CITY OF ESCONDIDO
MINUTES OF THE REGULAR MEETING OF THE
PUBLIC ART COMMISSION

October 15, 2018

The regular meeting of the Public Art Commission was called to order at 3:00 p.m. by Chairman Tiedeman in the Mitchell Room, 201 North Broadway, Escondido, California.

Commissioners present: Vice-Chair Oswold, Chairman Tiedeman, and Commissioner Cowell.

Commissioners absent: Commissioner Velasco and Commissioner Spann.

Staff present: Karen Youel, Housing and Neighborhood Services Manager; and Kristina Owens, Associate Planner.

ORAL COMMUNICATIONS - None.

MINUTES: Moved by Commissioner Cowell, seconded by Vice-Chair Oswold, to approve the minutes of the July 9, 2018, meeting. Motion carried unanimously.

OLD BUSINESS:

1. Lighted Artwork at CCAE Tower – Discussion/Action

Rachel Kestner from the California Center for the Arts (CCAE), stated that Beth Marino, the new Museum Manager, will be the main contact for the project and that they are undergoing a staffing transition at the museum. She indicated that they are not yet ready to present a proposal for lighted art on the tower to the Commission, but they have been meeting with a potential artist and others and hope to have a presentation ready for the Commission to review soon.

2. Status of Queen Califia Schedule - Discussion

Karen Youel gave a brief overview of the recent vandalism at Queen Califia and discussed plans for repairs. Commissioners discussed potential funding mechanisms, including a possible fundraiser, which may be easier due to the recent publicity.

Kristina Owens summarized the docent schedule for the remainder of the year. Queen Califia will be closed on Thanksgiving Day, Christmas Day and New Year’s Day. The Commissioners discussed other potential closure dates during the holidays. They agreed that Queen Califia should be closed on the 4th Saturday of November, the 24th, due to its proximity to the Thanksgiving holiday. In order to
provide more times for visitors to come out to the exhibit, the Commission agreed to open Queen Califia on December 22 (the 4th Saturday of December) and on the other regularly open days during December.

3. Mural Program - Discussion

Kristina Owens indicated that staff had begun work on a draft for the mural program, including guidelines and an application, although a draft was not ready for review by the Commission. Chair Tiedeman wanted to continue working on the mural program and did not want the program tabled. The Commissioners discussed potential guidelines for the program and agreed that the program would be a great benefit for the City in attracting businesses and residents to the area. The Commissioners agreed that the program should be flexible and contain a cost-sharing element.

NEW BUSINESS: None

DIRECTOR'S REPORT: Karen Youel updated the Commission on the status of recent SANDAG grant applications with a potential public art component.

Karen Youel also updated the Commission on progress of restoration of public art pieces as part of the Housing Related Parks (HRP) grant project. Mural Program

Purpose, Terms

The Mural Program is a City program administered by the "Department," as part of the Public Art Program. The Mural Program has been established as an incentive for business owners and/or property owners of retail, commercial, industrial, office and residential properties located within the Escondido City limits. The grant is not for new "ground up construction" but for improvement of existing buildings. Projects must be complete and collateral information must be provided to the Program Administrator before a grant will be processed for funding; no advances will be made of grant funds. Applicants will be eligible for a specified maximum matching grant based on the size of the mural proposed and the artist's estimated cost. The grant will match dollar for dollar of the applicant's contribution up to a maximum of $5,000.

The main purpose of the Program is to enrich the life of the community through art in public places. The program would also induce private investment that results in quality improvements and enhancements to properties in Escondido, acting as a catalyst for improving the exterior appearance of a property/neighborhood. The improvements must substantially enhance the aesthetic environment of the area in which the property is located and must be vetted through both the Public Art Commission and the Appearance Committee.

Mural definition:
For the purposes of this program, a mural is defined as a large scale artwork, painting or mosaic, applied to or mounted directly to an exterior surface of a building or other structure and that is visible from the public right-of-way. Its primary intent is to be artistic in nature rather than purely information, creative signage or commercial signage.

Projects must be easily visible from public view. Grants will be given only for quality improvements done in a professional manner. A final inspection will be conducted to confirm the work has been completed and conforms to the approved plans, colors and/or materials.
The "Department" will administer the grant program. The Planning and Building Divisions will handle project approval, processing and permitting. No commitment of funds will be made until the "Department" has evaluated the project for code compliance, receives a complete project application and advises the Program Administrator that it is appropriate to proceed.

- Materials associated with creating and installing the mural

**Ineligible Costs**

MONUMENTS TO TIME IN THE CORRIDOR OF LIFE, ART AND CULTURE

Refurbishment of the four musical pieces located at the rear of City Hall began in November 2018, with the assistance of the Housing-Related Parks Program grant. The pieces are being repaired and re-painted by Sign Post in Escondido. There were some small delays due to the rainy weather and the amount of repairs needed, but it is anticipated that all four pieces will be completed by the middle of April. After refurbishment, the pieces will be returned to their location at the rear of City Hall, adjacent to the Mitchell Room. We are looking into what is needed to repair the musical components and we hope to have that started shortly after the pieces are in place.

BLUE GRANITE SHIFT

City staff approached Mathieu Gregoire, the artist of Blue Granite Shift, late last year about making some changes to the pieces located at the California Center for the Arts, due to ongoing maintenance issues. A few of the pieces are located on the Great Lawn and have a low profile, making them a trip hazard and an obstacle to maintenance personnel mowing the lawn. After discussions with the artist, the City Manager’s Office and Public Works staff, it was determined that modifications would include moving the higher profile pieces to the decomposed granite area surrounding the citrus trees and raising the grade around two of the low-profile pieces. This will prevent damage to the art pieces, as well as to the maintenance equipment. We will also remove the plumbing from one of the water features where the pump is consistently broken, and fill it with decomposed granite (DG). A contract was executed with Mr. Gregoire to draw plans showing the desired location for the two pieces that will be moved. All work should begin as soon as plans are received from the artist.
