Request for Proposals

For Housing Element Update

March 5, 2020

The City of Escondido (“City”) is requesting proposals to support the development of an updated Housing Element. The City must update its Housing Element as mandated by State law for the 2021-2029 planning cycle, with completed certification by the California Department of Housing and Community Development (“HCD”). See Request for Proposals (“RFP”) for more details. The RFP documents may be obtained at the following link:

Proposals shall be submitted either in a sealed envelope (with the proposal on a CD, solid-state data storage device, or thumb/flash drive) or submitted by email (provide a file transfer if the attachments are greater than 9.5 MBs) plainly identifying the RFP and consultant’s name and address. Proposals shall be delivered to the attention of Mike Strong, Assistant Planning Director, with the City of Escondido, Planning Division, 201 North Broadway, Escondido, CA 92025; or emailed to mstrong@escondido.org. Proposals must be received by 5:00 pm PST on March 27, 2020, in order to be considered timely for the purpose of selecting a consultant to provide the requested services.

Responders to this solicitation should be concise – and keep it simple. The contents of the proposal and/or other material submitted should reflect the “shortness” of the overall procurement schedule.

Successful proposers will be asked to sign a Personal Services Contract (“Consulting Agreement”) with the City prior to being given notice to proceed. A sample Consulting Agreement is attached as part of the RFP documents. Proposers must evaluate this Consulting Agreement and agree with the terms and conditions contained therein unless written objections are included with their proposal. The City will review the objections and content of any such objection in the proposal evaluation process.

For additional information regarding this RFP, please contact Mike Strong, at (760) 839-4556 or by email at mstrong@escondido.org.
SECTION I – SUMMARY

This Request for Proposals (“RFP”) solicits proposals from qualified consultants, firms, and/or a team comprised of different companies (“Consultant”) to provide professional services to update the City’s Housing Element to include the policies, strategies, and actions the City will undertake to facilitate the construction of new housing and preservation of existing housing to meet the needs of the population during the planning period (2021-2029) in all economic segments of the community. The implementation of SB 375 (2007) requires that the next Housing Element be certified by the State in April 2021.

The Housing Element update project shall be guided by the following objectives:

- Comply with all City and state legal and regulatory requirements.
- Produce a comprehensive document that addresses current and projected housing conditions and needs in the City.
- Ensure residents and stakeholders are engaged and participate in the update process to facilitate community buy-in.
- Achieve milestones with sufficient time for City and state oversight and review.
- Effectively coordinate with other consultants and City staff.

To respond to this RFP, an interested party should submit one (1) electronic copy (in Adobe Acrobat PDF file format) of its proposal to:

Mike Strong, Assistant Planning Director
City of Escondido
201 North Broadway
mstrong@escondido.org

Proposals shall be submitted either in a sealed envelope (with the proposal on a CD, solid-state data storage device, or thumb/flash drive) or submitted by email (provide a file transfer if the attachments are greater than 9.5 MBs) plainly identifying the RFP and consultant’s name and address. **Proposals must be received by 5:00 pm PST on Friday, March 27, 2020. Late proposals will not be considered.** Proposals must address all information requested in this RFP. A proposal may add information not requested in this RFP, but the information should be in addition to, not instead of, the requested information and format.

SECTION II – BACKGROUND

The City of Escondido invites proposals from qualified consulting firms that are able to engage our community leaders, residents, businesses, and other community members in developing the 2021-2019 Cycle 6 Housing Element. The Housing Element will be updated to include the policies, strategies, and actions the City will undertake to facilitate the construction of new housing
and preservation of existing housing to meet the needs of the population during the planning period. In accordance with State law, the Housing Element must include:

- a complete analysis of the specific housing needs and an inventory of the resources and constraints relevant to addressing the housing needs.
- an inventory of land suitable for residential development to meet the City’s housing needs.
- identification and analysis of potential and actual governmental constraints.
- identification of specific programs to implement the policies and goals.
- other analysis, policies, and goals required to comply with applicable State law.

