMENT PRIORITIES

- Administer and enforce building codes that regulate the construction, use and maintenance
 of all buildings and structures within the City
- Review plans and related documents for buildings and structures to verify compliance with state and locally adopted codes and ordinances
- Inspect new construction, as well as remodeled buildings, ensuring that the buildings meet minimum health and safety standards
- Issue building permits to the public

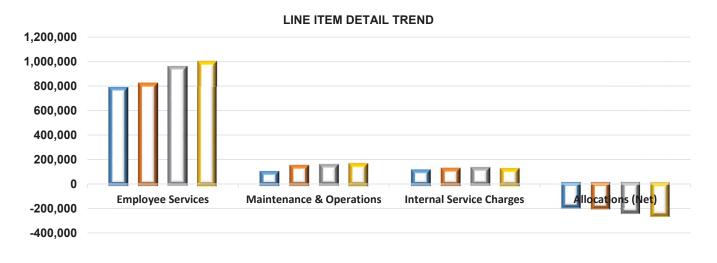

MAJOR BUDGET IMPACTS

- Increase in salaries and PERS costs
- Added M & O cost for CasP training and testing
- Increase in allocations out primarily due to increase in employee services

ENGINEERING

DESCRIPTION

Engineering Services designs and construction of manages infrastructure improvement projects; provides plan review and construction inspection of private development projects; and oversees the City's inventory of real property assets. The Administrative Division three-member team is focused on fostering a collaborative work environment that innovation encourages and partnership.

DESIGN

The Design Division consists of three

staff members responsible for in-house design, management of consultants, and bid procurement for a wide variety of Capital Improvement Projects. Designs recently completed include Jim Stone & Washington Pool Repair, Grape Day Park Play Equipment, East Valley Pkwy/Valley Center Road Widening, and Street Resurfacing. Nine other major projects are under design.

LAND DEVELOPMENT

The Land Development Division's primary goal is to provide efficient and streamlined review of every development project. The Division consists of four full-time and one part-time staff members responsible for review and preparation of conditions for planning applications; checking of maps, grading and improvement plans, and assisting 3,600 Engineering counter customers annually.

TRANSPORTATION

The Transportation Section manages the operation and improvement of 160 traffic signals, designs traffic safety improvements, reviews traffic studies for development projects, and provides staff support to the Transportation and Community Safety Commission. The Division consists of three full-time and one part-time Engineers that assist the public with more than 500 traffic-safety related requests per year. In addition, two new traffic signals and the Missing Link Bicycle Project are currently under design.

FIELD ENGINEERING

The Field Engineering Division is responsible for inspecting grading and construction of public improvements for land development, transportation and Capital Improvement Projects; issuing encroachment permits; and providing survey services.

REAL PROPERTY

The City's diverse real estate portfolio is regularly reviewed and strategically managed by the Real Property Division in order to ensure that assets are put to their highest and best uses, with an overriding objective of maximizing revenue and reducing the City's liability. The one full-time and one part-time staff members manage over 200 real property assets with over 70 leases, including telecommunications leases with some of the region's major wireless communications providers.

Did you know?

- Engineering staff have actively pursued funding to fill crucial infrastructure needs. Over the past three years, more than \$5.6 million in grant funding has been secured.
- During 2016, final engineering plans for 91 projects were reviewed and 40 projects were approved. The value of public improvements was more than \$20.7 million.
- During 2016, this nine-member team inspected 33 grading permits on 260 parcels Citywide, managed construction of 67 lane miles of pavement resurfacing and ¾ mile of sidewalk replacement, and issued/inspected 547 encroachment permits.

DEPARTMENT PRIORITIES

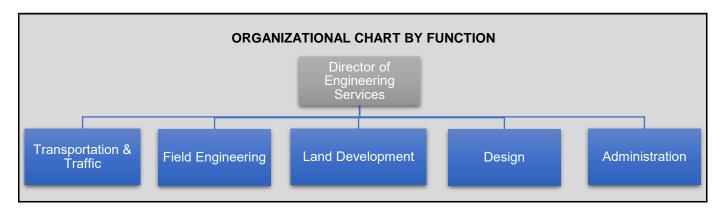

- Complete design of six major capital improvement projects
- Implement pavement management plan by resurfacing 5% of the City's streets
- Continue to streamline the development process through process improvements and pilot programs, such as the expedited plan check pilot program
- Provide timely and efficient construction inspection services for the \$20.8 million in public improvements currently under construction as a part of ongoing development projects throughout the City

MAJOR BUDGET IMPACTS

Decrease in employee services due to reorganization of this department

- Increase in M & O is primarily due to moving real property related costs in from the City Manager's office
- Increase in internal service charges, primarily building maintenance, telecommunications, and insurance charges
- Decrease in allocations out to capital projects, landscape maintenance districts, building maintenance and fleet services due to reorganization of this department

MAINTENANCE/STREETS

DESCRIPTION

The City of Escondido Streets Department maintains the City's streets and structures. The services consist of pothole repairs, sidewalk repairs, storm water conveyance systems, storm water collections systems, traffic signs, street name signs, street sweeping, lane striping and legends, and graffiti eradication.

Potholes – We can all agree that no

one likes potholes as it seems that they magically appear out of the clear blue sky. Yet, in reality they are created when water enters into cracks in the surface of the road. Add the vibrations of car and truck tires as they travel over the cracks, and bingo, asphalt failure. This plus having to temporarily refill old potholes until permanent street repairs can be made explains the seeming increase in potholes after it rains.

Sidewalks – The City is responsible for the maintenance of sidewalk damage caused by vehicle accidents, water main breaks, grade subsidence, and trees within the Right-of-Way.

Storm Water Conveyance Maintenance – The City of Escondido has an annual maintenance program for its storm water conveyance system. Each fiscal year City staff identifies a group of channels that have deposits of sediment, and overgrowth of vegetation requiring maintenance/cleaning to restore flood channels flow capacity.

Storm Water Collections Systems Maintenance – The purpose of this work is to maintain existing storm water collection facilities by allowing only water to enter the storm drains. Sand, silt, trash, leaves and other pollutants are targeted for collection prior to entering the City of Escondido's Storm Water Collection facilities. The maintenance program includes inspections, and prioritizing the sites in need of advanced, moderate, and low periodic maintenance, cleaning, and flushing.

Traffic Signs – Each year City sign crews remove old and faded traffic signs from City streets and return them to the sign shop. The signs may be reused, refurbished, or recycled. The sign shop also supplies and supports varied sign production needs for other City departments. Unique sign request are filled each month for Police, Fire, Wastewater, Water, Park, Recreation and Engineering departments.

Street Sweeping – Street Sweeping provides two primary benefits to the City. The more obvious benefit is the collection and removal of paper, leaves, and other visible debris that collect in the gutters. This debris can block storm water facilities, causing localized flooding during heavy rains. An equally important, but less visible benefit is the removal of metal particles produced by cars and trucks. The invisible particles left behind by these vehicles can be extremely harmful to fish and other wildlife if they reach our creeks, rivers, beaches and bays.

Lane Striping and Legends – The street Striping and Legends staff installs and maintains traffic markings and signage throughout the City to promote the following:

- Safe traffic flow
- Ensure City residents and visitors have safe, clear, and continued access throughout the City
- Reduce the liability of the City
- Allow enforcement of the traffic laws by the Escondido Police Department

Graffiti Eradication – In the on-going battle against graffiti, the City of Escondido has a graffiti eradication program which covers City facilities, private residents, and businesses which have fallen victim to tagging or graffiti. This program removes graffiti from sidewalks, pavement, curb and gutter, and structures visible from the right-of-ways. The City offers free graffiti removal kits to all residents, and business owners who wish to remove graffiti from their homes, and businesses. If you wish to pick up one of these graffiti removal kits please visit the Public Works Operations Yard at 475 North Spruce Street, Escondido, California 92025.

Did you know?

- The City of Escondido's Street Department repaired more than 800 potholes in 2015-16 using materials such as hot patch compound, and bagged asphalt
- There are over 400 miles of sidewalk in the City of Escondido
- City of Escondido, Street Sweepers swept a total distance of 9,660 curb miles, while collecting 1038 tons of pollutants thus preventing these pollutants from entering the City storm water conveyance system
- In the 2015-16 fiscal Street Department Staff removed 6,022 graffiti tags

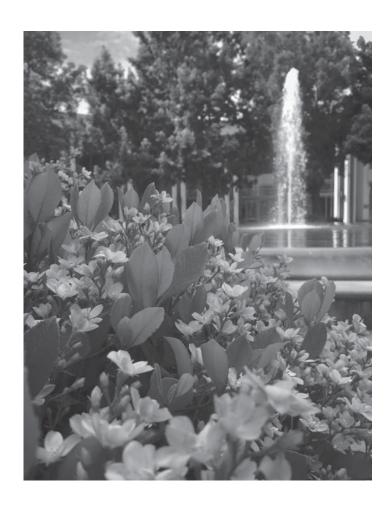

DEPARTMENT PRIORITIES

 Provide outstanding customer service to external and internal customers through prioritization of maintenance tasks and efficient and timely repairs

- Implement staff in-field mobile applications of the CityWorks asset management software
- Proactively maintain the City of Escondido's municipal drainage systems to insure compliance with all applicable regulations and eliminate potential drainage problems during rain events
- Maintain current level of effort relating to graffiti eradication

MAJOR BUDGET IMPACTS

- Increase in employee services due to reorganization of this department
- M & O increase primarily due to increase in projections for asphalt and Bear Valley Parkway maintenance
- Increase in internal service charges, primarily fleet services charges
- Increase in allocations out to primarily capital projects

MAINTENANCE/PARKS

DESCRIPTION

The **Parks** Space Open department for and cares maintains the City's parks, median and parkway landscaping, open spaces, trees, and the landscaping at various City facilities.

Park and Facility Landscape Maintenance section - The primary goal is to safely maintain the turf and planter beds at thirteen City Facilities, Seventeen Parks and various irrigated and non-irrigated right of ways (ROW) throughout the City of Escondido. Routine weekly maintenance is

performed by three crews. One crew is assigned to City Hall, Escondido Center for the Arts and Grape Day Park. One crew is assigned to Kit Carson Park. The third crew is responsible for the maintenance of all other Parks, Facilities and ROW's

Craftsmen Section - this crew of four is responsible for the pool maintenance, large mainline irrigation repairs as well as keeping all equipment and playgrounds safe and in good repair at all times. Also in this section we train our own commercial drivers. All new employees are trained to obtain a class A drivers license

Special Events / Volunteer Projects - The Parks Department is involved with the vast majority of all Special Events, often enlisting the help of the Streets Division for traffic control, but the majority of the coordination, set up and staffing comes from the Parks Division. The same can be said for the majority of all Volunteer Projects. These are headed up by the Parks Supervisor with the various organizations and church groups as well. This also includes Eagle Scout projects. Most of these projects require Park employees, equipment and materials to complete.

Softball and Soccer Tournaments - In conjunction with the Recreation Division's scheduling the Parks Department provides staff for the larger tournaments that require hourly restroom maintenance as well a trash removal.

Did you know?

- The Park and Facility Landscape Maintenance section is comprised of ten full time and 3 part-time employee's, their duties include; open and clean restrooms, pick up trash, change trash can liners as well maintain a total of 171.43 acres of irrigated and landscaped area, that's 13.18 acres per person per week on average.
- The City has two pools that hold over 300,000 gallons of water. Health Department regulations require that the pool chemical levels are to be checked and recorded and adjusted two times per day. This section completes an average of 170 service request per month and it is not uncommon for a single request to take multiple days to complete.
- A State run softball or soccer tournament could have over 120 teams from all over the Country participating. This could bring over two thousand other family members to eat, shop, purchase fuel or rent a hotel room in the City of Escondido.

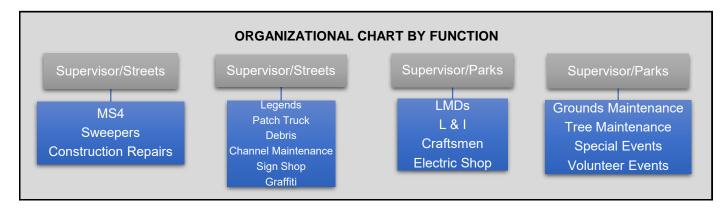

DEPARTMENT PRIORITIES

- To provide professional, quality maintenance and personal service to the citizens of Escondido, with an emphasis on city appearance
- To ensure local parks and swimming pools are maintained at levels that will provide maximum usage by our citizens
- To perform landscape maintenance at city facilities
- To maintain all trees in our public parks

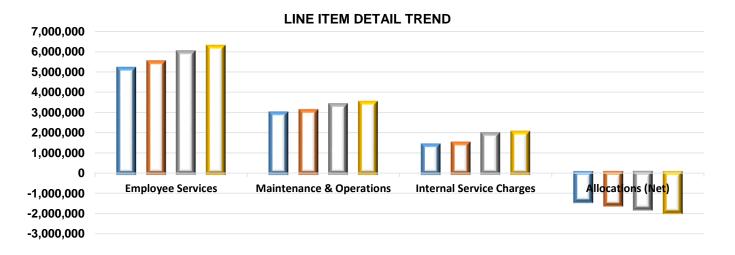

MAJOR BUDGET IMPACTS

- Increase in salaries and PERS costs
- M & O increases are primarily for pool chemicals and pest control
- Increase in allocations out to Capital Projects, Vehicle Parking District, Water and Wastewater

RADIO COMMUNICATIONS

DESCRIPTION

The radio communications budget provides for the Regional Communication System maintenance contract and radio repairs throughout the fiscal year. Each department that uses the radio communications system is charged for their portion of the budget based on the radio inventory they currently have.

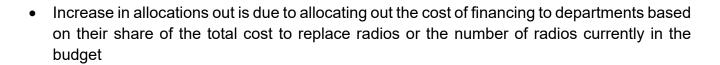

Future Challenges - Like all technology, radios are becoming more advanced as time passes. Their ever increasing ability to connect with other agencies and their durability are two examples of this. Along with advancements comes obsolescence. As equipment ages, and parts become unattainable, the need to replace equipment becomes unavoidable. This can present financial and logistic challenges that will need to be met.

DEPARTMENT PRIORITIES

 Maintain the City's communication system, including the dispatch backbone and all mobile and portable radios

MAJOR BUDGET IMPACTS

- Increase in M & O is primarily due to the financing of radio replacements and the Regional Communications System (RCS)
- Decrease in internal service charges, primarily building maintenance charges

RECYCLING AND WASTE REDUCTION

DESCRIPTION

MANAGEMENT OF EDI **EXCLUSIVE** FRANSHIDE AGREEMENT - Recycling & Waste Reduction works closely with the City's exclusive hauler, Escondido Disposal, to serve residents and businesses. This includes promoting the continuously evolving definition of recyclable materials; relaying questions and concerns between EDI and the public; providing easy access to EDI schedules and services; publicizing and overseeing the collection of household hazardous waste: monitoring the annual collection of Christmas recycling: trees for and assisting EDI representatives to encourage а understanding of recent changes in state laws.

EVENTS:

Lake Cleanups – In collaboration with I Love A Clean San Diego, Recycling stages two cleanups at Dixon Lake each year. The Creek to Bay and the Coastal Cleanup events are part of an international campaign to promote

community involvement in removing trash from the world's waterways. City employees manage volunteer registration, train hundreds of volunteers each year, provide supplies, and celebrate their efforts.

E-Waste & HHW – Recycling secures venues, publicizes and serves as ambassadors at the free biannual e-waste events which include onsite document destruction. The household hazardous waste collection is offered twice a month, by appointment, at no cost to City residents

Used Oil Filter Exchange – Through state-won grants, Recycling partners with local auto parts stores to educate DIY auto-mechanics on the process of recycling used oil and oil filters.

Composting Workshops – The workshops include demonstration and instruction in building and maintaining a backyard compost pile and worm bin (vermicomposting). In addition to promoting waste reduction and diversion, the workshop explains the issue of organic waste, which comprises 40% of the City's waste stream.

