

ORDINANCE NO. 2023-15

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ESCONDIDO, CALIFORNIA, APPROVING THE 2023 OMNIBUS THAT AMENDS VARIOUS ARTICLES OF THE ESCONDIDO ZONING CODE AND ONE AMENDMENT TO THE ESCONDIDO SUBDIVISION ORDINANCE

CASE NO.: PL23-0329

The City Council of the City of Escondido, California DOES HEREBY ORDAIN as follows:

SECTION 1. The City Council makes the following findings:

a) The City of Escondido Planning Division conducts an annual review of the Escondido Zoning Code to determine if any revisions are necessary to reflect State mandated changes, to correct errors or inconsistencies, and to address land use considerations that have previously been overlooked.

b) Planning Division staff identified the need to amend Articles 1 (General Provisions and Definitions), 6 (Residential Zones), 36 (Cargo Container Restrictions), 39 (Off-Street Parking), 55 (Grading and Erosion Control), 61 (Administration and Enforcement), 63 (Transient Lodging Facilities), 70 (Accessory Dwelling Units and Junior Accessory Dwelling Units), and 79 (East Valley Parkway Overlay Zone) of the Escondido Zoning Code, and Article 2 (Tentative Maps) of the Escondido Subdivision Ordinance.

c) The Planning Commission of the City of Escondido, on September 26, 2023, held a duly noticed public hearing to consider the 2023 Omnibus amendments and recommended approval of the items as provided in Exhibit "B."

SECTION 2. The City Council of the City of Escondido did hold a duly noticed public hearing on October 11, 2023, as prescribed by law. At said hearing, this City Council received and considered the reports and recommendations of the Planning Commission and City staff, and gave all persons full

opportunity to be heard and to present evidence and testimony respecting said matter. Evidence was submitted to and considered by the City Council, including, without limitation:

- a. Written information including plans, studies, written and graphical information, and other material, submitted as part of the request;
- b. Oral testimony from City staff, interested parties, and the public;
- c. The City Council staff report, dated October 11, 2023, with its attachments as well as City staff's recommendation on the request, which is incorporated herein as though fully set forth herein;
- d. The Planning Commission's recommendation on the request; and
- e. Additional information submitted during the public hearing.

SECTION 3. Upon consideration of the Findings of Fact/Factors to be considered, the City Council makes the substantive Findings of Fact and determinations attached hereto as Exhibit "A" and incorporated herein by reference as though fully set forth herein. Furthermore, the City Council desires at this time and deems it to be in the best public interest to, and does hereby approve said amendments, attached as Exhibit "B" hereto and incorporated herein by this reference as though fully set forth herein.

SECTION 4. ENVIRONMENTAL REVIEW. The proposed Zoning Code Amendments and one Subdivision Ordinance amendment are statutorily or categorically exempt from further review pursuant to the California Environmental Quality Act ("CEQA") and the State CEQA Guidelines, or are not considered a Project under CEQA, as follows. The City Council, therefore, directs that a Notice of Exemption be filed with the County Clerk of the County of San Diego in accordance with CEQA Guidelines.

- a. A number of the amendments are not considered to be a Project under CEQA, as defined in section 15378(b)(5), specifically amendments that relate to error correction, formatting

changes, and general reference cleans up, and for those amendments no further environmental review is required; and