The previous 2013-2021 Cycle 5 Housing Element was adopted by the City Council in May 2012 and was certified by the California Department of Housing and Community Development (HCD). The existing Housing Element remains a relevant planning policy document. Therefore, much of the effort associated with the professional services contract will be to update the existing housing needs and inventory and update the existing document to be compliant with recent State housing legislation packages. On July 5, 2018, HCD determined the San Diego region would need to plan for 171,685 housing units (Regional Housing Needs Assessment [“RHNA”] Determination) during the 6th Housing Element Cycle (2021-2029). As the council of governments for the San Diego region, the San Diego Association of Governments (“SANDAG”) is responsible for developing a methodology for allocating the regional housing need among the region’s 19 jurisdictions. The Board of Directors for SANDAG adopted the RHNA Plan on November 22, 2019. The State requires that Cycle 6 Housing Elements be certified 18 months after that date. The RHNA allocation for Escondido is significant. Escondido faces a number of challenges in meeting RHNA targets. The City is virtually built out with limited vacant land to provide additional housing.

The Final 6th Cycle Regional Housing Needs Assessment Methodology can be found at https://www.sandag.org/uploads/projectid/projectid_189_26874.pdf and may be used to understand the allocation assignments and their methodology. The City of Escondido 2012 Housing Element document can be found on the City’s website (https://www.escondido.org/general-plan.aspx), and may be used as a foundation for understanding the City’s unique vision and needs, which will serve as a basis for the Housing Element update.

SECTION III – SCOPE OF WORK

At a minimum, the consultant is expected to complete the following tasks:

1. Update housing, population, employment, and existing conditions.
2. Assess housing conditions and immediate needs, including special housing needs.
3. Incorporate the RHNA figures as provided by the adopted RHNA Plan.

Request for Proposals
HEU 2021-2019
4. Investigate, analyze, and address all new State housing laws and make recommendations to the City on their implementation and incorporation into applicable City codes and regulations.

5. Assess all existing Housing Element programs and other relevant City housing programs and determine their effectiveness and to make future recommendations as needed.

6. Document the issues and opportunities of inclusionary housing and help the City evaluate a potential inclusionary housing program. It is important to note that a separate work program is being performed to provide the City with a Sector Feasibility Study (“nexus study”). The consultant retained through these services need not prepare a nexus study.

7. Conduct public outreach and facilitate meaningful public input. Ideally, several platforms to engage different populations should be utilized to formulate realistic and community-supported solutions to address housing challenges in the community. The consultant should assume, at a minimum, to provide services related to supplemental material and graphics, and technical and in-person assistance, with implementation at public workshop and public hearings.

8. Prepare a draft 2021-2029 Housing Element and submit to HCD for review. Coordinate document review, and address recommended modifications and comments by HCD, until such time that the document is deemed substantially in compliance with state law.

9. Identify sections of the City’s General Plan Land Use Element and Public Safety Element, if any, that may need to be amended to be in compliance with State law, including all tables, maps, etc. consistent with the draft 2021-2029 Housing Element.

10. Attend Planning Commission and City Council public hearings.

11. Submit a City Council approved 2021-2029 Housing Element to HCD.

To satisfy the scope of work, the consultant should be familiar with State requirements and HCD guidance regarding Housing Element law and recent changes regarding site inventory and fair housing. The consultant should be able to demonstrate an ability to keep projects on time and within the allocated budget. During the course of preparing a draft and final Housing Element, the consultant should be able to effectively utilize technical expertise related to housing and actively engage a variety of community stakeholders and communicate ideas effectively in various forms.

SECTION IV – BUDGET

The City anticipates a consultant budget not-to-exceed $135,000 including reimbursables.

Payment for services will be based on an hourly rate (time) and materials, and a not-to-exceed amount. The City will retain ten percent (10%) from the amounts invoiced until satisfactory completion of work and the final invoice has been processed. A partial payment computed by multiplying the base fee by this percentage shall then become due and payable, provided however, that no more than ninety percent (90%) of the total fee will be paid during the
The balance of said fee shall become due and payable upon completion of all duties under the Consultant Agreement.

