Ms. Vivanco:

In compliance with the Plan Processing Requirements listed in your Conditions of Approval letter dated 12 February 1991; you will find enclosed herein two (2) copies of the detailed Landscape and Irrigation drawings for your review.

We are subsequently submitting to the Engineering Department for site grading and drainage, also as specified in your letter referenced above. In addition, we have submitted the Building Drawings to the Office of Statewide Health Planning and Development for their review since the building falls under State, rather than local jurisdiction.

If you have any question or concerns, please feel free to contact me at your convenience by telephone at 739-2061.