We Clean Escondido – Program recognizing volunteer litter-collection efforts. The City provides litter bags and vests to groups which adopt specific areas of the City to clean on a monthly basis.

Farmers' Market – Recycling education is demonstrated through free craft projects created from recycled materials at this weekly event. Recycling staff also answers recycling and hazardous-waste questions, and offers a collection of informational materials outlining Citysponsored programs.

SCHOOL DISTRICT RECYCLING - Recycling collaborates with the elementary school district through several avenues. An annual Earth Day poster contest encompasses all of the City's K-8 public and private schools. The contest culminates with the mayor lauding 30 finalists at a ceremony held in City Council Chambers.

Recycling also supports a campaign to expand school recycling and reduce the district's waste stream, thereby assisting compliance with state laws and cutting trash-related costs. Appearances at school health and environmental fairs is another Recycling outreach.

STATE MANDATED REGULATIONS/REPORTS - The state of California is a leader in regulations and legislation protecting the environment. Recycling addresses the ever-changing world of current and upcoming legislation as it impacts the City and provides documentation illustrating compliance with required regulations and laws.

Did you know?

- New recycling and trash bins featured at Grape Day and Kit Carson parks are made from recycled materials and color-coordinated with the City's residential collection carts.
- Goodwill offers a storefront collection center in Escondido which accepts electronics for recycling seven days a week.
- One 5-gallon Rubbermaid worm-composting bin can transform a family of four's kitchen waste into a rich soil amendment.

Future Challenges - "Zero Waste" refers to the state's goal of reducing municipal waste streams in measurable increments. Recycling is supporting those targets through increased contact with businesses, schools and multifamily housing managers. As those goals are reached, smaller waste streams (less than 4 cubic yards per week) will become the focus of the state law.

DEPARTMENT PRIORITIES

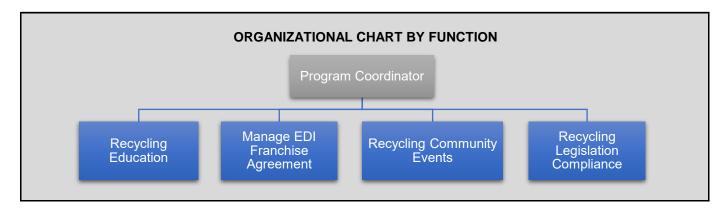

- Meet requirements for state assembly bills; 939 (waste diversion goals), 341 (mandatory commercial recycling), and 1826 (mandatory commercial organics recycling) by continuing, supporting and implementing residential waste reduction and recycling programs, and working with Escondido's waste hauler to encourage increased diversion of commercial and industrial waste
- Meet state and federal household hazardous waste disposal regulations by educating the public, promoting new and existing household hazardous waste programs, and offering safe and legal disposal of household-generated hazardous waste to Escondido residents

- Monitor contract of franchised waste hauler to ensure compliance with contract requirements for trash and recycling collection, processing, and disposal all while supporting resident expectations and high quality customer service
- Meet recycling and waste reduction community outreach and education goals by continuing, supporting and implementing litter prevention and cleanup programs as well as presenting at fairs, school functions, and the community farmers' market

MAJOR BUDGET IMPACTS

Increase in recycling grant costs, which are offset by grant revenue

POLICE

DESCRIPTION

The Escondido Police Department enhances public safety and the quality of life in Escondido by fostering trust and preserving peace.

The core values of the Escondido Police Department:

- Integrity

 A departmental commitment to ethical conduct with honesty and strong moral principles
- Professionalism—Consistently providing excellent police services with the highest level of knowledge, skill and personal conduct
- Service—A commitment to provide assistance through courtesy, compassion and teamwork
- Accountability—Ensuring our decisions and actions are held to the highest standards and expectations.

The Escondido Police Department works cooperatively with the community to address crime through prevention activities, problem-solving methods, and community engagement. This collaborative approach, called Community Policing, balances reactive police responses with proactive problem solving practices. Community Policing compliments the Escondido Police Department's focus on traffic safety, crime investigations, and juvenile crime prevention and intervention programs.

ORGANIZATION STRUCTURE

The Escondido Police Department is led by the Chief of Police and three Police Captains. Each Police Captain commands a Bureau. The three Bureaus are the Patrol Bureau, the Investigations Bureau, and the Services Bureau.

PATROL BUREAU

The Patrol Bureau includes the Patrol Division, the Traffic Division, the K-9 Unit, the COPPS (Community Oriented Policing and Problem Solving) Unit, the School Resource Officer Unit, and the Custody Transport Unit. Each year, the Patrol Bureau responds to approximately 53,115 calls for service; investigates around 1,000 traffic collisions; and makes 5,342 arrests. Members of the Patrol Bureau attend community meetings and school events.

INVESTIGATIONS BUREAU

The Investigations Bureau includes Units and Divisions that focus on criminal investigations. Detectives, Sergeants, Community Service Officers, Crime Analysts, Forensic Technicians and administrative staff work together to investigate crimes and improve community safety.

SERVICES BUREAU

The Services Bureau includes the Property and Evidence Division, the Records Division, and the Emergency Communications (Dispatch) Division. Members of this bureau support front-line law enforcement and help serve the community through customer service and administrative assistance.

ADDITIONAL INFORMATION ABOUT THE ESCONDIDO POLICE DEPARTMENT:

- Members of the Escondido Police Department work cooperatively to provide the community with excellent law enforcement services and community support.
- For more information on the Escondido Police Department, please visit the Escondido Police Department website at https://police.escondido.org/

DEPARTMENT PRIORITIES

- Enhance community oriented policing and problem solving (COPPS) services
- Respond quickly and efficiently to 911 calls for service
- Evaluate operational effectiveness and fiscal mindfulness
- Establish innovative ways to increase community and officer safety

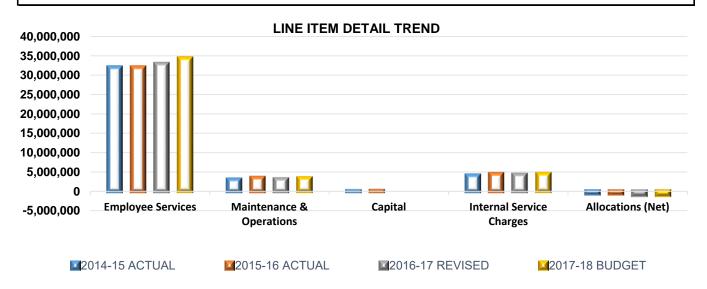

MAJOR BUDGET IMPACTS

- Increase in salaries, overtime, PERS costs, medical insurance projections, workers' compensation charges, and other overhead
- Various M & O increases include office supplies, safety equipment, professional services, training, cell phone services, POST training and minor office equipment
- Increase in internal service charges, primarily radio communications
- Increase in allocations out due to increase in this budgets subtotal

FIRE

DESCRIPTION

Fire Department is responsible meeting the day-to-day emergency response needs of the residents and visitors to Escondido City and Rincon Del Diablo Fire Protection District. In addition to emergency responders, Fire Department supports the Senior Volunteer and Fire Explorer programs. The Operations budget provides for maintenance facilities supplies, fire equipment (hose, radios, ladders, breathing apparatus, protective clothing, etc.) repair and replacement, and professional development.

The Emergency Medical Services (EMS) budget provides for all operational needs to provide emergency medical services and transportation to the appropriate hospital for care.

The Fire Prevention Division of the Fire Department is responsible for:

- Hazard abatement enforcement
- Approval of building, planning, engineering, and fire department plans
- Public education
- Fire investigations
- New business license inspections
- Fire and safety inspections
- Weed abatement
- Burn permits
- Construction inspections

Did you know?

- In 2016, the Fire Department responded to 15,369 incidents, which is an average of 42 emergency calls each day!
- The City's Quality of Life Standard is to have a Fire Department response time of 7:30 minutes or less from the 911 call to the arrival of the first unit.
- Approximately 81% of the emergencies we are called to are medical in nature, which is why nearly all of our field personnel are licensed paramedics.
- In 2016, Escondido Fire Department responded to 283 fires.
- The Escondido Fire Department has 36 personnel on duty 24 hours per day staffing 7 Engines, 5 Ambulances, and 1 Truck. In addition, 1 Battalion Chief is in charge of the 7 fire stations in Escondido.
- The Escondido Fire Department Senior Volunteer program provides an opportunity to those who are 50 years or older to volunteer and assist with office support, transporting supplies and equipment between stations, teach fire safety education, and assist with safety inspections.
- The Escondido Fire Department Explorer Program exposes young people (15 to 21 years old) to the various aspects of the fire service while developing character, morals, values, and a sense of responsibility. Many graduates of the Explorer Program have gone on to a successful fire service career!
- The Escondido Fire Department is a member of the San Diego Operational Area North Zone which includes Fire Agencies north of San Diego City to the Riverside County boarder. We share operational procedures and practices, participate in joint interagency training, and work together to recruit new employees and develop current leadership.
- In 2016 Fire Prevention Division conducted over 2,160 life safety inspections and completed 1,820 plan reviews.

Challenges:

- The primary challenge for Fire Department operations is simply the growth of the demand for service outpacing funding and revenue. For the past 20 years, the increase number of emergency calls has increased an average of 5% per year. From 2007 to 2016, the annual number of emergency incidents has risen from 10,670 to 15,369. If this pace continues, we expect the number of emergency calls to exceed 25,000 per year by 2027. The projected tax and fee for service revenue is not expected to increase at the same proportional rate. Our challenge therefore, is to find innovative and effective ways to deliver emergency and medical services in the future that ensure the quality of life our residents expect and deserve.
- Maintaining a budget for our EMS division with no increase has become significantly more challenging. The cost from our vendors to provide vital medical supplies and pharmaceuticals increases over time. Currently the Fire Department is working on a

Request for Proposal (RFP) for medical supplies, in partnership with other North County Fire Departments, in hopes of leveraging better pricing.

- As the Department's call volume increases, the engine companies are less able to perform other duties such as maintenance, inspections and training. However, training will continue to be a priority second only to 911 responses.
- The need for a robust training program is important to protect the health and safety of our firefighters and ensure efficient service to our residents. Props, equipment and material are necessary for effective training, which require funding. In addition, the costs for certification and professional development courses change as the requirements evolve. Maintaining a well-trained emergency response workforce requires additional funding as we must be prepared for new emergency challenges.
- The Fire Prevention Division does not have enough staff to keep up with the increase in development for plan review and inspections. We have contracted with Bureau Veritas to assist us in conducting plan review there continues to be shortage of staff to keep up with the demand in all areas of Prevention from construction inspections, new businesses, annual inspections, etc.

DEPARTMENT PRIORITIES

- Continue to utilize new technologies to improve department efficiencies and accountability, including implementing AVL dispatching
- Identify and develop an effective succession plan
- Continue to monitor and evaluate the EMS delivery model
- Utilize Insurance Service Office data to evaluate the fire suppression delivery to the community
- Research, develop and implement a self-inspection program for small businesses
- Update continuity of Operations Plan and develop training for City staff, residents and businesses to prepare for and respond to disaster

MAJOR BUDGET IMPACTS

- Increase in salaries, overtime and related overhead
- Various M & O increases include station alerting system maintenance, EMS supplies, plan review consultant and other telephone charges
- Capital outlay increase is primarily due to a new station alerting system

- Increase in internal service charges, primarily radio communications
- Increase in allocations out to water and wastewater is due to increase in this budgets subtotal

EMERGENCY MANAGEMENT

- Emergency Operations Plan
- Continuity of Operations Plan
- Evacuation Plan
- Mass Care and Shelter Plans
- Multi-Jurisdictional Hazard Mitigation Plan

DESCRIPTION

Emergency Management is responsible for the development and maintenance of emergency plans and the training of city staff, residents, and businesses to prepare for disasters that are beyond the ability of the City to handle with its own resources. Emergency Management is also responsible for the operational readiness of the Emergency Operations Center (EOC) and training of city staff for their roles within the EOC.

Emergency Management is responsible for the following plans:

The following activities are used to reach out to and train City residents and businesses:

- Public Outreach
 - Public Service Announcements
 - Social Media
 - Presentations
 - o Event Booths
 - o Publications
- Community Emergency Response Team (CERT)

City staff are trained in EOC operations, shelter operations and disaster response.

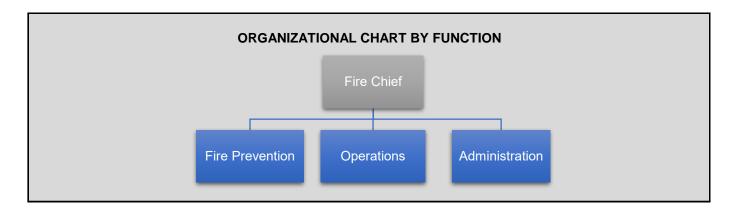

The goal of emergency management is to create a more resilient city through planning, preparation, mitigation, and recovery.

Future Challenges for Emergency Management may come from the changing tactics of terrorist groups and changes in federal and state disaster reimbursements. There may also be minimum education standards for EOC staff and Emergency Managers to receive federal and state grant funding and disaster reimbursements. These new standards may require additional funding and require additional classroom time for city staff that are not normally involved in emergency management.

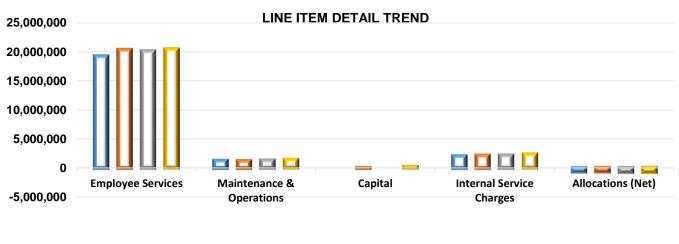

MAJOR BUDGET IMPACTS

- Decrease in employee services due to temporary part-time position moved to grant fund
- Increase in M & O due to added Community Outreach advertising costs

NON-DEPARTMENTAL

DESCRIPTION

The Non-Departmental account includes contingencies for contractual salary and benefit obligations and expenditures not directly chargeable to other City Hall accounts, such as for pool cars, training room workstations and Escondido University duplicating charges.

DEPARTMENT PRIORITIES

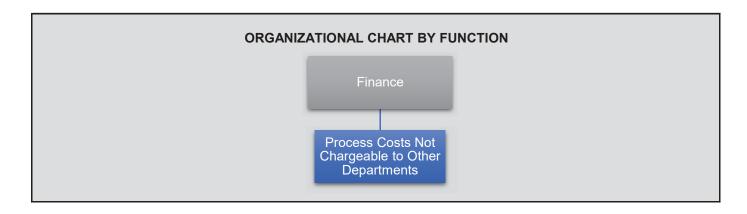

To account for contingencies for contractual salary and benefit obligations and other expenditures that are not directly chargeable to other General Fund

departments.

MAJOR BUDGET IMPACTS

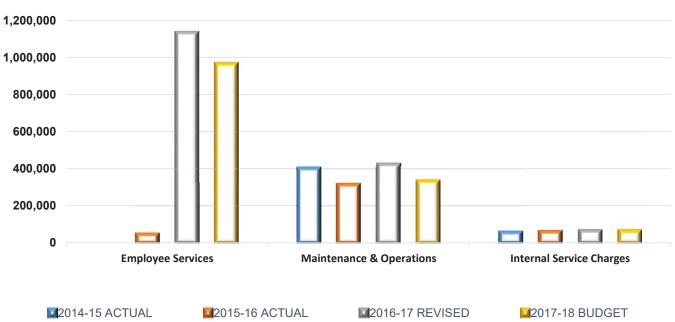

- Decrease in amount projected for retirement contingency
- Decrease in property tax administration and election projections

NON-DEPARTMENTAL

MAJOR BUDGET IMPACTS

None

CENTER FOR THE ARTS

DESCRIPTION

With a mission of bringing people together to discover, create and celebrate both the visual and performing arts, the California Center for the Arts, Escondido is the cultural center of North San Diego County.

The Center's unique campus includes a 1,500-seat concert hall, a 400-seat theater, a contemporary art museum, art and dance studios, and a full-service conference center with meeting and banquet facilities ready to host corporate gatherings, weddings and other special life events.