In connection with the work covered by the Consulting Agreement the City may, at any time during the process of the work, order additional work or materials incidental thereto. For example, if additional meetings or if additional responses to comments are necessary. If any such work and materials are not listed as a pay item with a contract unit price or if compensation is not included under the terms of the Consulting Agreement, such work will be designated as Extra Work, and shall be performed by the consultant as directed. In the event the completion of specific tasks identified in the Scope of Work significantly exceeds the hours originally budgeted for under the Scope of Work, the consultant, subject to prior written approval by the City, may bill for such additional time at the rate corresponding to the task(s) in question under a proposed rate schedule.

Please note that the consultant will not be allowed to perform work in excess of the described services in the Consulting Agreement without the prior, written approval of the City. Before any Extra Work is initiated, the consultant shall identify the kind, cost, and estimated quantities of the Extra Work to be done. Any increase or reallocation in compensation must be authorized and funded in advance. No compensation for Extra Work or any other change in the contract will be allowed unless the Extra Work or change has been authorized in writing by the City, any necessary contract amendment is approved, and the compensation or method of determining such compensation is stated in such written authority. All requests for Extra Work shall be in a written Change Order submitted to and approved by the City prior to the commencement of such work.

SECTION V – INSTRUCTIONS TO BIDDERS

A. General

1. All proposals must be made in accordance with the conditions of this RFP. Failure to address any of the requirements may be grounds for rejection of this proposal.

2. All information should be complete, specific, and as concise as possible. Respondents are liable for all errors or omissions contained in their submittals.

3. Proposals should include any additional information that the respondent deems pertinent to the understanding and evaluation of the bid.

4. The City may modify the RFP or issue supplementary information or guidelines during the proposal preparation period prior to the due date.
5. Proposals shall constitute firm offers. Proposals may not be modified after the due date. All proposals shall constitute firm offers valid for ninety (90) days from the due date. All proposals should be signed by an authorized representative of the bidder. Once submitted, proposals may be withdrawn, modified and resubmitted up until the due date. Any correction or re-submission of proposals will not extend the submittal due date.

6. All responses to this RFP become property of the City and will be kept confidential until a recommendation for award of a contract has been announced. Thereafter, submittals are subject to public inspection and disclosure under the California Public Records Act. If a respondent believes that any portion of its submittal is exempt from public disclosure, it may mark that portion “confidential.” The City will use reasonable means to ensure that such confidential information is safeguarded, but will not be held liable for inadvertent disclosure of the information. Proposals marked confidential in their entirety will not be honored, and the City will not deny public disclosure of any portion of submittals so marked. By submitting a proposal with portions marked “confidential” a respondent represents it has a good faith belief that such portions are exempt from disclosure under the California Public Records Act and agrees to reimburse the City for, and to indemnify, defend, and hold harmless the City, its officers, employees, and agents, from and against any and all claims, damages, losses, liabilities, suits, judgments, fines, penalties, costs, and expenses, including without limitation, attorneys’ fees, expenses, and court costs of any nature whatsoever, arising from or relating to the City’s non-disclosure of any such designated portions of a proposal.

7. The City, at its option, may interview bidders. The interviews will be for the purpose of clarifying the proposals. Submittal of new proposal material at an interview will not be permitted. Interviews may involve a presentation and/or a question-and-answer session.

8. The City’s expectation of any consultant with which the City contracts holds values that align with the City’s values of highly ethical conduct, fiscal responsibility, respect for the City and others, and excellent customer service delivery.

9. The City reserves the right to reject any and all proposals or to negotiate individually with one or more consultants, and to select one or more consultants if determined to be in the best interest of the City. A proposal may be immediately rejected at any time if it arrives after the deadline, or is not in the prescribed format, or is not signed by an individual authorized to represent the firm. No responsibility is assumed for delays caused by delivery service. Postmarking by the due date will not substitute for actual receipt.

10. The City also reserves the right to not enter into any agreement, cancel or amend the process at any time.
11. Proposals shall include a cost proposal that must list the fully-burdened hourly rates for each level of professional and administrative staff to be used to perform the tasks required by this RFP, and the length of time that the rates will be valid as well as anticipated percent increase to rates over the four-year contract period. The City reserves the right to negotiate all terms and conditions of any agreements entered into.

12. The cost for developing the proposal is the responsibility of the bidder, and shall not be chargeable to the City.
