## Driveway Regulations

The driveway begins at the top of the roll down from full height curb, where it transitions to the lowermost throat of the driveway, and back out the other side to full height curb.

CVC Section 22500. (e) prevents vehicles from parking in front of a "public or private driveway." The determination of this infraction is made by the Police Dept.

Your Neighborhood Group encourages you to respect your neighbors and not block their driveways. Should this problem persist, the Escondido Police Department will be contacted. This will possibly result in a fine and citation or even having your vehicle towed.