The Center also runs an extensive education program and produces free community events, such as the Jazz Jam Sessions, Musica En La Plaza, 4th of July celebration, Day of the Dead Festival, Holiday Tree Lighting and WOW First Wednesdays performances.

The Center's activities are guided by a Board of Trustees and an administration and staff who are dedicated to furthering arts entertainment and arts education in the community, by sustaining and expanding programs that provide cultural enrichment for residents of North County and beyond.

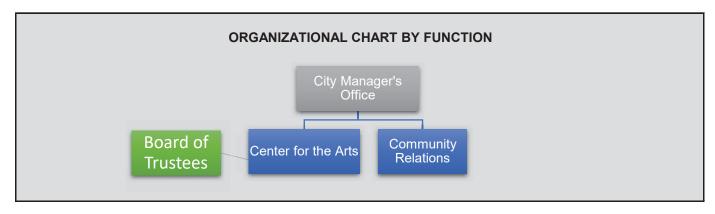

DEPARTMENT PRIORITIES

Not applicable

MAJOR BUDGET IMPACTS

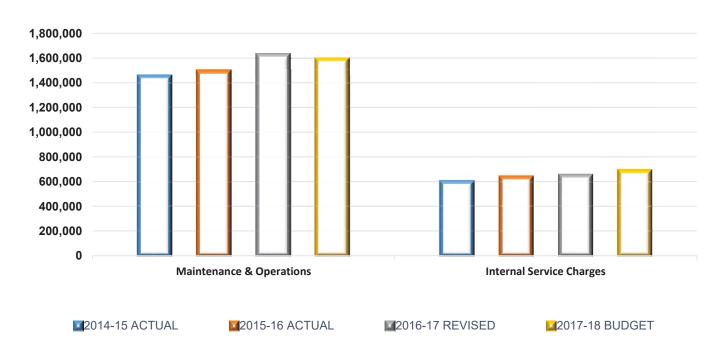

- Increased management fee by 2% change in CPI
- Projected decrease in the cost of utilities
- Increase in internal service charges, primarily building maintenance

Special Revenue Funds

CITY OF ESCONDIDO FY 2017-18 Operating Budget Special Revenue Fund Sources and Uses

VEHICLE PARKING DISTRICT

This fund was established to account for transactions related to the maintenance and operation of City owned public parking lots. Funding is provided by a transfer from the General Fund.

Transfer from General Fund	\$95,430
TOTAL, Sources	\$95,430

Uses of Funds:

Operating Budget	
Maintenance and Operations	12,715
Allocations	82,715
TOTAL, Uses	\$95,430

VEHICLE PARKING DISTRICT

DESCRIPTION

The City of Escondido has seven public parking lots maintained by the Public Works/Parks Division and designated as within the Vehicle Parking District. City staff and service contracts handle the pavements, sidewalks, drainage structures, lighting, signs, striping, sweeping, trash collection, landscaping and irrigation of these lots. The lots are accessible from the alleys on either side of Grand Avenue as well as directly from Valley Parkway and 2nd Street. Other public parking spaces adjacent to city buildings such as City

Hall, California Center for the Arts Escondido, Escondido Library or Jim Stone Pool are not within or maintained by the established Vehicle Parking District.

The seven public parking lots within the Vehicle Parking District contain just under 500 parking spaces serving the downtown business district.

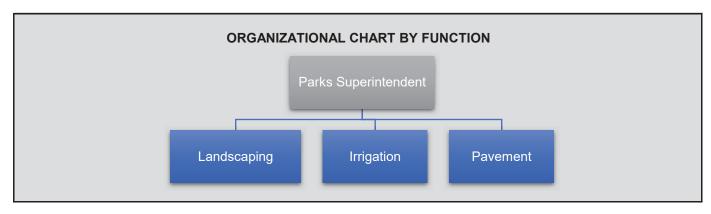

DEPARTMENT PRIORITIES

Maintain parking areas for safety and appearance

MAJOR BUDGET IMPACTS

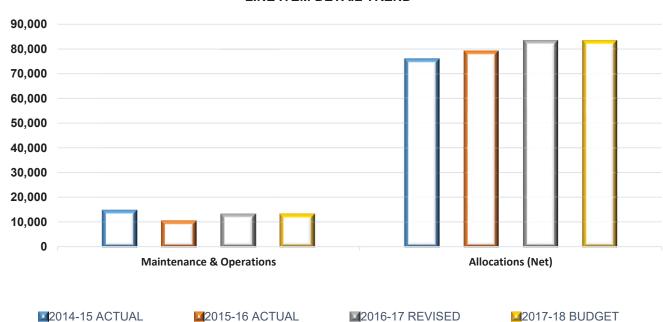

None

Allocations	(159,390)
TOTAL, Uses	\$ 907,130

AFTER SCHOOL EDUCATION & SAFETY (ASES)

DESCRIPTION

The ASES Program is a grant funded program designed to close the achievement gap for students by improving academic performance through active learning, skill mastery, and enrichment activities in a safe and supportive environment. partnership with the Escondido Union School District. Community the Department offers Services program at five elementary schools (Conway, Farr Avenue, Juniper, Oak Hill, and Rock Springs).

The overarching goals of the program

are to increase:

- Student academic achievement through dedicated practice of reading skills, language arts, and math fluencies as determined by Common Core State Standards with a focus on high quality science, technology, engineering, and math (STEM) programming
- Physical fitness and activity by implementing 45-minutes of moderate to vigorous exercise through organized play daily and development of wellness programming
- Student, school, and community safety through implementation of cyber-safety awareness, a collaborative partnership with the police department, and personal student safety program activities

Future Challenges - The following reflects changes to the amount received and uses of the grant funds:

- Anticipated reduction in grant funding by \$2,400
- Grant rules disallow use of funds for utilities and insurance expenses, and only permits 1.6% of the total grant for building maintenance costs leaving an approximate unfunded liability of \$67,290

DEPARTMENT PRIORITIES

 Achieve student academic skill improvement through dedicated practice of reading, language arts, and math fluencies as determined by Common Core State Standards

- Implement daily 45-minutes of moderate to vigorous physical fitness and activity through organized and supervised play as well as through wellness programs
- Collaborate with the Escondido Police Department to provide a student, school, and community safety program to accomplish personal student safety and cyber-safety awareness

MAJOR BUDGET IMPACTS

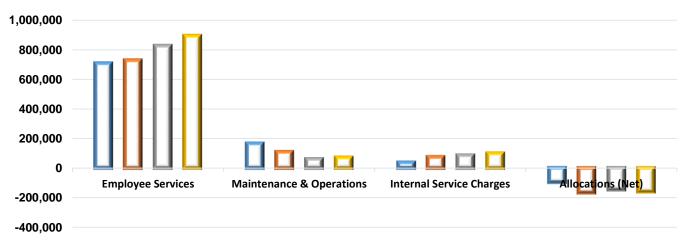

- Increase in employee services due to the addition of one full-time Recreation Coordinator position and an increase in temporary part-time staff
- Increase in in M & O is primarily for On Track supplies
- Increase in internal service charges, primarily building maintenance
- Increase in allocations out, primarily to Recreation for the On Track program
- Transfer in from the General Fund to cover costs that are no longer elibilge for grant funding: utilities, insurance and a portion of building maintenance costs
- Approximately \$14,0000 decrease in the projected amount of grant funding

REIDY CREEK GOLF COURSE

DESCRIPTION

Reidy Creek is regarded as one of the country's finest and challenging par 3 courses. Reidy Creek was carefully designed by course architect Cal Olson to maximize its natural valley setting to offer 18 distinctive holes. Every hole at this Escondido golf course is unique and the undulating, well maintained greens are protected by dramatic bunkers and water features. The front nine is tighter than the back nine and the holes are generously spaced as you glide through this natural layout at the base of the Escondido Mountains. lts scenic design

provides a challenge to experienced golfers and lends itself to be extremely playable for the beginner.

One of the great benefits of Reidy Creek is you can play 18 holes in less than three hours. The value combined with the challenge and condition of the course makes Reidy Creek a hidden gem amongst the county's golf courses. In the Creekside Tavern you may indulge in a wide variety of your favorite beers and wines including some of San Diego's finest award winning local brews. You will also enjoy a variety of snacks paired with the friendliest and always professional staff.

This golf course is managed by JC Resorts who has been a leader in the management and operation of premium resort and golf properties since 1971.

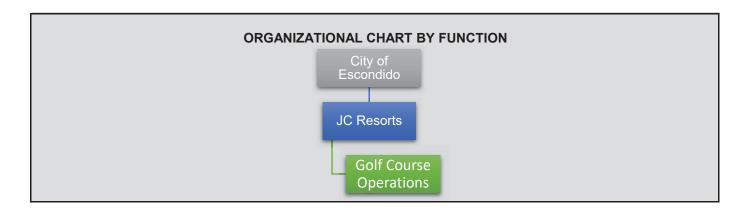

DEPARTMENT PRIORITIES

- Continue to increase exposure to new golfers and foot golfers
- Improve repeat returns through advertising, JC player specials and daily offers
- Bring in new golf leagues
- Continue to bring in creative events to the course to increase revenue

MAJOR BUDGET IMPACTS

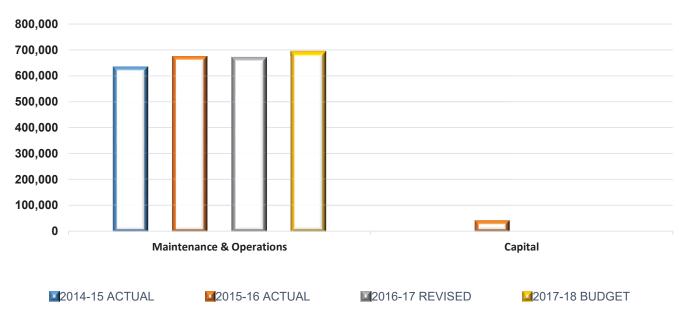

- Increase in M & O is primarily due to increase in golf course operation expenses
- \$102,150 Transfer in from the General Fund to cover operations

CITY OF ESCONDIDO FY 2017-18 Operating Budget Special Revenue Fund Sources and Uses

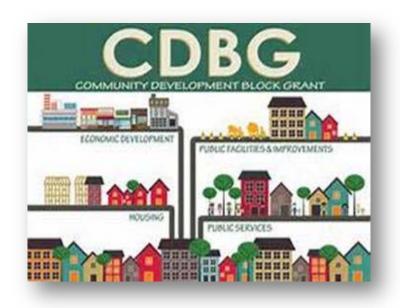

COMMUNITY DEVELOPMENT BLOCK GRANT ADMIN

This fund was established to account for transactions related to the Community Development Block Grant provided by the Federal Government. The resources are expended for community development and housing assistance.

Sources of Funds:

Grant TOTAL, Sources	\$1,363,500 \$1,363,500
Uses of Funds:	
Operating Budget	
Employee Services	\$268,450
Maintenance and Operations	23,450
Internal Service Charges	34,265
Allocations	(94,995)
TOTAL, Operating Budget	231,170
CDBG Capital Projects	893,305
CDBG Fair Housing Contract	34,500
CDBG Public Service	204,525
TOTAL, Uses	\$1,363,500

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) ADMIN

DESCRIPTION

Community Development Block Grant Administration administers a variety of programs and is committed improving low- and moderate-income neighborhoods by facilitating public services and capital improvements and supporting neighborhood groups. The CDBG program is a federal block grant program established in 1974 to ensure decent affordable housing, to provide services to the most vulnerable in our communities, and to create jobs through the expansion and retention of businesses. CDBG is an important tool for helping local

governments tackle serious challenges facing their communities. In Escondido, CDBG has been used to fund public services, including City programs for seniors at the Park Avenue Community Center and recreation programs for children, as well as non-profit services including Meals on Wheels and Solutions for Change. CDBG funds have also been used to fund revitalization efforts including supplementary Code Enforcement, Project NEAT and graffiti removal efforts. Recent capital improvement projects have included security improvements at the Escondido Community Child Development Center, and improved lighting and closing infrastructure gaps in our neighborhoods.

Did you know?

- Escondido has 18 Neighborhood Groups, including our newest, Rose to Fairdale, which was formed in 2015
- The Rustic Village Passive Park was created as a partnership of the Rustic Village Neighborhood Group, CDBG Admin, San Diego Habitat for Humanity, and a large number of volunteers.

Future Challenge - It is unknown at what level the federal government will fund federal Block Grants, including CDBG, and whether it will provide resources to assist cities to address a wide range of unique community development needs.

DEPARTMENT PRIORITIES

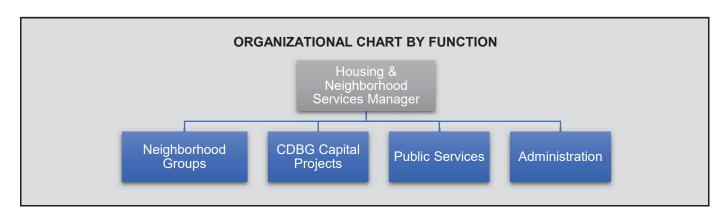

- Continue Neighborhood Outreach programs
- Support and expand neighborhood groups and the development of neighborhood leaders

- Continue the successful Project NEAT, Code Enforcement, Graffiti eradication efforts and Neighborhood transformation Project (NTP) efforts
- Continue neighborhood street improvement projects
- Implement One-Year Action Plan consistent with the Five-Year Consolidated Plan

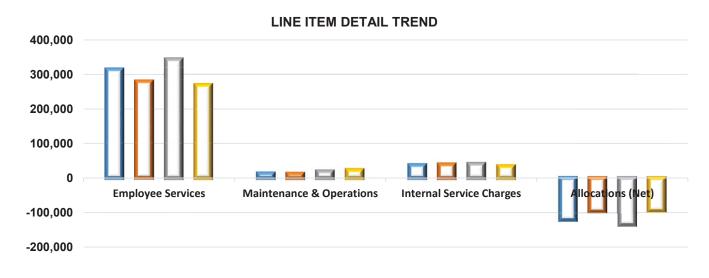

MAJOR BUDGET IMPACTS

- Decrease in employee services primarily due to elimination of one full-time Department Assistant position
- Decrease in internal service charges, primarily general liability insurance charges
- Decrease in allocations out to capital projects
- Approximately \$151,000 decrease in grant award amount

CITY OF ESCONDIDO FY 2017-18 Operating Budget Special Revenue Fund Sources and Uses

LANDSCAPE MAINTENANCE DISTRICT

This fund was established to account for transactions related to the maintenance of landscaping in various areas throughout the City of Escondido. Funding is provided through special assessments on property owners who receive direct benefit of these services.

Sources of Funds:

Assessments	\$797,050
Charges to Departments	6,455
Interest	595
Use of Available Fund Balance	229,175
TOTAL, Sources	\$1,033,275

Uses of Funds:

Operating Budget	
Maintenance and Operations	\$875,595
Internal Service Charges	3,100
Allocations	154,580
TOTAL, Uses	\$1,033,275

LANDSCAPE MAINTENANCE DISTRICT (LMD)

DESCRIPTION

Maintaining the Quality of the View - The City's LMD operates to maintain developer-installed landscaping in 34 neighborhoods, referred to as zones. Each zone was created at the time the neighborhood was constructed, which means each landscape plan is unique, has distinct maintenance needs, and has its own operating budget. Each zone was formed in accordance with the Lighting and Landscaping Act of 1972 and Proposition 218 as required by law.

Challenges - In recent years the City has experienced drought followed by storms. Plants that were stressed and dying from lack of water were then ravaged by deluges. In the process we lost a lot of planting, including trees.

Meeting the Challenge - The City takes pride in its appearance and has

dedicated the current LMD budget to repairing drought and storm damaged landscaping. This will be an ongoing process for the next two years within the constraints of each zone operating budget.