- b. The amendments that relate to accessory dwelling units (Article 70) are statutorily exempt from CEQA pursuant to Public Resources Code section 21080.17 and CEQA Guidelines section 15282(h). Under Public Resources Code section 21080.17, CEQA does not apply to the adoption of an ordinance by a city or county to implement the provisions of Sections 65852.1 or 65852.2 of the Government Code (Accessory Dwelling Unit law). CEQA Guidelines section 15282(h) statutorily exempts the adoption of an ordinance regarding second units in a single-family or multifamily residential zone by a city or county to implement the provisions of sections 65852.1 and 65852.2 of the Government Code as set forth in section 21080.17 of the Public Resources Code; and
- c. The amendment that relates to a zone's permitted use table in Article 6 (Residential Zones) is categorically exempt pursuant to CEQA Guidelines section section 15304(e) (Minor Alterations to Land) as community gardens on City-owned properties would entail a minor temporary use of land having negligible or no permanent effects on the environment. Use of City-owned properties by non-City entities are subject to licensing agreements through the City's Real Property Division under the Economic Development Department and in accordance with the requirements of the Surplus Land Act ("SLA"); therefore, use of such lands for the purposes of community gardens would be temporary in nature. Further, none of the City-owned properties which would fall under the subject use are located in or near a sensitive environment. The City-owned properties impacted by the project include already developed sites, as well as vacant infill sites surrounded by development that have been previously disturbed; and

- d. The amendment that relates to Assembly Bill (“AB”) 1397 in Article 61 (Administration and Enforcement) is exempt pursuant to CEQA Guidelines section 15061(b)(3) as the incorporation by reference of AB 1397 (and associated Government Code section 65583.2) does not have the potential to cause a significant effect on the environment. The identified sites within the adopted sixth cycle housing element’s suitable sites inventory subject to the provisions of Gov. Code section 65583.2 are located within the Downtown, South Centre City, and East Valley Specific Plan areas which already permit for multifamily and mixed-use developments by-right, with or without a 20% affordability requirement. Further, the proposed text amendment is necessary to align the Escondido Zoning Code with state law and any conceivable impact of the proposed incorporation of such language would be speculative in the absence of specific development proposals; and
- e. None of the exceptions listed under CEQA Guidelines section 15300.2 apply to the 2023 Omnibus amendments. The project will not result in a cumulative impact from successive projects of the same type in the same place, over time, given the proposed project is consistent with the General Plan policies which were addressed in the General Plan Final EIR. There are no unusual circumstances surrounding the proposed project that result in a reasonable possibility of a significant effect on the environment because the project entails text corrections and consistency clean ups, as well as allowance of a use consistent with General Plan Agricultural Resources Policy 4.6. The project will not damage scenic resources, including trees, historic buildings, rock outcroppings or similar resources in that, sites eligible for the proposed community garden use are located on fewer than 10 lots within the City that are either already developed, or vacant and previously disturbed surrounded by development on all sides.

SECTION 5. SEVERABILITY. If any section, subsection sentence, clause, phrase, or portion of this ordinance is held invalid or unconstitutional for any reason by any court of competent jurisdiction, such portion shall be deemed a separate, distinct, and independent provision and such holding shall not affect the validity of the remaining portions.

SECTION 6. As of the effective date of this ordinance, all ordinances or parts of ordinances in conflict herewith are hereby repealed.

SECTION 7. The City Clerk is hereby directed to certify to the passage of this ordinance and to cause the same or a summary to be published one time within 15 days of its passage in a newspaper of general circulation for the City of Escondido.

SECTION 8. The Ordinance shall become effective 30 days from the date of the passage.

ORDINANCE NO. 2023-15

**EXHIBIT "A"****PLANNING CASE NOS. PL23-0329.****FACTORS TO BE CONSIDERED / FINDINGS OF FACT****Zoning Code Amendment Determinations:**

1. That the public health, safety and welfare will not be adversely affected by the proposed change in that:
  - a. The proposed batch of Zoning Code amendments and Subdivision Code amendment correct internal inconsistencies, improve readability, update references to other code sections or regulatory documents, codify prior interpretations, and make the Code consistent with changing state or federal regulations. The proposed batch of Zoning Code amendments and Subdivision Code amendment are consistent with the objectives, policies, general land uses, and programs within the General Plan as they further Goal 2, Policy 2.1 of the Land Use and Community Form chapter because, among other things, they address changes in state laws; correct errors; improve existing regulations to eliminate uncertainty for staff, customers, and the public; and are not intended to be a comprehensive update to the local code or change land use densities or intensities; and
  - b. Over the years, staff and members of the public have found certain sections of the Escondido Zoning Code are sometimes vague, unclear, or conflicting, which results in confusion and potential disagreement in Code interpretation. It is important that the City of Escondido review policies and procedures on an on-going basis to ensure our resident-focused government through transparent services and positive organizational culture. These Zoning Code amendments and Subdivision Code amendment are the result of such review.
2. That the property involved is suitable for the uses permitted by the proposed Zoning Code amendments in that:
  - a. City-owned properties affected by the proposed use allowance within multifamily residential zones are limited in number and are sites already developed with improvements or are vacant and previously disturbed. Further, such use allowance would be subject to the real property process through the Economic Development Division which requires licensing agreements prior to any occupancy or improvement on a City-owned

