ORDINANCE NO. 2018-15
EXHIBIT “A”

FACTORS TO BE CONSIDERED

Zoning Code Amendment

1. The public health, safety, and welfare would not be adversely affected by the proposed Zoning Code Amendment. Drive-through restaurants are already permitted to have two (2) menu board signs to provide information to their customers and accommodate the placement of orders from a vehicle. Typically, one serves as a preview board and the other as an order board. This Zoning Code Amendment would only expand the number of menu boards in circumstances where an additional stacking lane(s) are provided so that each lane would have a preview board and an order board and function the same (i.e. take full advantage of the various features and benefits of the technology and menu system operation).

2. The proposed Zoning Code Amendment would not be detrimental to surrounding properties because no physical improvements are proposed as part of this Zoning Code Amendment. Future sign construction must comply with any applicable laws and standards. Furthermore, in the review and consideration of future sign permit applications, the City would ensure future signs are compatible with the structure and/or property where they are installed, do not adversely impact the visual character of the surrounding area, and do not provide additional signage beyond that necessary to serve the purpose identified above.

3. The proposed Zoning Code Amendment would be consistent with the goals and policies of the General Plan because the amended Sign Ordinance would not, in and of itself, result in development or any other material change to the environment. The proposed amendment provides for new sign standards that facilitate economic development and economic development activity, which is generally consistent with the General Plan. The proposed Zoning Code Amendment would not diminish the Quality of Life Standards of the General Plan, nor adversely impact the community health or natural resources.

4. The proposed zoning code amendment does not conflict with any specific plan.