Opportunities - The drought revealed weaknesses in the City's landscaping and irrigation that helped to identify potential projects to reduce water usage. One such project was taking advantage of Metropolitan Water District rebate programs to purchase a web-based irrigation system that allows the City to reduce water use and costs throughout the LMD. The City also purchased water-efficient irrigation nozzles through the same program, which will add to water savings and cost reductions. The City anticipates using cost savings to continue the plant replacement process within each zone as budgets allow.

Reliable Contractors - The LMD is maintained by contractors that bid for the privilege of serving our neighborhoods. The City has been fortunate to work with contractors that are conscientious about keeping the landscaping beautiful. The City has direct contact with contractors on a daily basis.

Public Support - The LMD is grateful for residents who are actively involved in reporting any concerns they have in the district. The LMD Administrator routinely meets residents and

contractors in the field to address concerns and/or to ensure LMD zones are maintained according to contract agreements approved for each zone.

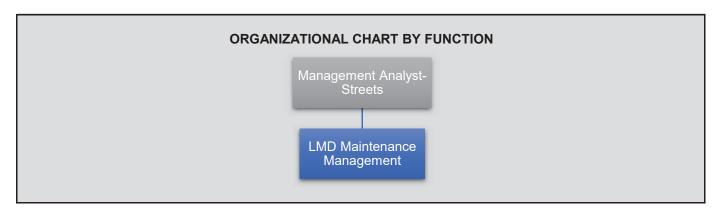

DEPARTMENT PRIORITIES

- Manage landscape maintenance contractors to ensure they comply with maintenance plans and standards for each Landscape Maintenance District (LMD) zone
- Develop and monitor the LMD budget for each zone to cover administrative and maintenance costs
- Provide administrative services for annexation requests from developers when developments join or form new LMD zones
- Respond to public requests for LMD information in a timely, professional, and effective manner

MAJOR BUDGET IMPACTS

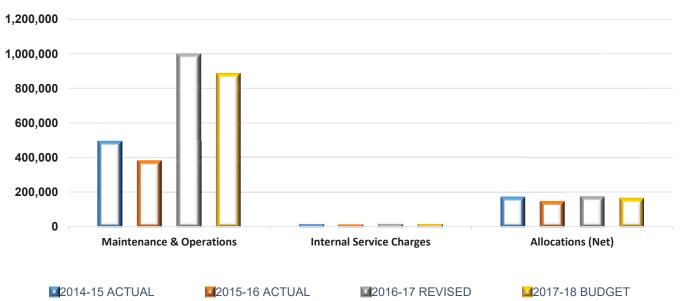

- Increase in M & O primarily due to installation of new web based irrigation system
- Increase in allocations out due to Engineering and Public Works reorganization
- Use of \$229,175 in available fund balance

CITY OF ESCONDIDO FY 2017-18 Operating Budget Special Revenue Fund Sources and Uses

SUCCESSOR AGENCY-HOUSING

This fund was established to account for the continued administration and oversight of housing obligations after the elimination of the redevelopment agency.

Sources of Funds:

Loan Repayments	\$400,000
Transfer from General Fund	25,000
CalHOME Grant	1,700,000
TOTAL, Sources	\$2,125,000

Operating Budget	
Employee Services	\$347,435
Maintenance and Operations	145,200
Internal Service Charges	34,670
Allocations	(166,835)
TOTAL, Operating Budget	360,470
Housing Programs/Future Development	144,265
CalHOME Grant-Rehabilitation Programs	1,620,265
TOTAL, Uses	\$2,125,000

SUCCESSOR AGENCY - HOUSING

DESCRIPTION

Successor Agency - Housing administers a variety of programs providing affordable housing for low-income households including building, buying, and/or rehabilitating affordable housing for rent or homeownership.

The dissolution of the California redevelopment agencies in 2012 eliminated the major source of local publically generated dollars earmarked for affordable housing.

The City of Escondido established a Successor Housing Agency to manage all assets, liabilities, duties, and obligations associated with the housing activities of the Community Development Commission (CDC), excluding any amount in the Low and Moderate Income Housing Fund. Transferred assets consisted of loans made to the CDC and land owned by the CDC. Proceeds from these assets will be deposited into the Low and Moderate Income Housing Asset Fund ("Housing Asset Fund"). Recent projects have included the continuation of the Senior Rental Subsidy program for extremely low income seniors, administrative support for federal Emergency Solutions Grant funds assisting people who are homeless and at-risk of homelessness, an acquisition-rehabilitation development, and a new construction development.

Did you know?

- Since the dissolution of the Redevelopment Agency, the City has been able to fund two new projects using ERAF repayments: Crossings at Escondido Boulevard and a Solutions for Change project serving formerly homeless families
- Successor Agency Housing pursued a grant to offer owner-occupied rehabilitation loans for single family homeowners and mobile home owners. Funds are available through 2017.

Future Challenge - The Successor Agency – Housing budget depends on the repayment of first time homebuyer and owner-occupied rehabilitation loans as well as the repayment of loans made for multi-family housing. Due to low and uncertain funding, the division must primarily focus on monitoring of existing projects rather than expansion of services.

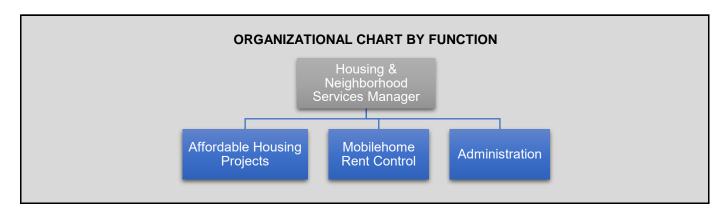

DEPARTMENT PRIORITIES

- Continue to provide the highest level of customer service
- Implement direction from the City Council on Successor Housing Agency program additions and/or program changes
- Assess the effectiveness of affordable housing programs and special projects through collection and analysis of available statistical and anecdotal information
- Stimulate economic development through the use of affordable housing funds by providing affordable housing programs and new affordable housing opportunities within the community

MAJOR BUDGET IMPACTS

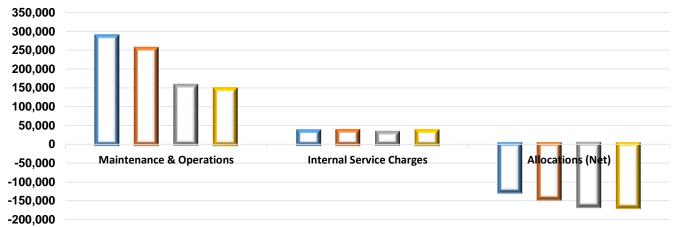

- Decrease in employee services primarily due to elimination of one full-time Program Assistant position
- Decrease in rental subsidy program costs
- Increase in internal service charges, primarily duplicating and mail services charges
- Decrease in allocations in primarily due to promotion of Director of Community Development to the City Manager's office resulting in a decrease in allocations in from the Planning department
- Advances from Successor Agency-Redevelopment were paid back during 2016-17, resulting in a significant decrease in funding for Housing Programs/Future Development during 2017-18

MOBILEHOME PARK MANAGEMENT

This fund was created to account for transactions related to the management of Mountain Shadows and Escondido Views mobilehome parks.

Sources of Funds:

TOTAL, Sources	\$185,000
Rental Income-Mountain Shadows	153,000
Rental Income-Escondido Views	\$32,000

Maintenance and Operations	\$157,350
Internal Service Charges	1,335
Allocations	26,315
TOTAL, Uses	\$185,000

MOBILEHOME PARK MANAGEMENT

DESCRIPTION

Mobilehome Park Management coordinates transactions related to the management of individual City owned lots at Mountain Shadows and Escondido Views mobilehome parks.

The City of Escondido purchased Mountain Shadows and Escondido Views Mobilehome Parks in the 1990s in order to assist residents in converting these two parks to resident owned (condominium)

parks using Redevelopment funds and an MPROP loan. Several residents did not purchase their lots and the City has retained ownership of those lots. Mobilehome Park Management acts as the landlord to 29 mobile home coach owners. As residents leave the Parks, lots are sold.

Future Challenge - As lots are sold, the City costs for management per lot will increase.

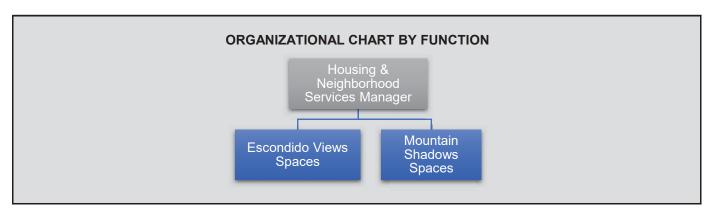

DEPARTMENT PRIORITIES

- Continue to manage City owned lots in the Mountain Shadows and Escondido Views mobilehome parks. 29 spaces remain to be sold.
- Minimize operating costs whenever possible
- Continue to provide highest level of customer service
- Continue to market and sell lots

MAJOR BUDGET IMPACTS

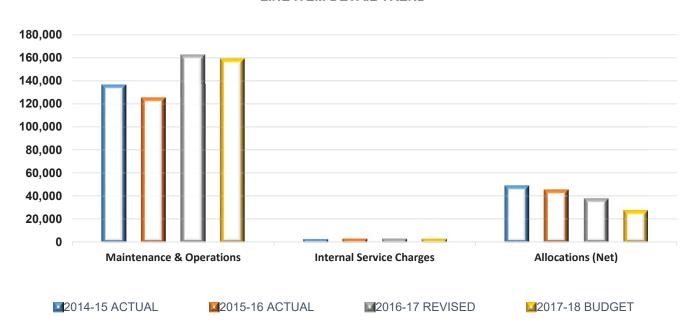

- Decrease in M & O costs for tree trimming
- Decrease in amount allocated in from Housing to more accurately account for duties being performed by Staff
- Approximately \$14,000 decrease in projected rental income

MOBILEHOME PARK MANAGEMENT

HOME PROGRAM

This fund was created to account for transactions related to the HOME grant awards. The resources from the Department of Housing and Urban Development (HUD) are expended for affordable housing programs.

Sources of Funds:

Grant	\$415,000
Interest	10,000
Loan Repayments	150,000
TOTAL, Sources	\$575,000

Operating Budget	
Maintenance and Operations	\$29,085
Internal Service Charges	805
Allocations	62,610
TOTAL, Operating Budget	92,500
Programs	482,500
TOTAL, Uses	\$575,000

HOME PROGRAM

DESCRIPTION

HOME Program administers programs providing variety of affordable housing for low-income households includina building, and/or rehabilitating buying, affordable housing rent or for homeownership.

The HOME program is a federal block grant program established by the 1990 Cranston-Gonzalez National Affordable Housing Act to implement local housing strategies

designed to increase homeownership and affordable housing opportunities for low and very low-income Americans. Participating jurisdictions may choose among a broad range of eligible activities, Escondido has chosen to focus on using HOME funds to provide home purchase to first time homebuyer and to build or rehabilitate housing for rent or ownership. Recent multifamily rental projects include the acquisition and rehabilitation of Cypress Cove Apartment and the Crossings at Escondido Boulevard.

Did you know?

- HOME is the largest Federal block grant to state and local governments designed exclusively to create affordable housing for low-income households
- Since 1994, the City has received \$15.7 million in HOME funds which has assisted 1,005 families become homeowners and built/rehabilitated 194 affordable rental units in 15 developments.

Future Challenge - It is unknown at what level the federal government will fund federal Block Grants, including HOME, and whether it will provide resources to assist cities to address a wide range of unique housing needs.

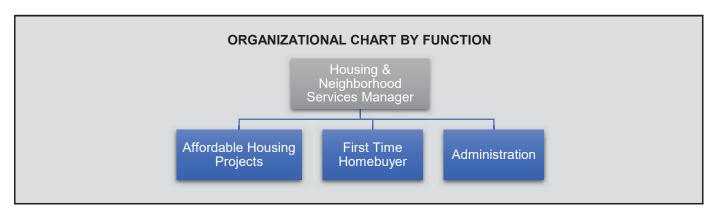

DEPARTMENT PRIORITIES

- Implement Council direction as to the use of available funds for special projects
- Provide technical and financial support to local community housing development organizations (CHDO's)
- Create opportunities and provide financial assistance to first time home buyers

MAJOR BUDGET IMPACTS

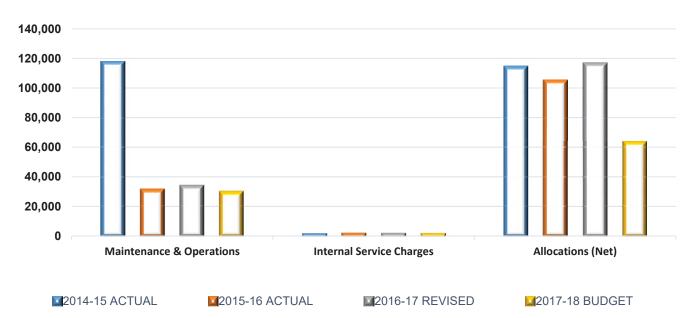

- Decrease in M & O primarily for training costs
- Decrease in allocations in from housing to more accurately reflect the duties performed by Staff
- Projected decrease in grant award amount of approximately \$46,000

SUCCESSOR AGENCY - REDEVELOPMENT

DESCRIPTION

As a result of Assembly Bill x1 26 (AB 26) enacted by the State Legislature in June 2011 and a decision issued by the California Supreme Court in December 2011, each redevelopment agency in California dissolved as of February 1, 2012 at which time a successor agency assumed responsibility for winding down its operations.

On January 25, 2012, the City Council adopted Resolution No. 2012-16, affirming that the City would serve as the Successor Agency to the former redevelopment agency known as the Community Development

Commission (CDC). The City of Escondido, acting as the Successor Agency to the former redevelopment agency, is charged with managing and dissolving the assets of the former agency under the direction of an Oversight Board.

The Oversight Board is a seven-member board established by state law (ABx1 26) and was formed to supervise the activities of the Successor Agency in winding down redevelopment. The Oversight Board has a fiduciary responsibility to holders of Enforceable Obligations and the taxing entities that benefit from distributions of property tax and other revenues. The members of the Oversight Board are appointed by specific entities within the former redevelopment area as required by statute.

The Redevelopment Obligation Retirement Fund has been established for winding down the affairs of the former redevelopment agency and account for the recognized obligation payments of the former redevelopment agency. These expenditures are subject to the approval of the Oversight Board for the Successor Agency and the California State Department of Finance.

Funding for continuing obligations is distributed to the City as Successor Agency from the Redevelopment Property Tax Trust Fund (RPTTF). Residual funds remaining in the RPTTF after the successor agency's enforceable obligations are met are distributed to the local taxing entities per appropriate allocation formulas.

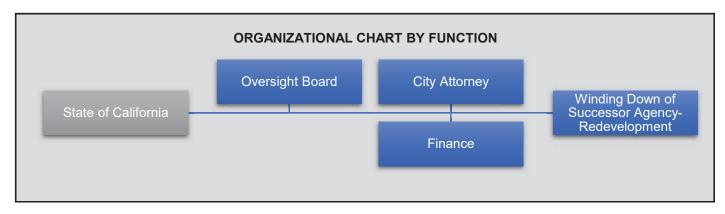

DEPARTMENT PRIORITIES

• To make timely payments of enforceable obligations incurred during the winding down of the redevelopment agency

MAJOR BUDGET IMPACTS

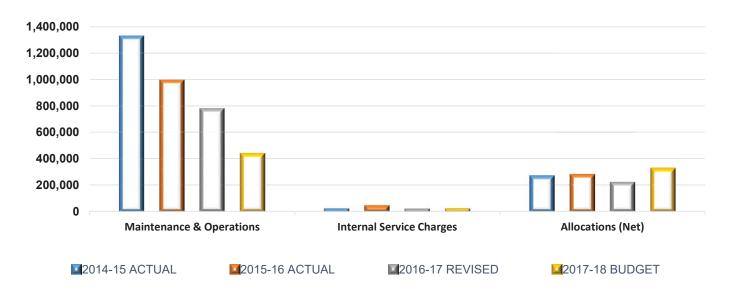

- Decrease in the amount of bond interest due
- Increase in amount allocated in due to increase in enforceable obligations due in the prior year

GENERAL OBLIGATION BOND DEBT SERVICE

DESCRIPTION

This fund was established to account for transactions of all general obligation debt issued by the City related to the construction of the public safety facilities, including the accumulation of resources for and the payment of interest and principal on long-term bonds. Funding is provided through property taxes designated for the general obligation bonds.

