RE: ASSEMBLY BILL 52 CONSULTATION
Safari Highlands Ranch Specific Plan

City Case Numbers: SUB 15-0019 and ENV 15-0009

Dear Mr. McPherson:

The City of Escondido is proposing to initiate environmental review for the above referenced project pursuant to Assembly Bill 52. This project is located in a geographic area traditionally and culturally affiliated with your tribe. Please see attached project description and location map. Your name was provided to us by the California Native American Heritage Commission as your tribe's point of contact for projects within Escondido that would be reviewed under the California Environmental Quality Act (CEQA). We are hereby notifying you of an opportunity to consult with us regarding the potential for this project to impact Tribal Cultural Resources, as defined in Public Resources Code (PRC) Section 21074. The purpose of tribal consultation is to determine, as part of the CEQA review process, whether or not Tribal Cultural Resources are present within the project area, and if so, whether or not those resources will be significantly impacted by the project. If Tribal Cultural Resources may be significantly impacted, then consultation will also help to determine the most appropriate way to avoid or mitigate those impacts or to consider possible project alternatives.

In accordance PRC Section 21080.3.1 you have 30 days from receipt of this letter to either request or decline consultation for this project. This response must be received in