- property. Such licensing requirements ensure applicable parties operate consistent with City requirements such as those related to noise; and
- b. The remaining amendments do not entail a project-specific site for the Project. The proposed Zoning Code amendments and Subdivision Code amendment would go into effect Citywide and would affect all properties subject to the Escondido Municipal Code and their respective land use designation and zoning district, as is appropriate for the Zoning Code amendments; and
3. That the uses permitted by the proposed Zoning Code amendments would not be detrimental to surrounding properties in that the Zoning Code amendment which affects allowable uses, such as those in Article 6 (Residential Zones) have been reviewed and analyzed as part of this Zoning Code amendment and are subject to licensing requirements through the City's Economic Development Department prior to any occupancy or improvement on a City-owned site. Such licensing requirements ensure applicable parties operate consistent with City requirements such as those related to noise.
  4. That the proposed Zoning Code amendments are consistent with the adopted general plan in that:
    - a. The Land Use and Community Form chapter states "Escondido's growth and development patterns are to be managed in a way that does not overwhelm or reduce the quality of community services, safety and protection provided by the city." The proposed Zoning Code amendments are consistent with this statement and will not adversely impact the public health, safety and welfare because those related to Chapter 32, Article 2 (Tentative Maps) and Chapter 33, Article 1 (General Provisions and Definitions), Article 36 (Cargo Container Restrictions), Article 39 (Off-Street Parking), Article 55 (Grading and Erosion Control), Article 61 (Administration and Enforcement), Article 63 (Transient Lodging Facilities), Article 70 (Accessory Dwelling Units and Junior Accessory Dwelling Units), and Article 79 (East Valley Parkway Overlay Zone) are nominal in nature and/or are a requirement of state law;
    - b. The proposed Zoning Code amendments and Subdivision Code amendment correct internal inconsistencies, improve readability, update references to other code sections or regulatory documents, codify prior interpretations, and make the Code consistent with changing state or federal regulations. The proposed Zoning Code amendments are consistent with the objectives, policies, general land uses, and programs within the General Plan as they further Goal 2, Policy 2.1 of the Land Use and Community Form chapter because, among other things, they address changes in state laws; correct errors; improve existing regulations to eliminate uncertainty for staff,

customers, and the public; and are not intended to be a comprehensive update to the local code or change land use densities or intensities; and

- c. The Resource Conservation chapter, Agricultural Resources Policy 4.6 states, “[p]ermit the development of community gardens on vacant properties in commercial and industrial areas and multi-family neighborhoods, provided that they are managed and operated to prevent adverse impacts on adjoining uses.” The proposed use change to Article 6 (Residential Zones) would permit for community gardens on City-owned properties only, subject to the real property process through the Economic Development Department which requires licensing agreements prior to any occupancy or improvement on a City-owned property. Such licensing requirements ensure applicable parties operate consistent with City requirements such as those related to noise.
5. That the relationship of the proposed Zoning Code amendments is applicable to specific plans in that the proposed Project would not conflict with any specific plan as the proposed Zoning Code amendments are consistent with the objectives, policies, general land uses, and programs within the General Plan as they further Goal 2, Policy 2.1 of the Land Use and Community Form chapter because, among other things, they address changes in state laws; correct errors; improve existing regulations to eliminate uncertainty for staff, customers, and the public; and are not intended to be a comprehensive update to the local code or change land use densities or intensities.