The General Obligation Bonds, Series A were authorized at the election of the registered voters of the City held on November 2, 2004 at which two-

thirds or more of the persons voting on the proposition voted to authorize the issuance and sale of not to exceed \$84,350,000. The proceeds of the Series A Bonds were used to acquire and improve real property comprising of the City's Police Headquarters building in combination with Fire Department administrative and training functions, the construction of three new neighborhood fire stations, the reconstruction of Fire Station No. 1, and the acquisition of land and other related improvements.

On May 12, 2015, the Series 2015 Refunding Bonds were issued in the amount of \$61,250,000 to refund the Series A Bonds and to pay certain costs of issuance. These Bonds will be paid off by September 1, 2036.

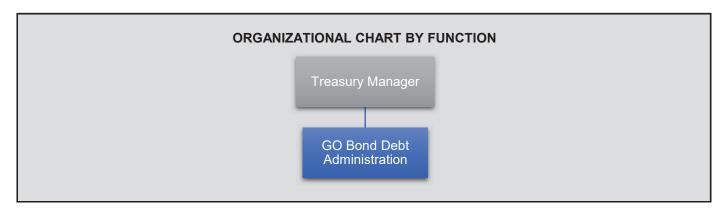

DEPARTMENT PRIORITIES

- Calculate annual property tax rate and submit to City Council for approval
- Submit annual resolution of the City Council for establishing property tax rate to the county of San Diego
- Pay bond principal and interest in a timely manner
- Reconcile bond statements monthly to ensure transactions are posted accurately by the Trustee

MAJOR BUDGET IMPACTS

Increase in the amount of bond interest due during 2017-18

REIDY CREEK GOLF COURSE DEBT SERVICE

DESCRIPTION

This fund was established to account for transactions of all debt issued by the City related to the construction of the Reidy Creek Golf Course, including the accumulation of resources for and the payment of interest and principal on long-term bonds. Funding is provided by a transfer from the General Fund.

The Reidy Creek Golf Course Lease Revenue Bonds, Series 2001 were issued on March 1, 2001 in the amount of \$6,300,000 to fund the acquisition, construction, and equipping of a public golf course and related flood control, water well, and ancillary facilities. The

golf course is an 18-hole executive municipal course that opened to the public in July 2002. It is constructed on approximately 65-acre site that was vacant/undeveloped land of which approximately 25 acres was owned by the City and 40 acres was owned by the Developer. A portion of the golf course is designed as a flood control detention basin to reduce peak-flow storm water runoff from the adjacent Reidy Creek. The City has covenanted in the Lease Agreement that, for as long as the Project is available for its use and possession, it will make the necessary annual appropriations within its budget for all lease payments.

On March 28, 2013, the Series 2013A Refunding Bonds were issued in the amount of \$4,830,000 to refund the Series 2001 Bonds and to pay the costs of issuance of the bonds. These Bonds will be paid off by October 1, 2030.

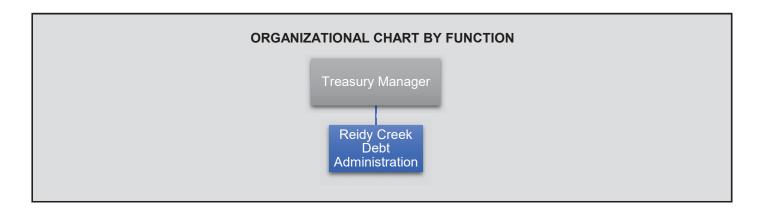

DEPARTMENT PRIORITIES

- Pay bond principal and interest in a timely manner
- Reconcile bond statements monthly to ensure transactions are posted accurately by the Trustee

MAJOR BUDGET IMPACTS

 Increase in the amount of bond principal due during 2017-18 resulting in an increase in the amount transferred in from the General Fund

WATER

DESCRIPTION

The Water Enterprise Fund was created to account for the financial activity of the City's water utility. The water utility serves over 26,000 residences and businesses, and is financed and operated in a manner similar to a private enterprise. The costs (expenses, including depreciation) of providing these services to the general public are financed or recovered primarily through user charges.

The Water Division operates the Escondido – VID Water Treatment Plant and the distribution system according to State and Federal regulations, insuring

that the highest quality water is delivered at the most economical cost. Each day Water staff performs the following services:

- Operators at the Water Treatment Plant check water quality constantly, making adjustments in treatment as necessary to conform to regulatory requirements. Operators are also responsible for moving water within the distribution system.
- Distribution staff operates and maintains approximately 440 miles of pipeline, 11 reservoirs, and 5 pumping stations. When pipeline breaks occur, staff performs emergency repairs to the system around the clock.
- Meter Reading staff collects usage information from approximately 26,000 meters on a monthly basis.

Accomplishments - Distribution staff completed 1,393 service requests and 7,379 work orders during calendar year 2016.

Did you know?

- In 2016, the Water Treatment Plant treated 10 billion gallons of water
- The City of Escondido's water service area covers approximately 20,000 acres

DEPARTMENT PRIORITIES

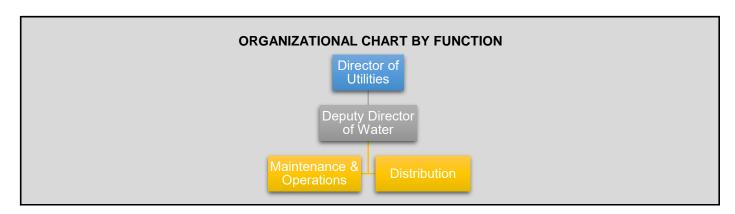

Provide safe, reliable, quality water to the residents, businesses and agricultural interests
of Escondido in an economical and effective manner

- Provide water education and public outreach for water resources, water quality, conservation, watershed management and pollution prevention
- Maintain the water treatment facilities and distribution system to meet or exceed all regulatory requirements
- Provide for future growth and reliability by optimizing existing facilities and planning improvements to increase redundancy in supply and treatment

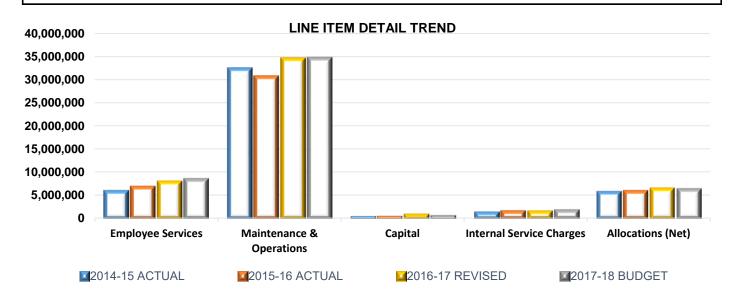

MAJOR BUDGET IMPACTS

- Increase in employee services due to salary increases, PERS cost increases, increase in medical insurance projections and increase in other overhead costs
- Increase in M & O is primarily due to replacement of Dixon pump station and UPS for treatment plant
- Capital Outlay costs have decreased due to prior year purchases not needed during 2017-18
- Increase in internal service charges, primarily fleet, radio communications, and building maintenance
- Decrease in allocations in from Streets and Parks
- \$3.2 million use of available CIP reserves

CANAL OPERATIONS

DESCRIPTION

A section of the Water Division, Canal Operations provides maintenance on the Escondido Canal, which carries untreated water 14 miles from the intake on the San Luis Rey River to Lake Wohlford. Staff coordinates with the Vista Irrigation District to ensure the safe and adequate transfer of water from the San Luis Rev River diversion structure to Lake Wohlford in an economical and effective manner. Water from the canal serves customers of the City of Escondido and the Vista Irrigation District, as well as members of the La Jolla, Pala, Pauma, Rincon, and San Pasqual Bands of Mission Indians.

Challenges:

- The Escondido Canal is more than a century and a quarter old. The last major rehabilitation performed on the structure was in the early 1920s. Because of its age, there is an annual maintenance period to keep the canal in operating order.
- The entire length of the canal is inspected three times a week when water is being transferred.
- The inspection is completed by two staff members patrolling the 14 miles on foot.
- During incumbent weather, the canal may be patrolled daily.
- The canal's integrity is inspected immediately if an earthquake occurs.

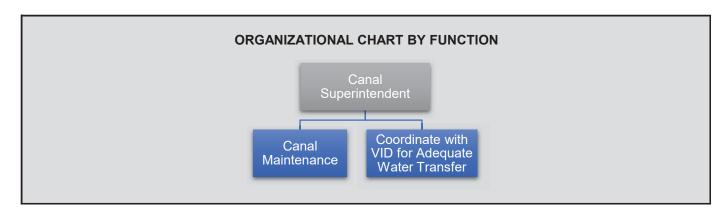

DEPARTMENT PRIORITIES

- Ensure the safe and adequate transfer of water from the San Luis Rey River diversion structure to Lake Wohlford in an economical and effective manner
- Provide coordination and excellent service to Vista Irrigation District and the Indian Bands affected

MAJOR BUDGET IMPACTS

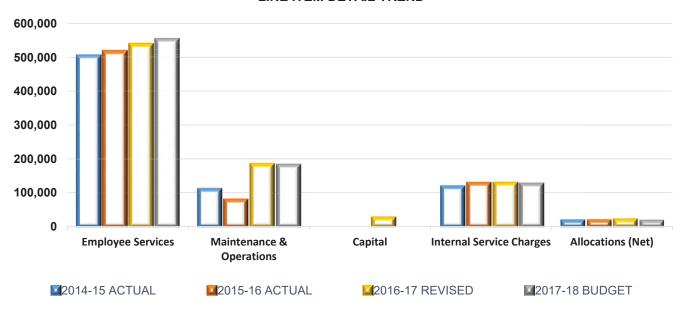

- Reclassed an Assistant Canal Superintendent to a Canal Assistant
- Increase in the cost of PERS
- Decrease in minor tools and equipment
- Decrease in capital outlay due to purchases in prior year not needed during 2017-18
- Decrease in internal service charges, primarily general liability insurance charges
- Decrease in allocation in from Water to reflect the duties of Staff

LAKES

DESCRIPTION

A section of the Water Division, Lakes and Open Space operates and maintains Dixon Lake, Lake Wohlford, and Daley Ranch. Staff patrols and secures also the community's nine downtown parks. Escondido's Lakes and Open Space offer safe, clean, and welcoming recreation facilities, and the following outdoor activities:

- Fishing and boating. Fishing permits and boat rentals are sold at the Dixon Lake concession stand; an automated machine offers sales at Wohlford Lake.
- Picnicking and camping. Facility reservations can be made online, by telephone, and in person at Dixon Lake.
- Miles of trails for use by hikers, bicyclists, and equestrians at Daley Ranch.
- Food and drink. Quick snacks and drinks are offered at the Dixon Lake concession stand.

Challenges:

- Aging infrastructure requires continual minor and major maintenance
- Operating three major recreation areas, including more than 20 miles of multi-use trails on Daley Ranch, with limited staff and equipment
- Educating Daley Ranch visitors regarding proper pet etiquette (i.e. pet waste, off-leash pets, etc.)

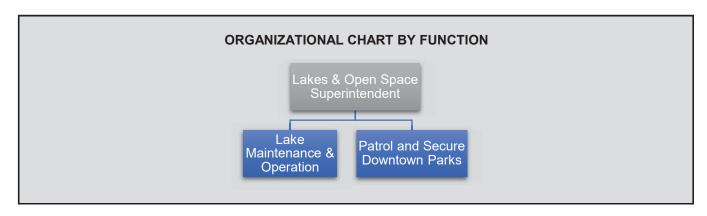

DEPARTMENT PRIORITIES

- Provide quality recreational opportunities at Lake Dixon, Lake Wohlford and Daley Ranch
- Protect the lakes from potential contamination associated with public access and educate the public regarding watershed protection
- Provide Citywide Park Ranger services

MAJOR BUDGET IMPACTS

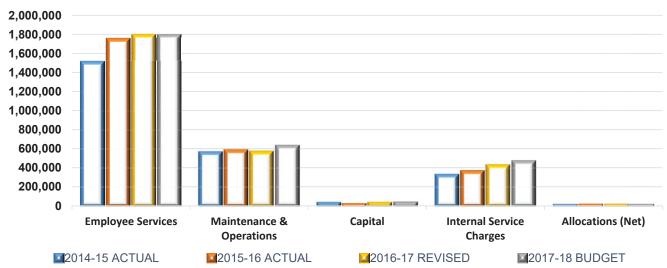

- Increase in employee services primarily due to increase in salaries
- Increase in M & O primarily for Dixon and Wohlford fish plant contracts and daley ranch miscellaneous supplies and equipment
- Increase in capital outlay for two new dock sections for lake Wohlford
- Increase in internal service charges, primarily building maintenance, fleet and radio communication charges

CITY OF ESCONDIDO FY 2017-18 Operating Budget Enterprise Fund Sources and Uses

WASTEWATER

This fund was created to account for the financial activity of the City's sewer utility. The sewer utility is financed and operated in a manner similar to a private enterprise. The costs (expenses, including depreciation) of providing these services to the general public are financed or recovered primarily through user charges.

Sources of Funds:

Service Charges	\$28,000,000
San Diego Treatment Charge	2,600,000
Connection Charges	350,000
Interest	339,500
Sale of Recycled Water	3,800,000
Other Revenue	150,000
Agency Incentive Payments	100,000
SRF Loans & City of San Diego Reimbursements	47,199,525
SDG&E Raw Water Line	82,500
Use of Capital Project Reserves	2,698,555
TOTAL, Sources	\$85,320,080

Uses of Funds:

Operating Budget (Wastewater/Recycled Water/Environmental Programs)				
Employee Services	\$11,302,390			
Maintenance and Operations	11,513,650			
Capital Outlay	716,000			
Internal Service Charges	1,573,695			
Allocations	1,879,855			
TOTAL, Operating Budget	\$26,985,590			
SRF Loan - Principal	1,929,935			
Transfer to General Fund	25,000			
Transfer to Wastewater Capital Project Fund	52,994,555			
Payment of Wastewater Connection Rights	1,800,000			
Bond Principal	1,585,000			
TOTAL, Uses	\$85,320,080			

WASTEWATER

DESCRIPTION

The Wastewater and Water Reuse Division is responsible for the effective treatment of wastewater within the City's jurisdiction and to treat the flow to various levels of EPA and State Water Resource Control Board mandated levels. The division oversees treatment and reclamation operations. mechanical, internal electrical, control system & collection system maintenance plus all analytical laboratory analyses for process control and regulatory compliance. Additionally, the division maintains 14 sewage lift stations, 350 miles of collection svstem lines. The responsible Division is for compliance to all Federal and State

laws associated with wastewater treatment and Water Reuse.

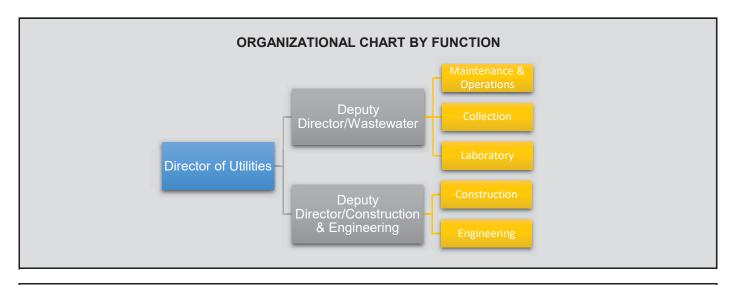

DEPARTMENT PRIORITIES

- Provide a safe and reliable wastewater collection system, treatment and disposal for the residents, businesses and industries located in Escondido. Manage change and maintain treatment integrity during various construction/expansion projects and contractor activity.
- Maintain the treatment facilities, collection system and disposal facilities to meet or exceed all regulatory mandates in an effective and efficient manner
- Provide excellent customer service by responding to customer requests as quickly as possible
- Provide for future growth and development by optimizing existing facilities and planning improvements to increase capacity of the treatment and disposal facilities
- Develop, identify and implement advanced technologies to increase production, scope and quality of Title 22 Water

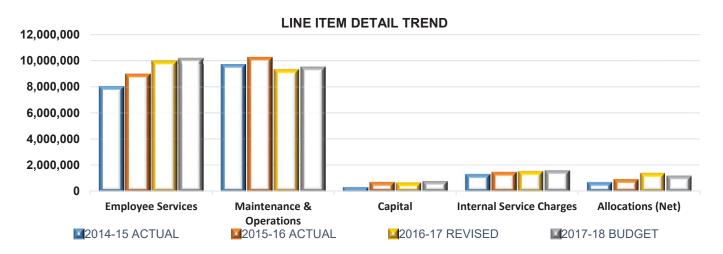

MAJOR BUDGET IMPACTS

- Increase in employee services due to salary, PERS, medical insurance and workers' compensation increases
- Various M & O increases include City water, maintenance of equipment, and professional services
- The largest additions to capital outlay include equipment cart-port/charging station, manhole lining and mini-excavator
- Increase in internal service charges, primarily fleet services, radio communications and office automation charges
- Decrease in allocations in from Streets and Parks
- Use of \$2.7 million in available CIP reserves

RECYCLED WATER

DESCRIPTION

The Recycled Water division produces recycled water from the Hale Avenue Resource Recovery Facility (the "HARRF") and distributes it to various City landscape irrigation customers including golf courses, school fields, City parks and green belts. Improvements to the HARRF allow the plant to treat wastewater to a level that is approved for irrigation, manufacturing and other non-drinking, or non-potable purposes. Recycled water offsets higher cost purchases of imported portable water and represent an additional reliable source of local water supply.

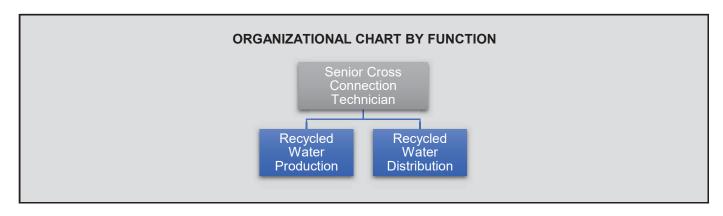

DEPARTMENT PRIORITIES

- Provide safe and reliable recycled water for landscape irrigation and industries while meeting or exceeding all regulatory mandates
- Transition to treatment train equipment and infrastructure to supply, as cost effective as
 possible, a reclaimed water product that essentially can offset local need for imported water
- Maintain reclaimed water distribution system
- Manage change during facility expansion/upgrade to ensure reclaimed water meets or exceeds all Title 22 regulations during construction activity

MAJOR BUDGET IMPACTS

- Increase in employee services primarily due to salary and PERS increases
- Various increases to M & O include treatment chemicals, maintenance of equipment, reclaimed water treatment electricity and professional services
- Increase in allocation in from wastewater

ENVIRONMENTAL PROGRAMS

DESCRIPTION

The Environmental Programs Division administers a number of programs relating to water, wastewater and storm water compliance and protects and enhances environmental resources in waterways.

These programs include:

- Water conservation ensuring that the public are aware of our finite sources of water and requirements under the Escondido Municipal Code to use water wisely.
- Pre-treatment of discharges to our sanitary sewer from restaurants and automotive facilities and other sources of

high fats, oils and greases to prevent blockages of our sanitary sewer and potential discharges of sewer into the environment.

- Municipal Storm Water permit compliance to ensure that the City prevents discharges of pollutants to the storm drain system and eventually our creeks.
- Wetland Permitting with State and Federal Resource agencies for City maintenance projects. Recent examples include Kit Carson Park dredging and mitigation projects and maintenance of the City's drainage channels.

The Environmental Programs Division provides value to the community by supporting multiple City departments compliance with environmental regulations. Where permit requirements overlap, the Environmental Programs Division makes efficient use of City resources; for example, by integrating education activities, by combining inspections, using digital technology tools, and planning multi-benefit projects.

Recent Accomplishments:

- In 2016, completed 4.4-acre wetland habitat mitigation project in Kit Carson Park, removing 67 exotic trees and invasive vegetation and planting 742 native riparian container trees and application of 22 pounds of cottonwood-willow woodland seed mix
- During the 2015-16 school year we presented information on water conservation and storm water to approximately 4,500 students in 182 classes

 Environmental Compliance inspectors, who conduct over 1,000 inspections per year, transitioned from paper forms to using the City's asset management system to document their inspections. This eliminates office-based data entry and allows the automatic rescheduling of any follow-up action. Business operators still receive a printout of the inspection findings.

Outlook:

Regulatory developments will include the reissue of the municipal storm water permit (due June 2018) and the incorporation of trash amendment regulations into this permit. The trash amendments will represent a significant effort to install and maintain the required trash control devices in storm drains.

Staff will continue to analyze and provide comments on new and draft regulations as needed to ensure that the City's perspective is heard.

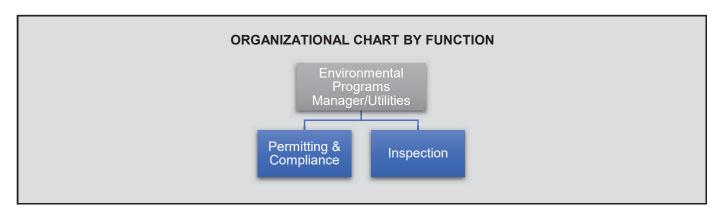

DEPARTMENT PRIORITIES

- To complete the design, permitting and funding for the Spruce Street Channel Improvement project. A grant for \$414,000 was awarded to the City by the County of San Diego in 2016, and other grant opportunities are actively pursued
- Develop a storm water Alternative Compliance Program for developers. This is being pursued through involvement in a regional process, and by identifying and facilitating potential projects in the City.
- Ensure compliance with Federal and State regulatory mandates for storm water on a local, watershed and regional basis
- Ensure compliance with State regulatory mandates for environmental compliance
- Provide education and public outreach to municipal employees, residents, businesses and other environmental stakeholders
- Apply for and implement resource agency permits for various City projects

MAJOR BUDGET IMPACTS

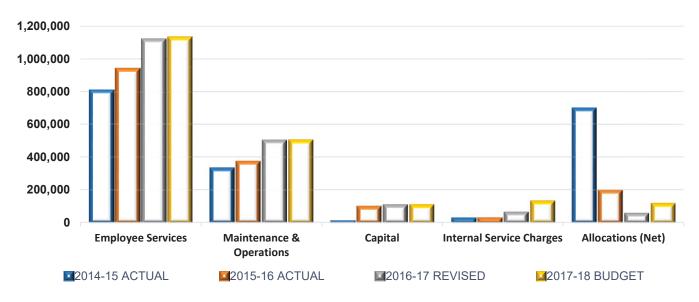

- Increase in employee services primarily due to salary and PERS increases
- Increase in internal service charges, primarily building maintenance, fleet services, office automation and general liability charges
- Increase in allocations in from Streets and Water and decrease in allocations out to Water

Internal Service Funds

CITY OF ESCONDIDO FY 2017-18 Operating Budget Internal Service Fund Sources and Uses

BUILDING MAINTENANCE

This fund was created to account for financial activity related to the maintenance and repair of all City-owned buildings. Funding is provided through charges to other departments, based on square footage, common area allocation, and specific maintenance projects. A reserve for replacement will be accumulated to replace carpeting, air conditioning, roofing and other maintenance items.

BUILDING MAINTENANCE

DESCRIPTION

Building Maintenance Internal Service Fund was created to account for transactions related to the maintenance and repair of City facilities. Costs to other departments are billed through charges to each affected department for services received. Funds are collected on an annual basis through each affected departments operating budget and deposited into the Building Maintenance Fund. This fund may also accumulate reserves that can be used for major repairs, unanticipated expenses, and planned capital projects.

Facility Maintenance - Facility

maintenance performs a variety of services, such as, preventative maintenance, minor work orders, small remodels, capital project management, and energy conservation for all City departments.

Custodial Maintenance - Custodial maintenance performs cleaning and room setups at a number of the City's major facilities. They are also typically responsible for opening and securing their assigned building. Additionally, the City uses some contract services to assist in the custodial maintenance of its facilities.

Capital Projects - Building Maintenance manages a number of capital projects each year, in addition to the day to day activities. These projects usually go out to public bid and are awarded to various contractors. Projects can range from a few thousand dollars, to hundreds of thousands of dollars.

Future Challenges - With electricity costs increasing at a high rate every year, we continue to explore and implement feasible ways to conserve energy at City facilities. Many steps have been taken in this regard, and we will continue to investigate other possibilities as technology advances.

Aging facilities are another challenge we face. As they age, the demand increases for maintenance and replacement of roofs, HVAC equipment, flooring and other major building components.

Did you know?

• The City custodial staff maintains over 336,000 square feet of building space

- Facility repair staff completed 1,146 work orders in the 2016 fiscal year
- Building Maintenance completed over \$950,000 in Capital Projects in the 2016 fiscal year

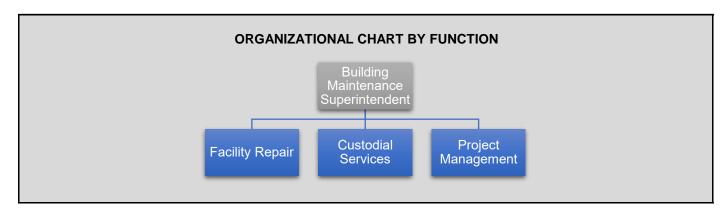

DEPARTMENT PRIORITIES

- Continue to maintain City facilities and structures in a way that will reflect a positive City appearance
- Provide custodial services for various City facilities and parks
- Open and secure City buildings as well as maintain and respond to fire and security alarms
- Review plans for future City structures and facilities to establish equipment continuity, ensure quality standards and alleviate potential maintenance problems

MAJOR BUDGET IMPACTS

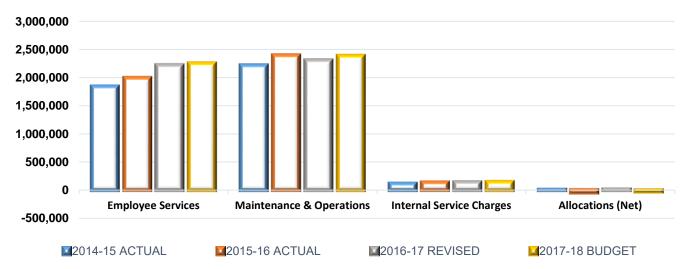

- Increase in employee services primarily for salaries, overtime, PERS and medical insurance
- Increase in M & O primarily for professional services contracts and utilities
- Increase in Internal service charges, primarily Fleet Services
- Increase in allocations out to City Manager's office to reflect the cost of overtime for renting the Daley Ranch house
- \$31,000 decrease in charges to the General Fund

CITY OF ESCONDIDO FY 2017-18 Operating Budget Internal Service Fund Sources and Uses

WAREHOUSE

This fund was created to account for all financial activity related to the provision of a central warehouse. Funding is provided through charges to user departments.

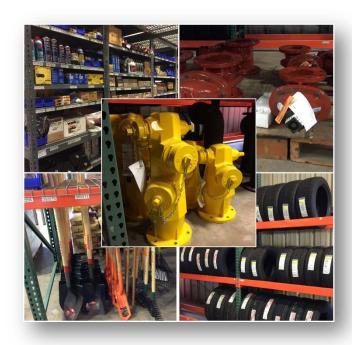

Sources of Funds:

Charges to Departments	\$192,000
Use of Available Fund Balance	41,265
TOTAL, Sources	\$233,265

Uses of Funds:

Operating Budget	
Employee Services	\$165,970
Maintenance and Operations	9,750
Internal Service Charges	32,425
Allocations	25,120
TOTAL, Uses	\$233,265

WAREHOUSE

DESCRIPTION

Mission Statement - The mission of the City's Warehouse is to service the City's departments by providing a centralized warehouse location to stock and supply goods and materials that are necessary for employees to perform their daily operations at the most economical cost, to provide a central receiving location for City departments and to provide transportation of inventory to various City locations.

The Warehouse Division buys, receives, stores, and delivers essential goods and materials required Citywide. The division is comprised of three full time employees:

a Buyer/Store Supervisor, a Purchasing/Inventory Control

Coordinator and a Storekeeper/Receiving Clerk. This division operates a central warehouse that stores an inventory of necessary items utilized by all departments to perform their daily operations. The warehouse stores items such as:

- Automotive repair parts
- Building/landscape maintenance supplies
- Safety equipment
- Tools
- Hardware
- Water fittings, valves, flanges, fire hydrants
- Office supplies & toner cartridges

More importantly, the warehouse stocks items that are essential during emergency situations or necessary for immediate repairs but may not be readily available from a local vendor. The warehouse also handles the disposition of surplus property.

Division Challenges - A markup cost that is applied to every inventory sale might discourage City departments from purchasing at the warehouse, as opposed to buying directly from external vendors. The warehouse, however, provides time savings with the availability of items and streamlines the payment process with the reduction of invoices, which reduces the overall cost to the City.

Did you know?

- The warehouse has over 1,200 inventory items available
- The current inventory list is available on the City's Intranet

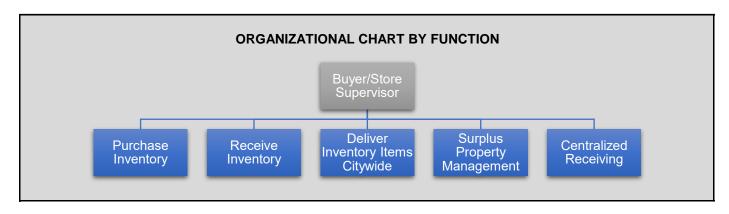

DEPARTMENT PRIORITIES

- Volume purchasing of inventory items and central warehousing to provide cost savings and time efficiency to City departments
- Increase the selection of inventory items available to the City to reduce individual online or retail purchases, which reduces paperwork and streamlines the payment process
- Provide day-to-day customer service assistance and regular deliveries Citywide
- Reduce per unit cost by securing competitive contracts and reducing transportation cost

MAJOR BUDGET IMPACTS

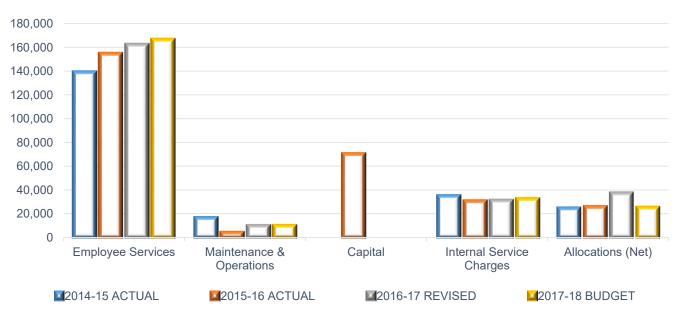

- Increase in employee services due to salary and PERS cost increases
- Increase in internal service charges, primarily Fleet Services charges
- Decrease in allocations in from Finance due to employee turnover
- Use of approximately \$41,000 in available fund balance in order to maintain markup rate to departments at 20%

WAREHOUSE

FLEET SERVICES

DESCRIPTION

The Fleet Services Internal Service Fund was created to account for transactions related to the operations, maintenance. fueling, replacement, and disposal of City vehicles, whereby the City can more accurately determine the operational costs of services. Such costs to other departments are billed through charges to each affected department in the form of a rental payment for each piece of equipment. Funds are collected on an annual affected through each departments operating budget and deposited into the Fleet Fund. The Fleet Fund also accumulates

reserves for future vehicle and equipment purchases on a predetermined replacement schedule.

Fleet Maintenance - The Fleet Services Department centralizes the management of the City's fleet of vehicles and equipment, performing a variety of services, including preventative maintenance, diagnostics, major and minor repair, component overhauls, fabrication, emission testing and certification, emergency vehicle outfitting, and compliance for all City departments. This centralized approach sets citywide priorities for fleet equipment maintenance and replacement.

Capital - The Fleet Services Department maintains more than 650 pieces of equipment and vehicles along with an additional 150 pieces of small equipment. This includes fire apparatus, police vehicles, sewer combination trucks, heavy equipment, street sweepers, mowers, motorcycles, sedans, and trucks to chainsaws, weed whips, generators, pumps, and small engines.

Other Fleet Services - Fleet Services is responsible for providing fuels (gasoline, diesel, and propane) for all City vehicles and equipment. Fleet staff review and write City policies and procedures regarding use of vehicles and equipment. Fleet also assists the Risk & Safety Division with vehicle and equipment training.

Did you know?

• How much money would it take to purchase all new vehicles and equipment for the City of Escondido? Almost \$50,000,000. The City owns and maintains all public safety

vehicles along with all other vehicles that assist with City operations. These assets are crucial to daily City operations. Keeping a reliable fleet of vehicles and equipment moving ensures public safety and continued city services.

Future Challenges - The fluctuation of crude oil prices creates unpredictability when forecasting fuel costs for City services. Fuel prices are no longer based off of supply and demand. Fuel prices are now based off of speculation and geographical events similar to commodities. This unpredictability and fuel volatility makes forecasting fuel prices extremely difficult.

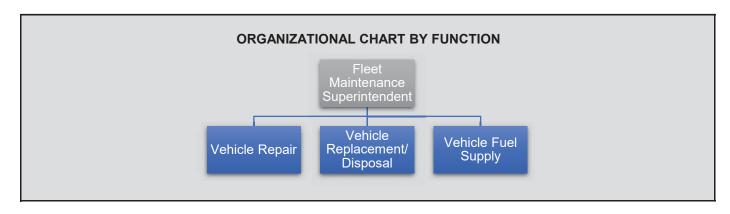

DEPARTMENT PRIORITIES

- Provide a safe and reliable fleet of vehicles and equipment through a good preventive maintenance and repair services program
- Provide a constant, reliable supply of gasoline and diesel fuel at a competitive price for the City's fleet
- Specify, acquire and outfit new vehicles for the City's fleet and dispose of vehicles designated for replacement

MAJOR BUDGET IMPACTS

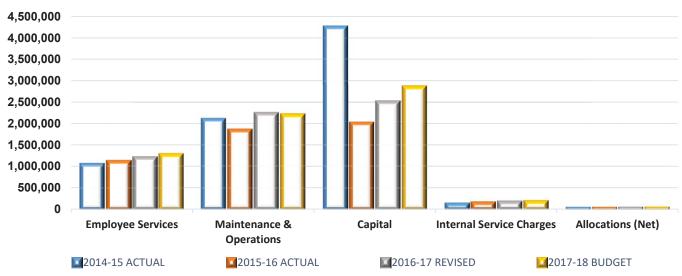

- Increase in employee services primarily for salaries, temporary part-time staff and the cost of PERS
- Decrease in M & O primarily due to decreased fuel projections
- Increase in the projected amount of scheduled vehicle replacements
- Increase in internal service charges, primarily Fleet Services charges
- Approximately \$792,000 use of available fund balance
- Total increase in charges to departments of \$438,000, \$139,000 of this amount is related to General Fund departments

DUPLICATING

DESCRIPTION

The Duplicating division of Information Systems provides lowcost copying and high-quality printing services for all City departments. Duplicating offers full-color and onecolor copying, printing, and finishing work such as binding, cutting, folding, hole-punching, stapling, and laminating. Duplicating also maintains an extensive database of recurring duplicating jobs for each department and helps prepare Council Agendas.

Funding is provided through charges to other departments based on actual usage.

Did you know?

- Some high-quality color printers and copiers steganographically embed their identification code into the printed pages as fine and almost invisible patterns of yellow dots. It is possible to identify the individual printer from a single page, which could be helpful in detecting anything counterfeit.
- The main Xerox D125 Copier at City Hall made 1,256,844 copies this year.

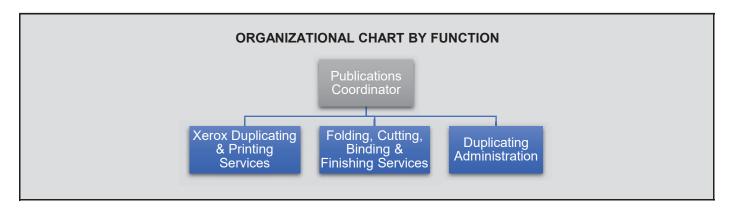

DEPARTMENT PRIORITIES

- Continue to provide full service, high quality printing and duplication services for City staff
- Continue education and outreach about ways to reduce printing and duplicating in an effort to reduce resource usage; use technology to go paperless where feasible
- Continue to expand printing capabilities on Xerox machines
- Monitor usage on all Xerox machines in an effort to reduce contract overages

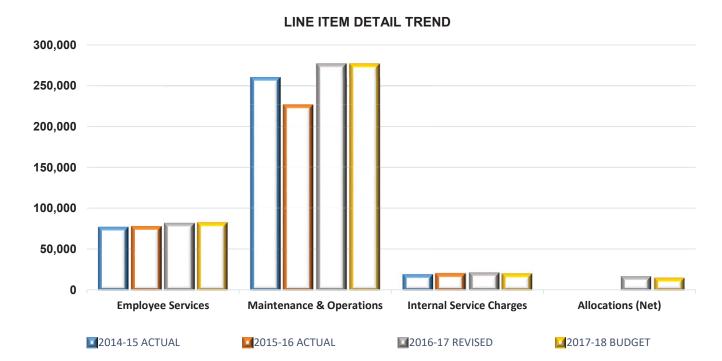

MAJOR BUDGET IMPACTS

- Use of approximately \$12,000 in available fund balance
- \$6,000 increase in charges to the General Fund

TELECOMMUNICATIONS

DESCRIPTION

The Telecommunications division of Information Systems manages voice and data communications for City Hall and 24 remote locations. Telecommunications manages over 1200 phones including both analog and voice over IP (VoIP) models. This division also manages all the billing for telephony and data services for all City sites.

Funding is provided through charges to other departments based on actual usage.

Did you know?

 The very first documented version of a telephone was invented by Robert Hooke

in 1667. He created an acoustic string telephone that conveyed sounds over a wire, similar to the two cans and a string some of us grew up with!

- The first trans-Atlantic telephone call, from London to New York was made March 7, 1926.
- Alexander Graham Bell may not have been the first inventor of the electrical telephone.
 Elisha Gray also invented a device that could transmit sound along electrical cables
 within hours of Bell. Both devices were registered within hours of each other. There
 followed a bitter legal battle over the invention of the telephone, which Bell subsequently
 won.

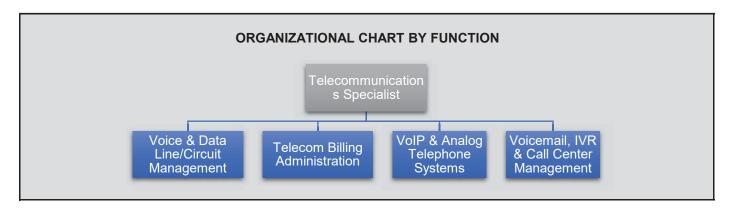

DEPARTMENT PRIORITIES

- Support and maintain approximately 1200 telephones citywide, including troubleshooting problems, provisioning new services and recommending and purchasing hardware and software to achieve user satisfaction and provide new telephony features
- Identify and monitor existing and new telecommunications service options and providers to ensure cost value for all telephone networks. When possible, reduce or combine services to reduce recurring service charges
- Upgrade voice/data hardware at various City sites to increase network speed and continue the City's conversion to a VoIP Telephone System

MAJOR BUDGET IMPACTS

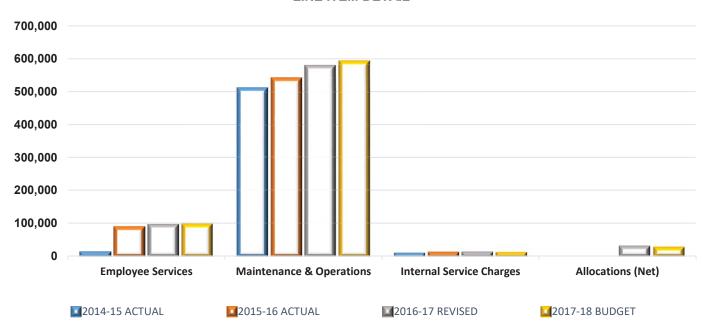

- Increase in M & O primarily for Level 2 SIP services (bandwidth) for City Hall VoIP telephone charges, which will be offset in 2-3 years by cutting all legacy telephone maintenance costs
- Use of \$71,000 in available fund balance
- \$20,000 increase in charges to the General Fund

MAIL SERVICES

DESCRIPTION

The Mail Services division of Information Systems provides mail distribution, metering, and postage services. This division also manages the cell phones for all departments except Police and Fire.

Funding is provided through charges to other departments based on actual usage.

Did you know?

- The City postmarks over 100,000 pieces of outgoing mail each year
- There are approximately 43,000 zip codes in the United States
- · You can download postage straight to a postage machine on demand

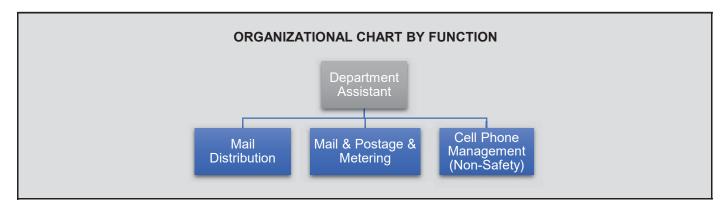

DEPARTMENT PRIORITIES

- Continue to provide mail distribution and postmarking services for all City departments
- Provide customer service, monitor usage reports and prepare monthly billing spreadsheets for over 300 cellular phone users
- Oversee and monitor off-site courier to ensure daily delivery deadlines are met
- Continue to review Mail Services procedures for possible cost saving ideas

MAJOR BUDGET IMPACTS

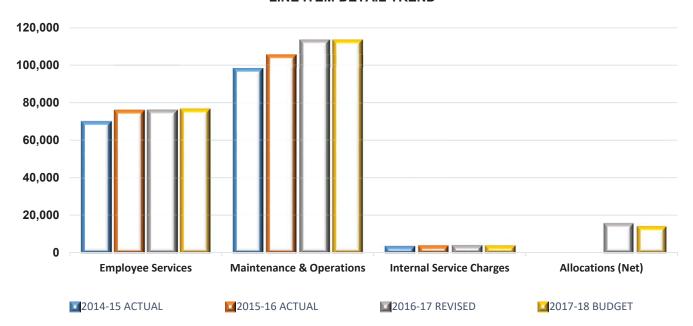

• Use of \$13,000 in available fund balance

OFFICE AUTOMATION

DESCRIPTION

The Network and Office Automation division of Information Systems engineers, maintains, and supports: network infrastructure for LAN and WAN connectivity over wired and hardware: wireless network security; VoIP networks; server farms; managed desktop computers and enterprise software: a fleet of mobile laptops and tablets; file, print and email services: City security campus camera system; data backup and recovery services: and the Escondido downtown wireless network.

Staff consists of network engineers and technicians including staff that

service internal Help Desk calls and 24/7 on-call support.

The primary goal of our division is to support the business technology services of City staff so they can better serve our community. This division utilizes a centralized Help Desk system to track, prioritize, and solve network, application, and hardware related problems.

Did you know?

- An average of 500 Help Desk tickets and projects are completed by Information Systems staff each month
- Our staff supports over 20 facilities across Escondido

DEPARTMENT PRIORITIES

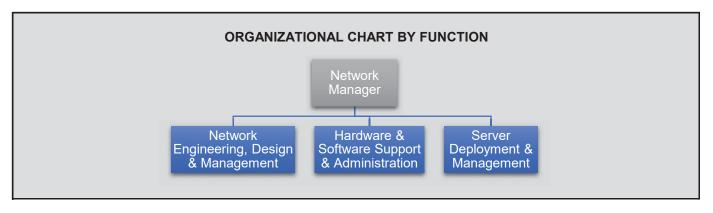

- Network security continues to be top priority. Continue to maintain PCI compliance, upgrade software, implement security patches, stay current with industry best practices, staff education programs and increase awareness initiatives.
- Continue efforts in the direction of virtualization and cloud technologies to reduce costs, increase efficiencies and maintain high availability

- Conclude migration from Windows 7 and older versions of MS Office to Windows 10 and MS Office 2016 and deploy other technologies to improve connectivity and increase bandwidth to remote sites and facilities
- Continue to provide ongoing help desk user support, network security, citywide WAN & LAN
 network and infrastructure support, VoIP phone network, maintain downtown wireless,
 camera security systems, server farm, desktop hardware replacement, printer replacement,
 application support, email systems, network security, 24/7 on call support, public safety and
 utilities mobile connectivity and data back up and disaster recovery services

MAJOR BUDGET IMPACTS

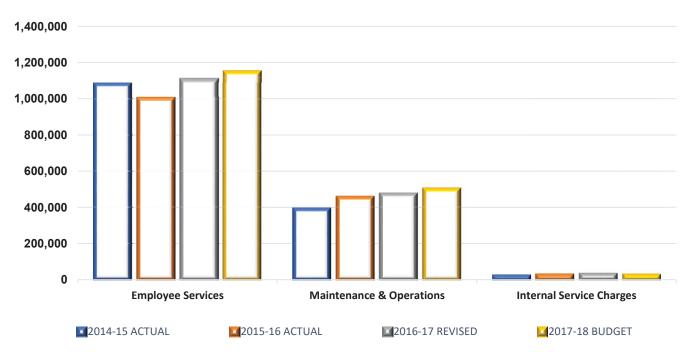

- Increase in employee services primarily for salaries, overtime, PERS costs and medical insurance
- Increase in M & O is primarily due to desktop replacements and Microsoft enterprise licensing contracts
- Decrease in internal service charges, primarily duplicating and general liability insurance charges
- \$30,000 use of available fund balance
- \$22,600 increase in charges to the General Fund

CITY OF ESCONDIDO FY 2017-18 Operating Budget Internal Service Fund Sources and Uses

WORKERS' COMPENSATION INSURANCE

The Workers' Compensation fund was created to account for the City's self-insurance provision of Workers' Compensation Insurance. Funding is provided through charges to departments based on payroll expenses.

Sources of Funds:

Charges to Departments	\$4,491,075
Interest	85,000
TOTAL, Sources	\$4,576,075
Uses of Funds:	
Operating Budget	
Employee Services	\$118,235
Maintenance and Operations	4 119 650

WORKERS' COMPENSATION INSURANCE

DESCRIPTION

The Workers' Compensation Fund was created to account for transactions related the City's workers' to compensation claims expenses and excess coverage premiums. can result from minor on the job injuries that require a brief visit to the doctor or emergency room, to complicated and serious accidents or injuries with extended time off for recovery and possible modification to job duties. Claims expenses include approved medical treatments and prescriptions. lost wages as appropriate. Funding is provided through charges to other departments based on payroll

expenses.

The City is self-insured for workers' compensation claims up to \$500,000 per occurrence. Excess Workers' Compensation coverage is purchased through the California State Association of Counties – Excess Insurance Authority (CSAC-EIA). The excess workers' compensation coverage includes reimbursement for payments above the City's self-insured retention that the City is required to make under workers' compensation law.

DEPARTMENT PRIORITIES

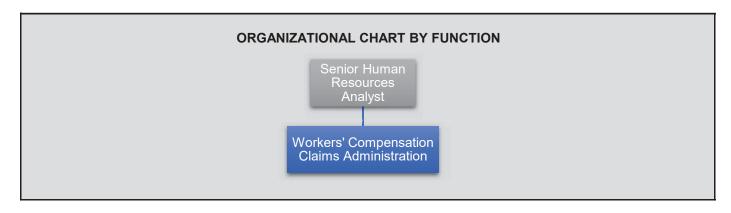

- Provide day-to-day customer service assistance and training to all employees and departments for on the job injuries
- Coordinate, monitor and act as a liaison for the City's self insured plan requirements with contracted Third Party Administrator, medical providers, investigators, outside attorneys and other vendors
- Assist the City Attorney's office in monitoring all litigated Workers' Compensation claims, including monitoring and attending hearings, settlement conferences and trials
- Provide analysis and recommendations for claim settlements and safety retirements to City staff as well as City Council

 Facilitate the City's Return-to-Work Program for occupational injuries and illnesses with employees as well as departments

MAJOR BUDGET IMPACTS

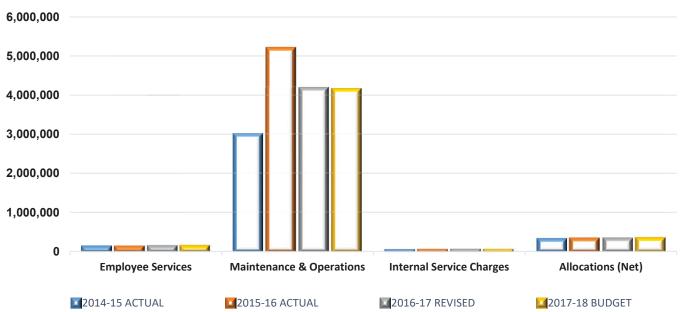

- Decrease in M & O primarily due to change in 3rd party administrator
- Decrease in internal service charges, primarily general liability insurance charges
- Increase in allocations in, primarily from Risk and City Attorney departments
- Currently fund balance is less than the actuary recommended levels. Due to budgetary constraints, this department was unable to add to fund balance. However, a plan to increase this departments fund balance is included within the multi-year financial plan.
- \$370,000 increase in charges to the General Fund

GENERAL LIABILITY INSURANCE

DESCRIPTION

General Liability Fund The was established to account for transactions related to the City's general liability claims expenses and excess coverage premiums. In addition to premiums and claims within the City's self-insured retention, other liability expenses that may be paid from this fund include claims outside the scope of the policy, litigation expenses related to defending the City against claims, and premiums for cyber liability and pollution insurance coverage. Funding is provided through allocations departments based on experience and risk management

principles of exposure liability such as size of budget, number of employees and number of vehicles for each department.

The City is self-insured for liability claims up to \$500,000 per occurrence. Excess liability coverage with a limit of \$50M is purchased through the California State Association of Counties – Excess Insurance Authority (CSAC-EIA). The excess liability coverage provides coverage for third party claims for bodily and personal injury, property damage, public officials errors and omissions, employment practices liability as well as automobile liability.

DEPARTMENT PRIORITIES

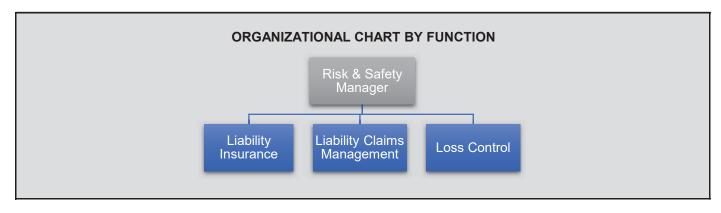

- Continue to reduce the frequency, severity and unpredictability of accidental losses
- Apply exposure avoidance, loss prevention, loss reduction and contractual transfer measures to liability losses to reduce City operating costs and increase operating efficiency
- Develop, coordinate and implement employee training programs and procedures to prevent and reduce potential liability losses
- Continue to maintain the General Liability fund balance at the actuarially recommended funding level

MAJOR BUDGET IMPACTS

Decrease in insurance premiums

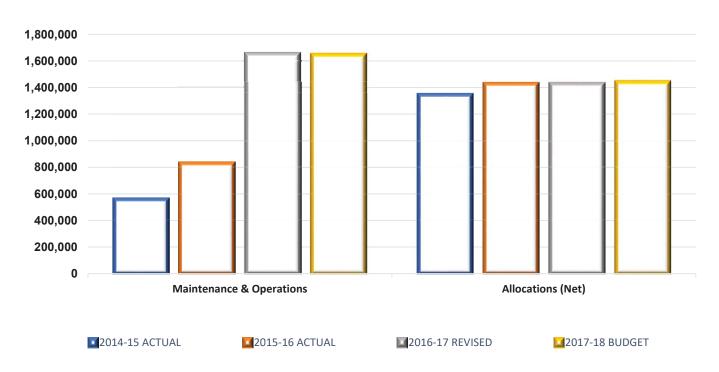

- Increase in allocations in, primarily from the Risk and City Attorney departments
- \$515,000 use of available fund balance
- \$366,000 decrease in charges to the General Fund

Maintenance and Operations	10,546,075
Internal Service Charges	46,570
Allocations	77,020
TOTAL, Uses	\$10,984,930

BENEFITS ADMINISTRATION

DESCRIPTION

Benefits Administration administers a variety of programs and is committed to implementing employee benefits by providing support and personal assistance to employees, retirees, dependents, and benefit providers.

The following benefit programs are available to eligible employees: health, dental and vision coverage; group life (including accidental death & dismemberment) insurance; voluntary

supplemental life insurance; accident, cancer and critical care insurance; flexible benefit plan; employee assistance program; deferred compensation and CalPERS retirement.

Benefits Administration services include, but not limited to:

- Ensures all programs meet employees' needs and comply with legal requirements
- Act as liaison between benefit providers and employees
- Conduct benefit related seminars, lunch and learns and annual Health and Wellness Expo
- Perform annual open enrollment, which allows employees to change, add or remove coverage

The Benefits Division along with a committee coordinates the City's Wellness Program, "Every Choice Matters". The mission of this initiative is to promote and encourage a culture of wellness. By keeping our workforce healthy, we reduce absenteeism and reduce health care costs.

Benefits Administration funding is provided through charges to departments and employee contributions.

Did you know?

- As of part of escalating medical costs, Kaiser's monthly premium has more than doubled in the past ten years
- The average age of City members covered by Kaiser has stayed consistent at 32 years old for the last ten years, which includes spouses and children

Future Challenge – This department will be faced with the unknown of what health care system and mandates the new presidential administration will replace the Patient Protection and Affordable Care Act (Obamacare) with in the coming months or years.

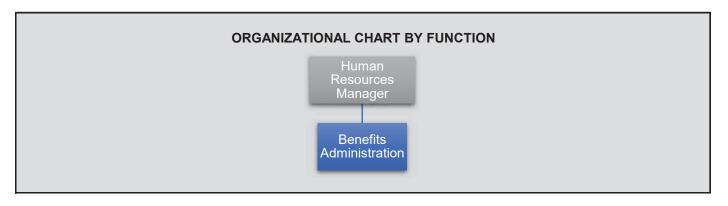

DEPARTMENT PRIORITIES

- Provide day-to-day customer service assistance to all employees and retirees as it relates to their respective benefit plans
- Provide employee communication materials and coordinate open enrollment, health fairs, retirement, deferred compensation and other relevant employee meetings
- Provide administration for several employee benefit plans and programs
- Assist employees with all aspects of medical leaves of absence, family leave requests and coordinate the return to work
- Ensure the City is compliant with all applicable State or Federal laws that are implemented and process all contract amendments for CalPERS and/or PARS Plans
- Provide analysis, research and recommendations of various employee benefit programs and serve on the City's Health Insurance Committee

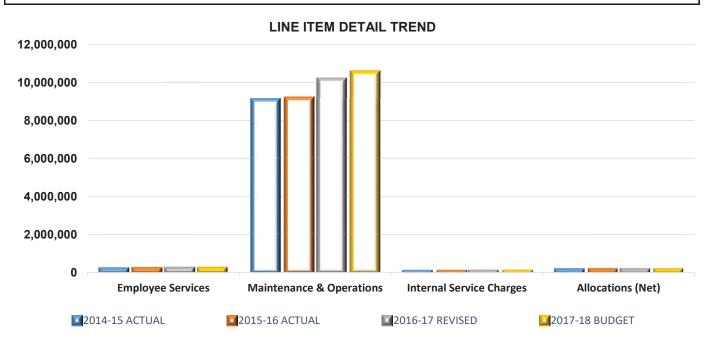

MAJOR BUDGET IMPACTS

- Increase in employee services primarily due to the addition of one full-time Human Resources Technician position
- Increase to M & O is primarily due to increase in Kasier premium and negotiated tuition increase for the Fire union group
- Decrease in internal service charges, primarily duplicating, mail services and general liability insrance charges
- Decrease in allocations in from Human Resources due to reorganization of the Benefits Adminsitration and Human Resources departments
- \$130,000 use of available fund balance
- \$25,000 increase in the charges to the General Fund

PROPERTY INSURANCE

DESCRIPTION

The Property Fund was established to account for transactions related property insurance obtained for the City. Funding is provided through charges to departments based on each department's percentage of the total City property schedule value. The total insured value including real property, business personal property and interruption is approximately \$650.000.000. The City's property schedule of values is updated annually and on an as needed basis as additional property is acquired or as property is sold. Property insurance coverage is

purchased through the California State Association of Counties – Excess Insurance Authority (CSAC-EIA).

Risk Management staff is responsible for implementing exposure avoidance, loss prevention, loss reduction and contractual transfer measures to reduce the frequency, severity and unpredictability of accidental losses to City assets. When City property is damaged, Risk Management staff aggressively seek reimbursement from CSAC-EIA, third party insurance, or the uninsured party. Risk Management averages between \$250k and \$350k per year in recovery of property loss expenses including damage to City facilities, vehicles, water services, streets and parks, and other settlements or reimbursements.

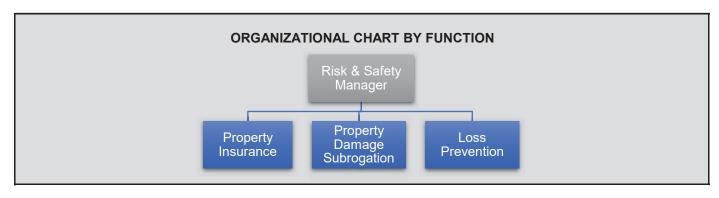

DEPARTMENT PRIORITIES

- Apply exposure avoidance, loss prevention, loss reduction and contractual transfer measures to property losses to reduce City operating costs and increase operating efficiency
- Continually update & maintain the City's property schedule to accurately reflect current assets and ensure appropriate insurance coverage
- Continue to reduce the frequency, severity and unpredictability of accidental losses to City assets

MAJOR BUDGET IMPACTS

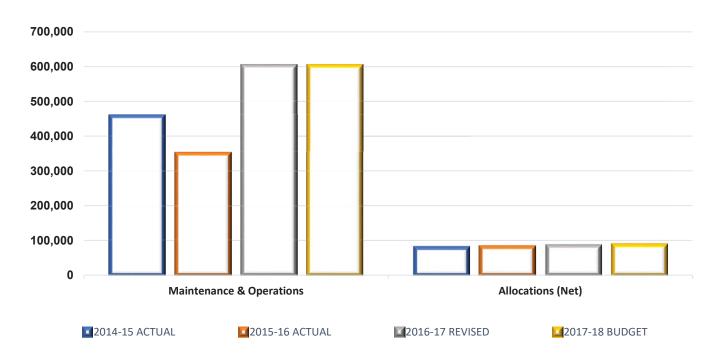

- Increase in allocations in from the Risk Department
- \$2,635 use of available fund balance
- \$24,000 decrease in charges to the General Fund

UNEMPLOYMENT INSURANCE

DESCRIPTION

The Unemployment Insurance Fund accounts for administration of the City's unemployment claims. Funding is provided through charges to departments.

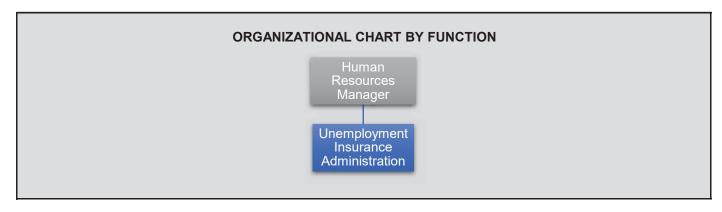

DEPARTMENT PRIORITIES

- To maintain a sufficient unemployment insurance fund balance in order to pay liability claims
- To monitor all liability claims and protest any claims to EDD that the City determines are not appropriate
- To monitor legislative changes that would impact the unemployment insurance fund and determine any remedial action
- To evaluate any upcoming impacts to the unemployment insurance fund, such as layoffs and the Patient Protection and Affordable Care Act

MAJOR BUDGET IMPACTS

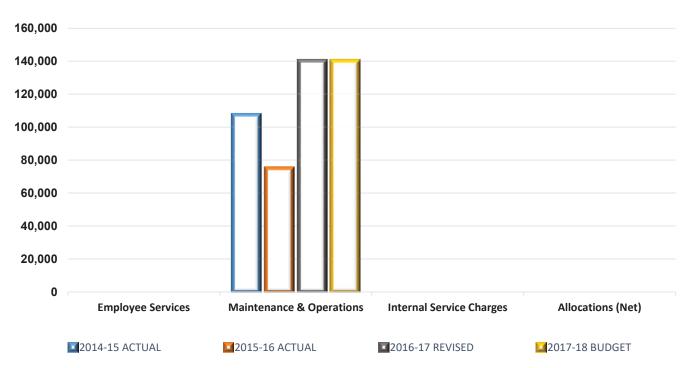

• Use of \$70,000 in available fund balance

CITY OF ESCONDIDO FY 2017-18 OPERATING BUDGET BUDGET GLOSSARY

<u>Account Code</u> - The classification of an expenditure, according to the type of items purchased or services obtained. For example, the cost of placing an advertisement in the paper is classified under the account code entitled "Advertising & Printing."

<u>Allocation</u> - An accounting procedure in which the cost of a service performed by one department is charged to the department receiving the service.

<u>Appropriation</u> - The legal authorization by a City Council to make expenditures and incur obligations for specific purposes. An appropriation is usually limited in the amount and the time in which it may be expended.

<u>Assessed Valuation</u> - A dollar value placed on real estate or other property as a basis for levying property taxes.

<u>Budget</u> - A financial plan that identifies total sources of revenues and specifies how they may be expended during a specific period of time.

<u>Capital Improvement Program</u> - An annual expenditure plan that outlines the funding for and timing of the construction of physical assets, such as parks, streets, water/sewer lines, and recreational facilities, over a fixed period of years.

<u>Capital Outlay</u> - A grouping of object codes that is based on durable items, such as office equipment and furnishings, with a value of \$5,000 or more.

<u>Carryover</u> - The use of prior year funds to cover obligations incurred in the prior year, but not disbursed until the current year.

Debt Service - The payment of interest and principal on borrowed funds, such as bonds.

<u>Employee Services</u> - A grouping of object codes based on the different forms of employee compensation, such as salaries of permanent and temporary staff, overtime pay, and benefits.

Encumbrance - An obligation, in the form of an order or contract, that will become payable when goods are delivered or services rendered.

Expenditure - An amount of money disbursed for a budgeted item which results in a decrease in net financial resources.

Fee - A charge levied for providing a service or permitting an activity.

<u>Fiscal Year</u> - The twelve-month period of time on which the budget is based. The City's fiscal year is July 1 through June 30.

<u>Fund</u> - A fiscal and accounting entity with a self-balancing set of accounts in which all resources and related liabilities and equities are recorded and segregated to carry out a specific operation or purpose.

<u>Grant</u> - A contribution by one governmental unit to another unit, usually in support of a specific facility or function

Line Item - A detailed description of a budgeted expenditure within an object code.

CITY OF ESCONDIDO FY 2017-18 OPERATING BUDGET BUDGET GLOSSARY

<u>Maintenance & Operations (M&O)</u> - A grouping of object codes based on nondurable supplies and services. Office supplies, building maintenance, printing, travel, rent, professional services and contracts, and telephone service are included in this category.

<u>Revenue</u> - Income generated by taxes, bonds, interest income, land rental, fines, fees, licenses, permits, and grants.

<u>Taxes</u> - Mandatory charges levied by a governmental unit for the purpose of financing services performed for the common benefit.
